Subject: Issuing of visa stickers at the Finnish Embassy in Beijing

The Finnish delegation wishes to inform delegations that 113 visa stickers were issued by mistake with the wrong visa sticker number on the passport by the Finnish Embassy in Beijing between 19 and 31 August 2015.

The other details in the stickers are correct, only the number on each visa sticker is one number lower on the passport than in the system. The following visa sticker numbers are concerned:

- 015623808
- 015623810 to 015623815
- 015623816 to 015623900
- 015624201 to 015624221

The mistake was only discovered after the passports were returned to the applicants. The Embassy did not manage to contact the holders of the passports. There might be a risk that they will be stopped when passing through a border control.
