Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

**applying the arrangements for products originating in certain states which are part of the African, Caribbean and Pacific (ACP) Group of States provided for in agreements establishing, or leading to the establishment of, Economic Partnership Agreements
(recast)**

EXPLANATORY MEMORANDUM

1. In the context of a people's Europe, the Commission attaches great importance to simplifying and clarifying the law of the Union so as to make it clearer and more accessible to citizens, thus giving them new opportunities and the chance to make use of the specific rights it gives them.

This aim cannot be achieved so long as numerous provisions that have been amended several times, often quite substantially, remain scattered, so that they must be sought partly in the original instrument and partly in later amending ones. Considerable research work, comparing many different instruments, is thus needed to identify the current rules.

For this reason a codification of rules that have frequently been amended is also essential if the law is to be clear and transparent.

2. On 1 April 1987 the Commission decided¹ to instruct its staff that all acts should be codified after no more than ten amendments, stressing that this is a minimum requirement and that departments should endeavour to codify at even shorter intervals the texts for which they are responsible, to ensure that their provisions are clear and readily understandable.

3. The Conclusions of the Presidency of the Edinburgh European Council (December 1992) confirmed this², stressing the importance of codification as it offers certainty as to the law applicable to a given matter at a given time.

Codification must be undertaken in full compliance with the normal procedure for the adoption of acts of the Union.

4. The purpose of this proposal is to undertake a codification of Council Regulation (EC) No 1528/2007 of 20 December 2007 applying the arrangements for products originating in certain states which are part of the African, Caribbean and Pacific (ACP) Group of States provided for in agreements establishing, or leading to the establishment of, Economic Partnership Agreements³. The new Regulation will supersede the various acts incorporated in it⁴, fully preserving the content of the acts being codified. At the same time, it is also necessary to make certain substantive amendments to Article 3(4) and to Article 22 of that Regulation. Therefore, the proposal is being presented in the form of a recast.

5. The recast proposal was drawn up on the basis of a preliminary consolidation, in 23 official languages, of Regulation (EC) No 1528/2007 and the instruments amending it, carried out by the Publications Office of the European Union, by means of a data-processing system. Where the Articles have been given new numbers, the correlation between the old and the new numbers is shown in a table set out in Annex IV to the recast Regulation.

³ Entered in the legislative programme for 2015.

↓ 1528/2007 recital 3 (adapted)

- (3) Since 2002 the Union has been negotiating Economic Partnership Agreements with the African, Caribbean and Pacific (ACP) Group of States in the form of seven regions comprising the Caribbean, Central Africa, Eastern and Southern Africa, the East African Community, the Pacific Island States, the South African Development Community and West Africa. Such Economic Partnership Agreements have to be consistent with WTO obligations, support regional integration and promote the gradual integration of the ACP economies into the rules-based world trading system, thereby fostering their sustainable development and contributing to the overall effort to eradicate poverty and to enhance living conditions in the ACP countries. In a first stage, negotiations may be concluded on agreements leading to the establishment of Economic Partnership Agreements covering at least WTO compatible goods arrangements consistent with regional economic and political integration processes, to be complemented as soon as possible by complete Economic Partnership Agreements.

↓ 1528/2007 recital 4

- (4) Those agreements establishing, or leading to the establishment of, Economic Partnership Agreements for which negotiations have been concluded provide that the parties may take steps to apply the agreement, before provisional application on a mutual basis, to the extent feasible. It is appropriate to take action to apply the agreements on the basis of these provisions.
-

↓ 1528/2007 recital 5 (adapted)

- (5) The arrangements included in this Regulation are to be amended, as necessary, in accordance with the agreements establishing, or leading to the establishment of, Economic Partnership Agreements, as and when such agreements are signed and concluded pursuant to Article 218 of the Treaty on the Functioning of the European Union (TFEU) and are either provisionally applied or in force. The arrangements are to be terminated in whole or in part if the agreements in question do not enter into force within a reasonable period of time in accordance with the Vienna Convention on the Law of Treaties.
-

↓ 1528/2007 recital 6 (adapted)

- (6) For imports into the Union, the arrangements in the agreements establishing, or leading to the establishment of, Economic Partnership Agreements should provide for duty free access and no tariff rate quotas for all products with the exception of arms. These arrangements are subject to transitional periods and arrangements for certain sensitive products and specific arrangements for the French Overseas Departments. In the light of the specificities of the situation of South Africa, products originating in South Africa should continue to benefit from the relevant provisions of the Agreement on Trade, Development and Cooperation between the European Community and its

Member States, of the one part, and South Africa, of the other part¹⁰ ☒ as amended by the Additional Protocol of 25 June 2005¹¹ ☒ ('TDCA'), until such time as an agreement establishing, or leading to the establishment of, Economic Partnership Agreements enters into force between the ☒ Union ☒ and South Africa.

↓ 1528/2007 recital 8 (adapted)

- (7) The rules of origin applicable to imports made under this Regulation should for a transitional period be those laid down in Annex II to this Regulation. Those rules of origin should be superseded by those annexed to any agreement with the regions or states listed in Annex I ☒ to this Regulation ☒ when that agreement is either provisionally applied, or enters into force, whichever is the earliest.
-

↓ 1528/2007 recital 9 (adapted)

- (8) It is necessary to provide for the possibility of temporarily suspending the arrangements set out in this Regulation in the event of any failure to provide administrative cooperation, irregularities or fraud. Where a Member State supplies information to the Commission concerning possible fraud or failure to provide administrative cooperation, the relevant ☒ Union ☒ legislation should apply, in particular Council Regulation (EC) No 515/97¹².

CHAPTER IV

GENERAL SAFEGUARD PROVISIONS

Article 11

Definitions

For the purposes of this Chapter ☐ the following definitions shall apply ☐.

- (a) ‘☐ Union ☐ industry’ ☐ means ☐ the ☐ Union ☐ producers as a whole of the like or directly competitive products operating within the territory of the ☐ Union ☐, or those ☐ Union ☐ producers whose collective output of the like or directly competitive product constitutes a major proportion of the total ☐ Union ☐ production of those products;
- (b) ‘serious injury’ ☐ means ☐ a significant overall impairment in the position of ☐ Union ☐ producers;
- (c) ‘threat of serious injury’ ☐ means ☐ serious injury that is clearly imminent;
- (d) ‘disturbances’ ☐ means ☐ disorders in a sector or industry;
- (e) ‘threat of disturbances’ ☐ means ☐ disturbances that are clearly imminent.

Article 12

Principles

1. A safeguard measure may be imposed in accordance with the provisions set out in this Chapter where products originating in regions or states listed in Annex I are being imported in the ☐ Union ☐ in such increased quantities and under such conditions as to cause or threaten to cause any of the following:

- (a) serious injury to the ☐ Union ☐ industry;

- (b) disturbances in a sector of the economy, particularly where those disturbances produce major social problems or difficulties which could bring about serious deterioration in the economic situation of the ☐ Union ☐; or
- (c) disturbances in the markets of agricultural products covered by Annex I of the WTO Agreement on Agriculture or mechanisms regulating those markets.

2. In cases where products originating in regions or states listed in Annex I are being imported into the ☐ Union ☐ in such increased quantities and under such conditions as to cause or threaten to cause disturbances in the economic situation of one or several of the ☐ Union's ☐ outermost regions, a safeguard measure may be imposed in accordance with the provisions set out in this Chapter.

Article 13

Determination of the conditions to impose safeguard measures

1. The determination of serious injury or a threat thereof shall cover inter alia the following factors:

- (a) the volume of imports, in particular where there has been a significant increase, either in absolute terms or relative to production or consumption in the ☐ Union ☐;
- (b) the price of imports, in particular where there has been a significant price undercutting as compared with the price of a like product in the ☐ Union ☐;
- (c) the consequent impact on ☐ Union ☐ producers as indicated by trends in certain economic factors such as production, capacity utilisation, stocks, sales, market share, the depression of prices or prevention of price increases which would normally have occurred, profits, return on capital employed, cash flow, and employment;
- (d) factors other than trends in imports which are causing or may have caused injury to the ☐ Union ☐ producers concerned.

2. The determination of disturbances or a threat thereof shall be based on objective factors, including the following elements:

- (a) the increase in the volume of imports in absolute or relative terms to ☐ Union ☐ production and to imports from other sources; and
- (b) the effect of such imports on prices; or
- (c) the effect of such imports on the situation of the ☐ Union ☐ industry or the economic sector concerned, including inter alia on the levels of sales, production, financial situation and employment.

3. In determining whether imports are made under such conditions as to cause or threaten to cause disturbances in the markets of agricultural products or mechanisms regulating those markets, including regulations creating Common Market Organisations, all relevant objective factors must be taken into consideration, including one or more of the following elements:

- (a) the volume of imports as compared to previous calendar or marketing years' levels, as the case may be, internal production and consumption, and future levels planned in accordance with the reform of the Common Market Organisations;
- (b) the level of internal prices compared to the reference or target prices if applicable, and, if not applicable, compared to the average internal market prices during the same period of previous marketing years;
- (c) as of 1 October 2015, in the markets for products of tariff heading 1701, situations where the ☒ Union ☒ average market price of white sugar falls during two consecutive months below 80 % of the average ☒ Union ☒ market price for white sugar prevailing during the previous marketing year.

4. In determining whether the conditions referred to in paragraphs 1, 2 and 3 are met in the case of the ☒ Union's ☒ outermost regions, the analyses shall be restricted to the territory of the outermost region(s) concerned.
