PROPOSAL

From: Secretary-General of the European Commission,
signed by Mr Jordi AYET PUIGARNAU, Director

date of receipt: 15 September 2015

To: Mr Jeppe TRANHOLM-MIKKELSEN, Secretary-General of the Council of
the European Union

No. Cion doc.: COM(2015) 448 final - ANNEX 1

Subject: ANNEX to the Proposal for a COUNCIL DECISION on the signature of the
Agreement in the form of an exchange of letters between the European
Union and the Kingdom of Morocco concerning protection of geographical
indications and designations of origin for agricultural products, processed
agricultural products, fish and fishery products and amending the Euro-
Mediterranean Agreement establishing an association between the
European Communities and their Member States, of the one part, and the
Kingdom of Morocco, of the other part

Delegations will find attached document COM(2015) 448 final - ANNEX 1.

Encl.: COM(2015) 448 final - ANNEX 1

ANNEX

to the

Proposal for a

COUNCIL DECISION

on the signature of the Agreement in the form of an exchange of letters between the European Union and the Kingdom of Morocco concerning protection of geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products and amending the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Kingdom of Morocco, of the other part

ANNEX

Agreement in the form of an exchange of letters between the European Union and the Kingdom of Morocco concerning protection of geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products and amending the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Kingdom of Morocco, of the other part

A. Letter from the Union

Dear Sir/Madam,

I have the honour to refer to the negotiations which took place in accordance with the Euro-Mediterranean Roadmap for agriculture ('Rabat Roadmap'), adopted on 28 November 2005 at the Euro-Mediterranean Conference by the Ministers of Foreign Affairs with a view to speeding up the liberalisation of trade in agricultural products, processed agricultural products, fish and fishery products by virtue of Article 9 of protocol 1 to the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Kingdom of Morocco, of the other part (hereinafter referred to as the 'Association Agreement'), and Article 8 of Protocol 2 to that Agreement, as amended by the Agreement in the form of an exchange of letters between the European Union and the Kingdom of Morocco concerning reciprocal liberalisation measures on agricultural products, processed agricultural products, fish and fishery products, the replacement of Protocols 1, 2 and 3 and their Annexes and amendments to the Euro-Mediterranean Agreement establishing an association between the European Community and their Member States, of the one part, and the Kingdom of Morocco, of the other part (hereinafter referred to as the 'Agreement on Agriculture'), in force since 1 October 2012. Those Articles made provision for opening negotiations with a view to concluding an agreement on the protection of geographical indications for agricultural products, processed agricultural products, fish and fishery products, at the latest within three months of the date of entry into force of the said Agreement.

Following those negotiations, the European Union and the Kingdom of Morocco concluded an agreement in the form of an exchange of letters on the protection of geographical indications and designations of origin for such products. That agreement, which is annexed to this exchange of letters, forms an integral part of the Association Agreement, as Protocol 6 thereto.

The European Union and the Kingdom of Morocco have also agreed to amend the Association Agreement as follows:

1) In Article 17, as amended by the Agreement on Agriculture, a new paragraph 3 shall be added as follows:

‘3. Protection by the European Union and Morocco of the geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products made on their respective territory shall be subject to the Agreement set out in Protocol 6, in accordance with Protocols 1 and 2 to the Association Agreement, as amended by the Agreement on Agriculture.’;

2) The first sentence of Article 91 shall be replaced by the following:

‘Protocols 1 to 6 and Annexes 1 to 7 shall form an integral part of this Agreement.’;

3) In the Table of Protocols, the following entry shall be added:

‘Protocol 6 Agreement between the European Union and the Kingdom of Morocco concerning protection of geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products.’;

4) In Article 9 of Protocol 1 and Article 8 of Protocol 2, as amended by the Agreement on Agriculture, the second paragraph shall be replaced by the following:

‘Following those discussions and in view of their shared interest in protecting geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products, the Parties concluded an agreement in the form of an exchange of letters on the protection of geographical indications and designations of origin for such products. That agreement shall form an integral part of the Association Agreement, as Protocol 6 thereto.’

This Agreement in the form of an exchange of letters shall enter into force on the first day of the third month following the date of deposit of the last instrument of approval.

I should be obliged if you would confirm that your Government is in agreement with the above.

Please accept, Sir, Madam, the assurance of my highest consideration.

ANNEX

PROTOCOL 6

**Agreement between the European Union and the Kingdom of Morocco concerning
protection of geographical indications and designations of origin for agricultural
products, processed agricultural products, fish and fishery products**

The European Union, hereinafter referred to as the 'EU', and

The Kingdom of Morocco, hereinafter referred to as 'Morocco',

hereinafter jointly referred to as 'the Parties',

Whereas the Agreement between Morocco and the EU concerning reciprocal liberalisation measures on agricultural products, processed agricultural products, fish and fishery products (hereinafter referred to as the 'Agreement on Agriculture') entered into force on 1 October 2012.

Whereas the Parties are committed to promoting and enhancing quality production, fostering geographical indications and designations of origin (hereinafter referred to as 'GIs') by ensuring their protection, and facilitating bilateral trade under the terms of the Euro-Mediterranean Roadmap for Agriculture (Rabat roadmap) of 2005 and the provisions referred to in Article 9 of Protocol 1 to the Association Agreement and Article 8 of Protocol 2 to that Agreement, as amended by the Agreement on Agriculture.

Whereas they have developed convergent legislation concerning the protection of GIs in their respective territories.

Whereas each Party has conducted an examination and public consultation on the protection of its GIs,

HAVE AGREED ON THE FOLLOWING PROVISIONS:

Article 1

Objective

The Parties agree to promote and enhance quality production, foster GIs by ensuring their protection, and facilitate bilateral trade under the terms of the Rabat Euro-Mediterranean Roadmap for Agriculture of 2005 and the provisions referred to in Article 9 of Protocol 1 to the Association Agreement and Article 8 of Protocol 2 to that Agreement, as amended by the Agreement on Agriculture.

Article 2

Scope

This agreement applies to recognition and protection by the two Contracting Parties of GIs for agricultural products, processed agricultural products, fish and fishery products produced on their territory.

Article 3

Legislative provisions of the Parties

Having examined the legislation of the Kingdom of Morocco and the EU legislation listed in Annex I to this Agreement, the Parties are satisfied that it complies with the following requirements concerning the registration and monitoring of GIs:

1. A register listing the GIs protected in the territory;
2. An administrative process of verification that the GIs denote a product originating in a territory, region or locality of one or more states, where a given quality, reputation or other characteristic of the product is essentially attributable to its geographical origin;
3. The requirement that a registered name must correspond to a specific product or products for which a product specification, or a specific regulation with respect to Moroccan wines and spirits, is laid down, which can only be amended by due administrative process;
4. Provisions providing for production checks;
5. The right for any producer established in the geographical area who submits to the system of checks to use the geographical indication or designation of origin in question provided that the product complies with the product specification, or a specific regulation with respect to Moroccan wines and spirits;
6. A prior objection procedure that allows the legitimate interests of prior users of names, whether or not those names are protected as a form of intellectual property, to be taken into account;
7. A rule that protected GIs may not become generic;
8. Provisions concerning registration, which may include refusal of registration, of terms homonymous or partly homonymous with registered terms, terms customary in common language as the common name for goods, and terms comprising the names of plant varieties and animal breeds. Such provisions shall take into account the legitimate interests of all parties concerned.

Article 4

Procedure prior to protection

1. On completion of an objection procedure carried out according to Moroccan procedures and after having examined the GIs for EU products listed in Annexes II and III and registered by the EU pursuant to the legislation referred to in Annex I to this Agreement, the Kingdom of Morocco shall undertake to protect those GIs under the terms of this Agreement.

2. The GIs for EU products afforded protection in Morocco under this Agreement, listed in Annexes II and III hereto, and any new GIs for EU products, shall be protected under the terms of this Agreement without prejudice to their possible entry in the register of the Kingdom of Morocco's *Office Marocain de Propriété Industrielle et Commerciale* (OMPIC) [Industrial and Commercial Property Office of Morocco].
3. On completion of an objection procedure carried out according to EU procedures and after having examined the GIs for Moroccan products listed in Annexes II and III and registered by Morocco pursuant to the legislation referred to in Annex I to this Agreement, the EU shall undertake to protect those GIs under the terms of this Agreement.
4. The GIs for Moroccan products afforded protection in the EU under this Agreement, listed in Annexes II and III hereto, and any new GIs for Moroccan products, shall be protected under the terms of this Agreement.
5. For Moroccan GI products marketed under a protected geographical indication or protected designation of origin, one of the following indications, as appropriate, may be used on the label: 'Designation of Origin', 'Geographical Indication', 'Protected Designation of Origin', 'Protected Geographical Indication', 'Designation of Origin Protected in the European Union' and 'Geographical Indication Protected in the European Union'.
6. Protection by the EU under this Agreement of Moroccan GIs listed in Annexes II and III hereto, and protection of any new Moroccan GIs under the terms of this Agreement, shall in no way prejudice the processing of individual requests for the entry of Moroccan GIs in the European GI register.

Article 5

Addition of new geographical indications

1. The Contracting Parties shall examine new GIs for products made and registered in each Party in accordance with their legislation, with a view to adding them to Annexes II and III to this Agreement following a decision by the Joint Committee provided for in Article 14. This decision shall be taken once the objection procedure has been completed and the GIs examined as provided for in Article 4, to the satisfaction of both Parties.
2. A Contracting Party shall not be obliged to protect new GIs of the other Contracting Party if they are not covered by the scope of this Agreement.
3. A Contracting Party shall not be obliged to add a new name to Annexes II and III to this Agreement as a geographical indication under this Article if:
 - (a) it conflicts with the name of a plant variety, including a wine grape variety or an animal breed, and as a result would be likely to mislead the consumer as to the true origin of the product;

- (b) in the light of a trademark's reputation and renown and the length of time it has been used, it is liable to mislead the consumer as to the true identity of the product;
- (c) the name in question is generic.

Article 6

Eligibility for protection

In order to be eligible for protection under this Agreement, the Parties' GIs must be previously protected in their respective territories.

Article 7

Protection of geographical indications

1. The GIs listed in Annexes II and III, as well as those added pursuant to Article 5, shall be protected against:
 - (a) any direct or indirect commercial use:
 - (i) for comparable products not compliant with the product specification for the protected geographical indication or designation of origin, or
 - (ii) for non-comparable products in so far as such use exploits the reputation of a geographical indication or designation of origin, including when those products are used as an ingredient;
 - (b) any misuse, imitation or evocation, even if the true origin of the product is indicated or if the protected geographical indication or designation of origin is translated, transcribed or accompanied by an expression such as 'style', 'type', 'method', 'as produced in', 'imitation', 'flavour', 'like' or similar, including when those products are used as an ingredient;
 - (c) any other false or misleading indication as to the provenance, origin, nature or essential qualities of the product on the inner or outer packaging, advertising material or documents relating to the product concerned, and the packing of the product in a container liable to convey a false impression as to its origin;
 - (d) any other practice liable to mislead the consumer as to the true origin of the product.
2. If GIs are wholly or partially homonymous, protection shall be granted to each indication provided that it has been used in good faith and with due regard for local and traditional usage and any risk of confusion. The Contracting Parties shall mutually decide the practical conditions of use under which the homonymous GIs will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled. A homonymous GI which misleads the consumer into believing that products come from another territory shall not be registered even if the name is accurate as far as the actual territory, region or place of origin of the product in question is concerned.

3. Where a Contracting Party, in the context of negotiations with a third country, proposes to protect a geographical indication or designation of origin of that third country, and the geographical indication or designation of origin is homonymous with a geographical indication or designation of origin of the other Contracting Party, the latter shall be informed and be given the opportunity to comment or object before the name is protected.
4. Nothing in this Agreement shall oblige a Contracting Party to protect a geographical indication or designation of origin of the other Contracting Party which is not or ceases to be protected in its country of origin. The Contracting Parties shall notify each other if a geographical indication or designation of origin ceases to be protected in its country of origin.
5. GIs listed in Annexes II and III to this Agreement, as well as GIs added pursuant to Article 5, may not become generic.

Article 8

Protection of transcription of GIs

1. GIs protected under this Agreement written in Arabic characters and in characters of other non-Latin alphabets officially used in the EU Member States shall be protected in the European Union together with their transcription in Latin characters. This transcription may also be used for labelling purposes for the products concerned.
2. Similarly, GIs protected under this Agreement written in Latin characters shall be protected in Morocco together with their transcription in Arab characters and in characters of other non-Latin alphabets officially used in the EU Member States. This transcription may also be used for labelling purposes for the products concerned.

Article 9

Right of use of GIs

GIs protected under this Agreement may be used by any operator marketing agricultural products, processed agricultural products, fish and fishery products which conform to the corresponding product specification, or to a specific regulation with respect to Moroccan wines and spirits.

Article 10

Relationship with trademarks

1. Where a GI is protected under this Agreement, the Contracting Parties shall refuse to register a trademark for comparable products the use of which corresponds to any of the situations referred to in Article 7(1) of this Agreement, provided an application to register the trademark is submitted after the date of application for protection of the GI in the territory concerned.
2. Trademarks registered in breach of the first subparagraph shall be invalidated.
3. For the GIs referred to in Article 3 of this Agreement, the date of application for protection shall be the date of entry into force of the Agreement.
4. For the GIs referred to in Article 5 of this Agreement, the date of application for protection shall be the date of the transmission of a request to the other Contracting Party to protect a GI.
5. Without prejudice to Article 5(3) of this Agreement, the Contracting Parties shall protect GIs also where a prior trademark exists. A prior trademark shall mean a trademark the use of which infringes Article 7(1) of this Agreement, which has been filed, registered or established by use, if that possibility is provided for by the relevant legislation, in good faith in the territory of one of the Contracting Parties

before the date on which the application for protection of the GI is submitted to the other Contracting Party under this Agreement. Such a trade mark may continue to be used and renewed notwithstanding the protection of the GI, provided that no grounds for the trademark's invalidity or revocation exist in the Contracting Parties' legislation on trademarks. In such cases, use of the GI shall be permitted as well as use of the relevant trademark.

Article 11

Enforcement of protection

The Contracting Parties shall enforce the protection provided for in Articles 3 to 10 of this Agreement by all appropriate administrative or legal means available to their public authorities in order to prevent or stop any unlawful use of GIs for products made and protected in their respective territory and listed in Annexes II and III to this Agreement.

Article 12

General rules

1. This Agreement shall apply without prejudice to the Contracting Parties' rights and obligations under the WTO Agreement.
2. The import, export and marketing of any product referred to in Articles 3 and 5 to this Agreement shall be conducted in compliance with the laws and regulations applying in the territory of the importing Contracting Party.
3. Any matter arising from technical specifications for GIs protected under this Agreement shall be dealt with in the Joint Committee established pursuant to Article 14 of this Agreement.
4. GIs protected under this Agreement may only be cancelled by the Contracting Party from where the product originates.
5. A product specification referred to in this Agreement shall be that approved, including any amendments also approved, by the authorities of the Contracting Party from where the product originates.

Article 13

Cooperation and transparency

1. The Parties shall ensure implementation and monitoring of the enforcement of this Agreement within the Joint Committee established in accordance with Article 14 to this Agreement. A Contracting Party may, in the Joint Committee and in matters relating to checks, request from the other Contracting Party information on product specifications, including any amendments, and contact points.

2. Each Contracting Party may make publicly available the product specifications or a summary thereof and the contact points for provisions on checks relating to GIs of the other Contracting Party which are protected under this Agreement.

Article 14

Joint Committee

1. The Contracting Parties shall set up a Joint Committee consisting of representatives of the European Union and the Kingdom of Morocco with a view to ensuring monitoring of the functioning of the Agreement and intensifying their cooperation and dialogue on GIs.
2. The Joint Committee adopts its decisions by consensus. It shall determine its own rules of procedure. It shall meet at the request of either of the Contracting Parties, alternatively in the European Union and in the Kingdom of Morocco, at a time and a place and in a manner (including, where appropriate, by videoconference) agreed jointly by the Contracting Parties, but no later than 90 days after the request.
3. The Joint Committee shall see to the proper functioning of this Agreement and may consider any matter relating to its implementation and enforcement. In particular, it shall be responsible for:
 - (a) amending Annex I to this Agreement, as regards the references to the legislation applicable in the Contracting Parties,
 - (b) amending Annexes II and III to this Agreement as regards GIs;
 - (c) exchanging information on legislative and policy developments concerning GIs and any other matter of mutual interest in this area;
 - (d) exchanging information on GIs for the purpose of considering their protection in accordance with this Agreement.

Article 15

Authentic languages

This Agreement has been drawn up in all the official EU languages and in Arabic, each text being equally authentic. In case of divergence, the French version shall take precedence.

ANNEX I

Legislation of the Parties

1/ Morocco

- Law No 25-06 on distinguishing marks on food, agricultural products and fishery products denoting origin and quality.
- Decree No 2-08-403 of 28 December 2008 on distinguishing marks on food, agricultural products and fishery products denoting origin and quality.
- Decree No 2-08-404 of 28 December 2008 on the composition and modus operandi of the National Commission on distinguishing marks denoting origin and quality.
- Ministry of Agriculture and Marine Fisheries (MAPM) Order No 81-09 of 5 January 2009 on the rules of procedure of the National Commission on distinguishing marks denoting origin and quality.
- MAPM Order No 83-09 of 5 January 2009 on the procedure for recognition of distinguishing marks denoting origin and quality.
- MAPM Order No 82-09 of 5 January 2009 on the procedure for certification of products bearing a distinguishing mark denoting origin and quality.
- Decree No 2.75.321 of 25 Sha'ban 1397 (12 August 1977) laying down rules on wine-making, the storage and marketing of wines and trade in wines.
- Order of the Director-General for Agriculture, Trade and Colonisation of 1 October 1935 on the application of Vizinal Order of 7 August 1934 laying down rules on wine-making, the storage and marketing of wines and trade in wines.
- Order of the Minister for Agriculture and Sea Fishing No 148-08 of 20 Muharram 1429 (29 January 2008) concerning the designation 'Crémant'.
- Order of the Minister for Agriculture and Agrarian Reform No 869-75 of 28 Sha'aban 1397 (15 August 1977) laying down rules on the designation of origin of wines.
- Order of the Minister for Agriculture and Sea Fishing No 352-09 of 16 Safar 1430 (12 February 2009) on the registered designation of origin 'Crémant de l'Atlas'.
- Order of the Minister for Agriculture, Rural Development and Sea Fishing No 1957-98 of 16 Jumada II 1419 (8 October 1998) on the registered designation of origin 'Les coteaux de l'Atlas'.
- Order of the Minister for Agriculture, Rural Development and Sea Fishing No 1955-98 of 16 Jumada II 1419 (8 October 1998) on the general conditions for production of wines under a registered designation of origin.

- Order of the Minister for Agriculture, Rural Development and Sea Fishing No 436-99 of 12 Hijja 1419 (30 March 1999) amending and supplementing the Order of the Minister for Agriculture and Agrarian Reform No 869-75 of 28 Sha'aban 1397 (15 August 1977) laying down rules on the designation of origin of wines.
- Order of the Minister for Agriculture, Rural Development and Sea Fishing No 71-98 of 12 Hijja 1419 (30 March 1999) laying down rules on wine-making, the storage and marketing of wines and trade in wines.
- Order of the Minister for Agriculture, Rural Development and Sea Fishing No 815-04 of 29 Sha'aban 1425 (14 October 2004) on the registered designation of origin 'château'.
- Order of the Director-General for Agriculture, Trade and Colonisation of 1 October 1935 on wine harvest statements.
- Vizinal Order of 23 May 1931 (5 Muharram 1350) laying down rules on the storage by wines-makers of sugars and glucoses.
- Decree No 2-89-308 of 2 Shawwāl 1409 (2 June 1989) on the delegation of powers to the Minister for Agriculture and Agrarian reform.

2/ EU

Regulation (EU) No 1151/2012 of the European Parliament and of the Council of 21 November 2012, including its rules of implementation, on quality schemes for agricultural products and foodstuffs.

Regulation (EU) No 1308/2013 of the European Parliament and of the Council of 17 December 2013 establishing a common organisation of the markets in agricultural products and repealing Council Regulations (EEC) No 922/72, (EEC) No 234/79, (EC) No 1037/2001 and (EC) No 1234/2007.

Regulation (EC) No 110/2008 of the European Parliament and of the Council of 15 January 2008, including its implementing acts.

Regulation (EU) No 251/2014 of the European Parliament and of the Council of 26 February 2014 on the definition, description, presentation, labelling and the protection of geographical indications of aromatised wine products and repealing Council Regulation (EEC) No 1601/91.

ANNEX II

Geographical indications of products as referred to in Article 4(1) and (5)

Morocco-EU Joint Declaration

on the protection and promotion of GIs for agricultural products, processed agricultural products, fish and fishery products

Whereas agriculture is an important chapter in the 2013-17 Advanced Status Action Plan, which sets out the roadmap for our bilateral cooperation in the coming years, and cooperation in the field of geographical indications forms part of our mutual commitments;

Having regard to the Agreement between the Kingdom of Morocco and the European Union concerning protection of geographical indications and designations of origin (GIs) for agricultural products, processed agricultural products, fish and fishery products;

Expressing our shared interest in a smooth implementation of the terms of this Agreement;

Recognising our mutual interest in promoting and developing quality products in the markets of both Parties;

The European Union and the Kingdom of Morocco hereby declare:

1- Morocco will enter GIs for products made in the EU and protected under this Agreement in the OMPIC register, free of any charge for the European party;

2- Moroccan GIs will be granted the same rights and benefits as those accorded to other third parties under international agreements on geographical indications and designations of origin between the EU and the third parties concerned, in particular as regard the right to use EU logos, entry in the EU register, etc.;

3- individual requests for entry in the EU register of GIs protected under this Agreement will be processed without delay and the necessary support provided to Moroccan operators;

4- their commitment to jointly examine the possibility of the EU granting Morocco technical support to promote the development and marketing of quality products bearing GIs under the terms of this Agreement and assistance in the accreditation process for control and certification bodies in terms of meeting the legal requirements;

5- programmes will be implemented to promote GI labels and products by raising consumer awareness of the added value of such products;

6- producers of GI products of both Parties will be encouraged to engage in discussions on improvement of the GI scheme;

7- the Parties will step up their cooperation in international and regional bodies, in particular within the WIPO in view of the revision of the Lisbon Agreement and within the WTO in the context of the Doha round with respect to protection, development and promotion of GIs for products made in the territory of each Party.

This Declaration forms an integral part of the Morocco-EU bilateral agreement on GIs.

Signature:

For the European Union

For the Kingdom of Morocco

B. Letter from the Kingdom of Morocco

Dear Sir/Madam,

I have the honour to acknowledge receipt of your letter of today's date which reads as follows:

'Dear Sir/Madam,

I have the honour to refer to the negotiations which took place in accordance with the Euro-Mediterranean Roadmap for agriculture ('Rabat Roadmap'), adopted on 28 November 2005 at the Euro-Mediterranean Conference by the Ministers of Foreign Affairs with a view to speeding up the liberalisation of trade in agricultural products, processed agricultural products, fish and fishery products by virtue of Article 9 of protocol 1 to the Euro-Mediterranean Agreement establishing an association between the European Communities and their Member States, of the one part, and the Kingdom of Morocco, of the other part (hereinafter referred to as the 'Association Agreement'), and Article 8 of Protocol 2 to that Agreement, as amended by the Agreement in the form of an exchange of letters between the European Union and the Kingdom of Morocco concerning reciprocal liberalisation measures on agricultural products, processed agricultural products, fish and fishery products, the replacement of Protocols 1, 2 and 3 and their Annexes and amendments to the Euro-Mediterranean Agreement establishing an association between the European Community and their Member States, of the one part, and the Kingdom of Morocco, of the other part (hereinafter referred to as the 'Agreement on Agriculture'), in force since 1 October 2012. Those Articles made provision for opening negotiations with a view to concluding an agreement on the protection of geographical indications for agricultural products, processed agricultural products, fish and fishery products, at the latest within three months of the date of entry into force of the said Agreement.

Following those negotiations, the European Union and the Kingdom of Morocco concluded an agreement in the form of an exchange of letters on the protection of geographical indications and designations of origin for such products. That agreement, which is annexed to this exchange of letters, forms an integral part of the Association Agreement, as Protocol 6 thereto.

The European Union and the Kingdom of Morocco have also agreed to amend the Association Agreement as follows:

1) In Article 17, as amended by the Agreement on Agriculture, a new paragraph 3 shall be added as follows:

‘3. Protection by the European Union and Morocco of the geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products made on their respective territory shall be subject to the Agreement set out in Protocol 6, in accordance with Protocols 1 and 2 to the Association Agreement, as amended by the Agreement on Agriculture.’;

2) The first sentence of Article 91 shall be replaced by the following:

‘Protocols 1 to 6 and Annexes 1 to 7 shall form an integral part of this Agreement.’;

3) In the Table of Protocols, the following entry shall be added:

‘Protocol 6 Agreement between the European Union and the Kingdom of Morocco concerning protection of geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products.’;

4) In Article 9 of Protocol 1 and Article 8 of Protocol 2, as amended by the Agreement on Agriculture, the second paragraph shall be replaced by the following:

‘Following those discussions and in view of their shared interest in protecting geographical indications and designations of origin for agricultural products, processed agricultural products, fish and fishery products, the Parties concluded an agreement in the form of an exchange of letters on the protection of geographical indications and designations of origin for such products. That agreement shall form an integral part of the Association Agreement, as Protocol 6 thereto.’

This Agreement in the form of an exchange of letters shall enter into force on the first day of the third month following the date of deposit of the last instrument of approval.’

The Kingdom of Morocco has the honour to confirm its agreement with the contents of this letter.

Please accept, Sir/Madam, the assurance of my highest consideration.
