¹ Given the uncertainties on the global financial envelope for the APF under the 11th EDF which had still to be agreed at the time of approval of the initial decision in 2014, only EUR 325 million to mainly or exclusively support peace operations in 2014 were initially committed from the EDF Bridging Facility to the APF (Council Decision 2013/759/EU of 12 December 2013; OJ L335 of 14.12.2013). With amendment No.1 approved by COREPER on 28 January 2015 and adopted by the Commission on 23 February 2015, a further EUR 123 million from the EDF Bridging Facility were allocated to the APF. With this amendment No.2, the remaining amount of EUR 302 million to reach the initially approved total amount of EUR 750 million will be allocated to the APF from the 11th EDF. The ACP Committee of Ambassadors endorsed this additional allocation on 6 May 2015.

4.8. Indicative budget

This sub-point is replaced to read as follows:

The APF's funds will be allocated to the three areas of support identified in section 3.2 above i.e., peace support operations, the African Peace Security Architecture (APSA) operationalisation and quick impact deliverables through the Early Response Mechanism (ERM). The budget allocation reflects the different levels of needs of the three areas and is broadly in line with the budget breakdown of previous action programmes. The bulk of the APF envelope is earmarked for peace support operations due to the direct positive effects, both in Africa and the EU, of successful African peace operations and the significant funding needs in this area. Support to the APSA operationalisation aims at strengthening African capacities to tackle peace and security challenges more and more autonomously. Investments in capacity building and conflict prevention contribute to reducing the suffering from conflicts and the need for costly peace operations.

The total EDF financial contribution for the period 2014-2016 is EUR 750 000 000. An additional amount of DKK 10 000 000 (equivalent to EUR 1 339 064.53) is contributed by the Kingdom of Denmark as a voluntary national contribution through the Transfer Agreement ACP/EDF/2014/037398. EUR 1 239 064.53 will be allocated to the budget line "Peace Support Operations" and EUR 100 000, corresponding to approximately 7.5% of the total contribution, to the new budget line "Commission Support Expenditure". This amount will be utilised to cover the administrative overheads incurred by the Commission in the management of this contribution.

The table below shows the indicative budget breakdown. Given the uncertainties on the global financial envelope for the APF under the 11th EDF, which had still to be agreed at the time of approval of the initial decision in 2014, only EUR 325 000 000 to mainly support peace operations in 2014 were initially committed from the EDF Bridging Facility to the APF.² With amendment No.1 approved by COREPER on 28 January 2015 and adopted by the Commission on 23 February 2015, a further EUR 123 000 000 from the EDF Bridging Facility have been allocated to the APF. With this amendment No.2, the remaining amount of EUR 302 000 000 to reach the initially approved total amount of EUR 750 000 000 will be allocated to the APF from the 11th EDF. The ACP Committee of Ambassadors endorsed this additional allocation on 6 May 2015.

² Council Decision 2013/759/EU of 12 December 2013; OJ L 335 of 14.12.2013.

The European Commission will inform the Member States when the financial weight of a single peace operation threatens the internal balance of the APF. In such a case, and if the EU is committed to continue its funding, the Commission will launch a specific call for voluntary contributions to further support the specific operation.

Furthermore, the APF will continue to be open to additional voluntary contributions from EU Member States and from other donors, managed in line with Council Regulation (EU) 2015/323 of 2 March 2015 on the financial regulation applicable to the 11th European Development Fund, to promote coherence and reduce transaction costs and administrative burden for the African partners.
