- (b) With respect to the tariff rate quotas set out in paragraphs 16 and 17, the review referred to in subparagraph (a) shall also include the allocation method allowing for new entrants.
- (c) With respect to the tariff rate quotas set out in paragraphs 12, 13, and 15, the review referred to in subparagraph (a) shall also include the consequences of any tariff rate quota administration modalities agreed with a third country for the same goods in the framework of other trade negotiations involving the Parties and would include the possibility of providing the option to the exporting Party of transitioning to the approach agreed to in another agreement. The conditions of competition in North America will be a necessary part of the review.
