

**COUNCIL OF
THE EUROPEAN UNION**

Brussels, 14 January 2014

5312/14

POLGEN 7

NOTE

From: General Secretariat of the Council
To: Delegations
No. prev. doc.: 12111/1/13 REV 1
Subject: List of Council preparatory bodies

1. The list of Council preparatory bodies is attached in Annex I ¹.
2. For preparatory bodies marked with a single asterisk, all delegates should have a valid EU personnel security clearance at least to the level SECRET UE/EU SECRET. For preparatory bodies marked with a double asterisk, all delegates should have a valid EU Personnel Security Clearance at least to the level CONFIDENTIEL UE/EU CONFIDENTIAL ².
3. Annex II sets out certain security requirements governing access to meetings, in particular where classified information is discussed.

¹ This list does not include Joint Committees and other bodies with third countries. Nor does it include certain bodies (e.g. the Schengen Joint Supervisory Authority, COST and the Standing Committee on Employment) which, although they meet in the Council building, are not Council preparatory bodies.

² These references in Annex I cancel and replace document 8683/05 + COR 1.

4. Annex III lists all the preparatory bodies with a fixed chair (i.e. committees or working parties with an elected/appointed chair, chaired by a representative of the High Representative or chaired by the General Secretariat of the Council).
 5. Committees or Working Parties may only be set up by, or with the approval of, the Council or COREPER. Only the committees and Working Parties on this list may meet as Council preparatory bodies (Article 19(3) of the Council's Rules of Procedure). *Ad hoc* Working Parties cease to exist once their terms of reference have been fulfilled. Their terms of reference should expressly state this rule or be time-limited.
 6. Substantial and important new technical proposals requiring specific expertise should, as a rule, be included within the remit of the competent existing Working Party. If necessary for practical reasons a specific sub-area may be listed rather than creating a new permanent or *ad hoc* Working Party. The listing of sub-areas does *not* imply that Working Party remits are confined to the sub-areas in question; Working Parties cover any other matters falling within their general scope. The decision to list such sub-areas may be made by the Presidency on the basis of practical need.
 7. Meetings should only be convened when a sufficiently substantive agenda exists or objective deadlines require it.
