#### The Council:

- was informed about the most pertinent pending political issues in Trilogues with the EP along the lines of the Issues Paper (doc. 13796/13).
- had a fruitful exchange of views, during which Ministers gave their reactions to the key open issues and possible ways forward.

The Presidency indicated that, while respecting the Council's position in line with relevant European Council conclusions, it will examine possibilities to introduce additional safeguards into the concept of macro-economic conditionality to minimise the unintended consequences in its application. As regards the performance reserve and pre-financing, the Presidency will explore what can be done within the limits of the payment profile for the next MFF. Concerning the co-financing rates, the Presidency noted that any changes to be made in this area should be balanced. Finally, the Presidency took note of reservations expressed by Member States in respect of the ESF related issues.
