No. Cion prop. : 11180/12 PI 73 RESTREINT UE

Subject : Recommendation for a Council Decision authorising the Commission to negotiate an international agreement within the World Intellectual Property Organization on improved access to books for print impaired persons
- Exchange of views on competence and nature of the envisaged legal instrument

I. INTRODUCTION

1. Discussions within the World Intellectual Property Organization (WIPO) on how to provide better access to information, culture and communication for the visually impaired persons/persons with print disabilities by expanding the number of copyrighted works in accessible formats and improving access to those works have been ongoing since 2009.

2. The European Union has contributed to these discussions by tabling in June 2010 a Draft Joint Recommendation concerning the improved access to works protected by copyright for persons with a print disability.¹ In June 2011, the European Union and its Member States have also participated actively in the drafting of a proposal on an international instrument on limitations and exceptions for persons with print disabilities.² The latest draft of that text³ provides inter alia for a definition of visually impaired persons/persons with print disabilities (beneficiaries) as well as for a mandatory exception or limitation to the rights of reproduction, distribution and the right of making available to the public of works in accessible format copies for the benefit of the beneficiaries.
3. At the latest meeting of the WIPO Standing Committee on Copyright and Related Rights (SCCR), it was agreed that the drafting had reached a mature enough stage for an extraordinary WIPO General Assembly in December 2012 (following two additional SCCR meetings in October and November 2012 respectively) to be called upon to decide whether a diplomatic conference should be convened in 2013 on this subject.
4. In this context, the Commission submitted in June 2012 to the Council the above mentioned recommendation⁴, requesting authorisation to open and conduct negotiations on behalf of the European Union on an international agreement in the context of WIPO.
5. This recommendation was examined at the meeting of the Working Party on Intellectual Property (Copyright) on 13 September 2012. In the light of this views expressed during this examination, the Presidency decided to refer the two questions set out below to the Permanent Representatives Committee for political guidance.

¹ WIPO document SCCR/20/12.

² WIPO document SCCR/22/15 REV 1.

³ The latest draft of such a legal instrument circulated in WIPO is set out in document SCCR/24/9.

⁴ 11180/12 EU RESTRICTED.

II. MAIN OUSTANDING ISSUES

NOT DECLASSIFIED

III. CONCLUSION

11. The Permanent Representatives Committee is invited to discuss the two main outstanding issues set out above with a view to providing political guidance for the finalisation of the Council's position on the Commission's Recommendation under examination.
