Notes to Canada's Annex 19-4

1. For the Provinces of Ontario and Québec, this Note applies to the procurement of mass transit vehicles. A mass transit vehicle refers to a street car, bus, trolley bus, subway car, passenger rail car or locomotive for subway or rail system used for public transportation.
 - (a) Procuring entities in the provinces of Ontario and Québec, when purchasing mass transit vehicles, may, in accordance with the terms of this Chapter, require that the successful bidder contracts up to 25 per cent of the contract value in Canada.
 - (b) Any lowering of such percentage of contract value decided by the Government of Canada or the province of Ontario or the province of Québec, as a result of an international agreement or in domestic law, regulation or policy, will replace the abovementioned percentage of 25 per cent on a permanent basis under this Chapter for that province and for the category of mass transit vehicle to which such new percentage applies. When applying this note, the provinces of Ontario and Québec must treat European Union bidders no less favourably than Canadian or other third country bidders.
 - (c) The term "value" refers to the eligible costs in the procurement of mass transit vehicles for components, sub-components and raw materials produced in Canada, including labour or other related services such as after-sale and maintenance services, as determined in the tender. It also includes all costs related to a final assembly of the mass transit vehicle in Canada. It will be for the bidder to determine which part of the contract value will be fulfilled through the use of Canadian acquired value. However, the province of Québec may require that final assembly takes place in Canada.

(d) Final assembly:

(i) Final assembly of a bus includes:

- (A) installation and interconnection of the engine, transmission, axles, including the brake system;
- (B) installation and interconnection of heating and air conditioning systems;
- (C) installation of pneumatic, electrical and door systems;
- (D) installation of passenger seats and handrails;
- (E) installation of the destination sign;
- (F) installation of the wheelchair access ramp; and
- (G) final inspection, road tests and preparation for delivery.

(ii) Final assembly of a train includes:

- (A) installation and connection of the ventilation, heating and air conditioning system;
- (B) installation and connection of bogie frames, suspension, axles and differential;

- (C) installation and connection of propulsion engines, propulsion control and auxiliary power;
 - (D) installation and connection of braking control, braking equipment and air brake compressors;
 - (E) installation and connection of communication system, on-board information and remote monitoring system; and
 - (F) inspection, verification of all installation and interconnection work and fixed-point testing to verify all functions.
- (e) The eligible costs must provide reasonable flexibility for a successful bidder to source the contract value on competitive terms from Canadian suppliers, including price and quality. Contracts may not be split with the purpose of restricting the choice of eligible costs by the bidder.
- (f) The procuring entities must indicate the existence of such conditions clearly and objectively in both tender notices and contract documents.
- (g) The application of this paragraph will be revisited five years after entry into force of this Agreement.
- (h) The application of this paragraph will be revisited with a view to reduce its inconsistency with the provisions of this Chapter in the event that the United States of America permanently lowers its local content restrictions applicable to transit vehicles (rolling stock) below 25 per cent for local and state contracting authorities.

2. This Chapter does not apply to instruments of monetary policy, exchange rates, public debt, reserve management or other policies involving transactions in securities or other financial instruments, in particular transactions by the contracting authorities to raise money or capital. Accordingly, this Chapter does not apply to contracts relating to the issue, purchase, sale or transfer of securities or other financial instruments. Central bank services are also excluded.

3. For procuring entities included in Annex 19-2, the thresholds will be SDR 355,000 when an entity procures consulting services regarding matters of a confidential nature, the disclosure of which could reasonably be expected to compromise government confidences, cause economic disruption or similarly be contrary to public interest.
4. For the Province of Québec, this Annex does not cover procurement from a non-profit organisation with respect to urban planning, as well as resulting plans and specifications preparation and works management, provided that the non-profit organisation respects, for its procurement, the procuring entity's obligations under this Chapter.

1. Unless otherwise specified, this Chapter covers all construction services identified in Division 51 of the CPC.
2. Construction services contracts awarded by entities in Annexes 19-1 and 19-2, and Section A of Annex 19-3, which involve, as complete or partial consideration, any grant to the supplier of the construction service, for a specified period of time, of temporary ownership or a right to control and operate the civil or building work resulting from such contract, and demand payment for the use of such work for the duration of the contract, are subject only to the following provisions: Articles 19.1, 19.2, 19.4, 19.5, 19.6 (except for subparagraphs 3 (e) and (l)), 19.15 (except for paragraphs 3 and 4) and 19.17.

Notes to Canada's Annex 19-6

1. For central government entities in Annex 19-1, this Annex includes dredging services, and dredging services that are incidental to construction services contracts, subject to the following requirements:
 - (a) the vessel or other floating plant equipment used in the supply of the dredging services:
 - (i) is of Canadian or European Union make or manufacture; or
 - (ii) has been predominantly modified in Canada or the European Union and has been owned by a person located in Canada or the European Union for at least a year prior to the submission of the tender by the bidder; and
 - (b) the vessel must be registered in:
 - (i) Canada; or
 - (ii) a Member State of the European Union and have been granted a temporary licence under the *Coasting Trade Act*, S.C. 1992, c. 31. The temporary licence will be granted to the European Union vessel, subject to applicable non-discretionary requirements.²⁰ The requirement that a temporary licence will only be issued if there is no Canadian duty or non-duty paid vessel available will not be applied to the application for that temporary licence.

²⁰ For greater certainty, the *Coasting Trade Act* does not impose nationality requirements on crew members.

2. The Province of Québec reserves the right to adopt or maintain any measure favouring local outsourcing in the case of construction services contracts awarded by Hydro-Québec. For greater certainty, such measure would in no case be a condition for the participation or qualification of suppliers.

3. For the Province of Manitoba, this Annex does not cover procurement of construction services by Manitoba Hydro Electric Board.

ANNEX 19-7

General notes

1. This Chapter does not cover procurement:
 - (a) in respect of shipbuilding and repair, including related architectural and engineering services, for central entities in Annex 19-1 and Section A of Annex 19-3; and for sub-central entities in British Columbia, Manitoba, Newfoundland and Labrador, New Brunswick, Nova Scotia, Prince Edward Island, and Québec covered by Annex 19-2 and Section A of Annex 19-3;

- (i) by Québec entities of works of art from local artists or to procurement by any municipality, academic institution or school board of other provinces and territories with respect to cultural industries. For the purpose of this paragraph, works of art includes specific artistic works to be integrated into a public building or a site;
- (j) by procuring entities included in Annexes 19-1 and 19-2, and Section A of Annex 19-3 in connection with activities in the fields of drinking water, energy, transport and the postal sector, unless such contracts are covered by Section B of Annex 19-3;
- (k) subject to the Northwest Territories Business Incentive Policy; and
- (l) subject to the Nunavummi Nangminiqqtunik Ikajuuti Policy (NNI Policy).

2. This Chapter does not apply to:
 - (a) any measure adopted or maintained with respect to Aboriginal peoples, nor to set asides for aboriginal businesses; existing aboriginal or treaty rights of any of the Aboriginal peoples of Canada protected by section 35 of the *Constitution Act*, 1982 are not affected by this Chapter; and
 - (b) any measure adopted or maintained by Québec with respect to cultural industries.

3. For greater certainty, this Chapter shall be interpreted in accordance with the following:
 - (a) procurement in terms of Canadian coverage is defined as contractual transactions to acquire goods or services for the direct benefit or use of the government. The procurement process is the process that begins after an entity has decided on its requirement and continues through to and including contract award;
 - (b) where a contract to be awarded by an entity is not covered by this Chapter, Canada's Annexes to its Market Access Schedule shall not be construed to cover any good or service component of that contract;
 - (c) any exclusion that is related either specifically or generally to central or sub-central entities or enterprises covered by Annexes 19-1 or 19-2, or Section A of Annex 19-3 will also apply to any successor entity or entities, enterprise or enterprises, in such a manner as to maintain the value of the coverage of Canada's Annexes to its Market Access Schedule for this Chapter;

- (d) services covered by this Chapter are subject to Canada's exclusions from and reservations to Chapters Eight (Investment), Nine (Cross-Border Trade in Services) and Thirteen (Financial Services);
- (e) this Chapter does not cover procurement by a procuring entity on behalf of another entity where the procurement would not be covered by this Chapter if it were conducted by the other entity itself; and
- (f) this Chapter does not cover procurement by a procuring entity from a government entity.

4. Regional Economic Development

- (a) the provinces and territories of Manitoba, Newfoundland and Labrador, New Brunswick, Nova Scotia, Northwest Territories, Nunavut, Prince Edward Island, or Yukon may derogate from this Chapter in order to promote regional economic development, without providing undue support to monopolistic activities.
- (b) any procurement qualifying for a derogation pursuant to this Note shall:
 - (i) be of a total value estimated at CAD\$ one million, or less; and
 - (ii) support small firms or employment opportunities in non-urban areas.

- (c) if the procurement meets the requirement of paragraph (b)(ii) but its total value exceeds CAD\$ one million, the value of the part of the contract that would be affected by the derogation would not exceed CAD\$ one million.
- (d) each province or territory listed under paragraph (a) may not derogate pursuant to this Note more than ten times per year.
- (e) a procurement shall not qualify for a derogation pursuant to this Note if it is funded by the federal government.
- (f) a procurement qualifying for a derogation pursuant to this Note shall be notified at least 30 days prior to the signing of a procurement contract, accompanied by:
 - (i) the details of the circumstances justifying a derogation pursuant to this Note;
 - (ii) the information regarding the area where the procurement is expected to provide regional economic benefits, and, if made available, the name of the supplier; and
 - (iii) an explanation of the conformity of the procurement with the requirements of this Note.

- (a) the provision or operation of fixed networks intended to provide a service to the public in connection with the production, transport or distribution of drinking water or the supply of drinking water to such networks;²⁴
- (b) the provision or operation of fixed networks intended to provide a service to the public in connection with the production, transport or distribution of electricity, gas, and heat, or the supply of electricity, gas and heat to such networks;

²³ According to the European Union utilities directive, a public undertaking is any undertaking over which the contracting authorities may exercise directly or indirectly a dominant influence by virtue of their ownership of it, their financial participation therein, or the rules which govern it.

A dominant influence on the part of the contracting authorities shall be presumed when these authorities, directly or indirectly, in relation to an undertaking:

- (a) hold the majority of the undertaking's subscribed capital;
- (b) control the majority of the votes attaching to shares issued by the undertaking; or
- (c) can appoint more than half of the undertaking's administrative, management or supervisory body.

²⁴ For greater certainty, it is noted that if and where such networks include the disposal and treatment of sewage, that part of the operation shall also be covered.

- (c) the provision or operation of networks²⁵ providing a service to the public in the field of transport by urban railway, automated systems, tramway, trolley bus, bus or cable²⁶;
- (d) the provision or operation of networks providing a service to the public in the field of transport by railways.

Notes to the European Union's Annex 19-3

2. This Chapter shall not apply to contracts awarded by procuring entities covered under this Annex:
 - (a) for the purchase of water and for the supply of energy or of fuels for the production of energy;
 - (b) for purposes other than the pursuit of their activities as listed in this Annex or for the pursuit of such activities in a non-European Economic Area country;

²⁵ As regards transport services, a network shall be considered to exist where the service is provided under operating conditions laid down by a competent authority of an European Union Member State, such as conditions on the routes to be served, the capacity to be made available or the frequency of the service.

²⁶ For the procurement of mass transit vehicles, Canadian bidders must be treated no less favourably than European Union bidders or other third country bidders. A mass transit vehicle refers to a street car, bus, trolley bus, subway car, light rail car or passenger locomotive for subway or light rail used for public transportation.

- (c) for purposes of re-sale or hire to third parties, provided that the procuring entity enjoys no special or exclusive right to sell or hire the subject of such contracts and other entities are free to sell or hire it under the same conditions as the procuring entity.
3. The supply of drinking water or electricity to networks which provide a service to the public by a procuring entity other than a contracting authority shall not be considered as an activity within the meaning of subparagraphs (a) or (b) of this Annex where:
- (a) the production of drinking water or electricity by the entity concerned takes place because its consumption is necessary for carrying out an activity other than that referred to in subparagraphs (a) to (d) of this Annex; and
 - (b) supply to the public network depends only on the entity's own consumption and has not exceeded 30 per cent of the entity's total production of drinking water or energy, having regard to the average for the preceding three years, including the current year.
4. The supply of gas or heat to networks which provide a service to the public by a contracting entity other than a contracting authority shall not be considered a relevant activity within the meaning of subparagraph (b) of this Annex where:
- (a) the production of gas or heat by the entity concerned is the unavoidable consequence of carrying out an activity other than those referred to in subparagraphs (a) to (d) of this Annex; and

- (b) supply to the public network is aimed only at the economic exploitation of such production and amounts to not more than 20 per cent of the entity's turnover having regard to the average for the preceding three years, including the current year.
5. (a) Provided that the conditions in subparagraph (b) are met, this Chapter shall not apply to contracts awarded:
- (i) by a procuring entity to an affiliated undertaking²⁷; or
 - (ii) by a joint venture, formed exclusively by a number of procuring entities for the purpose of carrying out activities within the meaning of subparagraphs (a) to (d) of this Annex, to an undertaking which is affiliated with one of these procuring entities.

²⁷ "**affiliated undertaking**" means any undertaking the annual accounts of which are consolidated with those of the procuring entity in accordance with the requirements of Council Directive 83/349/EEC on consolidated accounts, or in case of entities not subject to that Directive, any undertaking over which the procuring entity may exercise, directly or indirectly, a dominant influence, or which may exercise a dominant influence over the procuring entity, or which, in common with the procuring entity, is subject to the dominant influence of another undertaking by virtue of ownership, financial participation, or the rules which govern it.

(b) Subparagraph (a) shall apply to services or supplies contracts provided that at least 80 per cent of the average turnover of the affiliated undertaking with respect to services or supplies for the preceding three years derives respectively from the provision of such services or supplies to undertakings with which it is affiliated.²⁸

6. This Chapter shall not apply to contracts awarded:

(a) by a joint venture, formed exclusively by a number of procuring entities for the purposes of carrying out activities within the meaning of subparagraphs (a) to (d) of this Annex, to one of these procuring entities; or

(b) by a procuring entity to such a joint venture of which it forms part, provided that the joint venture has been set up to carry out the activity concerned over a period of at least three years and the instrument setting up the joint venture stipulates that the procuring entities, which form it, will be part thereof for at least the same period.

7. This Chapter shall not apply to procurements by procuring entities covered by this Annex for the purpose of activities relating to the exploitation of a geographical area for the purpose of exploring for, or extracting of, oil, gas, coal or other solid fuels.

²⁸ When, because of the date on which an affiliated undertaking was created or commenced activities, the turnover is not available for the preceding three years, it will be sufficient for that undertaking to show that the turnover referred to in this paragraph is credible, in particular by means of business projections.

For procuring entities covered under Annex 19-2, the thresholds will be SDR 355,000 when an entity procures consulting services regarding matters of a confidential nature, the disclosure of which could reasonably be expected to compromise government confidences, cause economic disruption or similarly be contrary to public interest.
2. This Chapter does not apply to services which entities have to procure from another entity pursuant to an exclusive right established by a published law, regulation or administrative provision.
3. The European Union stands ready, should the ongoing revision of European Union legislation on public procurement result in a widening of the scope of services and services concessions covered by that legislation, to take up negotiations with Canada in view of extending the mutual coverage of services and services concessions of this Chapter.
