No. Cion doc.:	5190/14 ATO 3 AGRI 6 COMER 6
Subject:	Proposal for a Council Regulation laying down maximum permitted levels of radioactive contamination of food and feed following a nuclear accident or any other case of radiological emergency - Adoption

---

1. On 10 January 2014, the Commission transmitted to the Council a proposal for a Council Regulation laying down maximum permitted levels of radioactive contamination of food and feed following a nuclear accident or any other case of radiological emergency.
2. The European Parliament delivered its opinion on 9 July 2015.
3. Following several rounds of examination of the proposal, on 27 November 2015 the Working Party on Atomic Questions confirmed its agreement on the text of the Regulation. This text has now been finalised by the lawyer-linguists as set out in doc. 5226/15.
4. Coreper could therefore invite the Council to adopt the text as set out in doc. 5226/15 as an "A" item at one of its forthcoming meetings.
