THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/1012 of the European Parliament and of the Council of 8 June 2016 on zootechnical and genealogical conditions for the breeding, trade in and entry into the Union of purebred breeding animals, hybrid breeding pigs and the germinal products thereof and amending Regulation (EU) No 652/2014, Council Directives 89/608/EEC and 90/425/EEC and repealing certain acts in the area of animal breeding ('Animal Breeding Regulation')¹, and in particular Article 7(5) thereof,

Whereas:

- (1) Article 7(1) of Regulation (EU) 2016/1012 provides that Member States should draw up and keep up to date a list of breed societies and breeding operations that their competent authorities have recognised in accordance with Article 4(3) of that Regulation and which implement at least one breeding programme that has been approved in accordance with Article 8(3) of that Regulation. Moreover, Regulation (EU) 2016/1012 provides that Member States should make that list available to the public.
- (2) In addition, Article 7(3) of Regulation (EU) 2016/1012 provides that Member States should also include in the list of recognised breed societies and breeding operations any competent authority which carries out a breeding programme in accordance with Article 38 of that Regulation.
- (3) Articles 7(2) and 19(5) of and point 2 of Chapter III of Part 1 of Annex II to Regulation (EU) 2016/1012 specify the information to be included in the list of recognised breed societies and breeding operations and empowers the Commission to adopt implementing acts laying down model forms for the presentation of that information.
- (4) Therefore it is necessary to establish model forms to be used by Member States for the listing of breed societies for purebred breeding animals of the bovine, porcine, ovine, caprine and equine species and breeding operations for hybrid breeding pigs recognised by their competent authorities.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Zootechnics,
