#### COVER NOTE

---

From: Secretary-General of the European Commission,  
signed by Mr Jordi AYET PUIGARNAU, Director

date of receipt: 8 July 2015

To: Mr Jeppe TRANHOLM-MIKKELSEN, Secretary-General of the Council of  
the European Union

---

No. Cion doc.: C(2015) 4550 final

---

Subject: ANNEXES to the Commission Delegated Decision of 8.7.2015 on the  
applicable systems to assess and verify constancy of performance of  
ventilation ducts and pipes for air ventilation pursuant to Regulation (EU)  
No 305/2011 of the European Parliament and of the Council

---

Delegations will find attached document C(2015) 4550 final.

---

Brussels, 8.7.2015  
C(2015) 4550 final

ANNEXES 1 to 2

**ANNEXES**

**to the Commission Delegated Decision**

**of 8.7.2015**

**on the applicable systems to assess and verify constancy of performance of ventilation ducts and pipes for air ventilation pursuant to Regulation (EU) No 305/2011 of the European Parliament and of the Council**

## ANNEX I

### **Products covered**

This Decision applies to:

1. Ventilation ducts and pipes intended to be used in construction works for air ventilation.

## ANNEX II

### **Systems of assessment and verification of constancy of performance**

For the products covered by this Decision, taking into account their essential characteristics, the systems for Assessment and Verification of Constancy of Performance apply as follows:

Table 1: For all essential characteristics except for reaction to fire

Products	Essential Characteristics	Applicable system for Assessment and Verification of Constancy of Performance as set out in Annex V to Regulation (EU) No 305/2011
Ventilation ducts and pipes intended to be used in construction works for air ventilation	For all essential characteristics except for reaction to fire	3

Table 2: For reaction to fire only

For all products indicated in the first column of Table 1, the systems for Assessment and Verification of Constancy of Performance are determined, depending on their subfamilies, as follows:

Product subfamilies	Applicable system for Assessment and Verification of Constancy of Performance as set out in Annex V to Regulation (EU) No 305/2011
Products for which a clearly identifiable stage in the production process results in an improvement of their reaction to fire performance (e.g. an addition of fire retardants or a limiting of organic material)	<b>1</b>
Products for which an applicable European legal base exists to classify their reaction of fire performance without testing	<b>4</b>
Products not belonging to the subfamilies indicated in rows 1 and 2	<b>3</b>
