DELECT 81

#### COVER NOTE

---

From: Secretary-General of the European Commission,  
signed by Mr Jordi AYET PUIGARNAU, Director

date of receipt: 1 July 2015

To: Mr Jeppe TRANHOLM-MIKKELSEN, Secretary-General of the Council of  
the European Union

---

No. Cion doc.: C(2015) 4380 final ANNEXES 1-2

---

Subject: ANNEXES to the Commission Delegated Decision on the applicable  
systems to assess and verify constancy of performance of geosynthetics  
and related products pursuant to Regulation (EU) No 305/2011 of the  
European Parliament and of the Council

---

Delegations will find attached document C(2015) 4380 final ANNEXES 1-2.

---

Encl.: C(2015) 4380 final ANNEXES 1-2

Brussels, 1.7.2015  
C(2015) 4380 final

ANNEXES 1 to 2

## **ANNEXES**

**to the**

**Commission Delegated Decision**

**on the applicable systems to assess and verify constancy of performance of geosynthetics  
and related products pursuant to Regulation (EU) No 305/2011 of the European  
Parliament and of the Council**

## ANNEX I

### **Products covered**

This Decision applies to:

- 1. Geosynthetics (membranes and textiles) used for separation, protection, drainage, filtration, or soil reinforcement**
- 2. Geocomposites used for separation, protection, drainage, filtration, or soil reinforcement**
- 3. Geogrids used for separation, protection, drainage, filtration, or soil reinforcement**
- 4 Geomembranes used for separation, protection, drainage, filtration, or soil reinforcement**
- 5. Geonets used for separation, protection, drainage, filtration, or soil reinforcement**

## ANNEX II

### **Systems of Assessment and Verification of Constancy of Performance**

For the products covered by this Decision, taking into account their essential characteristics, the systems for Assessment and Verification of Constancy of Performance apply as follows:

Table 1: For all essential characteristics except for reaction to fire

Products	Essential Characteristics	Applicable system for Assessment and Verification of Constancy of Performance as set out in Annex V to Regulation (EU) No 305/2011
Geosynthetics (membranes and textiles), geocomposites, geogrids, geomembranes and geonets used for separation, protection, drainage, filtration, or soil reinforcement	For all essential characteristics except reaction to fire	2+

Table 2: For reaction to fire only

For all products indicated in the first column of Table 1, the systems for Assessment and Verification of Constancy of Performance are determined, depending on their subfamilies, as follows:

Product subfamilies	Applicable systems for Assessment and Verification of Constancy of Performance as set out in Annex V to Regulation (EU) No 305/2011
Products for which a clearly identifiable stage in their production process results in an improvement of their reaction to fire performance (e.g. by adding fire retardants or limiting of organic materials)	<b>1</b>
Products for which an applicable European legal base exists to classify their reaction to fire performance without testing	<b>4</b>
Products not belonging to the subfamilies indicated in rows 1 and 2	<b>3</b>
