# Discussion document

- Question 1: do you recognize and agree with the 3 levels of prevention mentioned in the discussion paper?
  - Do you recognize these levels?
  - Are all of these levels present in your country?
  - Which role and responsibility does youth work have on each of these levels?

# Discussion document

- Question 2: what is necessary in order to have an effective, integrated approach at the 3 levels of prevention?
  - What do different stakeholders need to play their role in order to arrive at an integrated approach and who has to take the initiative in this matter?
  - Which partners does youth work have at the different levels of prevention? And what are the challenges here?
  - How can this integrated approach best be brought about? Who could initiate this?
