**providing further macro-financial assistance to Georgia**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 212 (2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with the ordinary legislative procedure<sup>1</sup>,

---

<sup>1</sup> Position of the European Parliament of 14 March 2018 (not yet published in the Official Journal) and Decision of the Council of ....

Whereas:

- (1) Relations between the European Union (the 'Union') and Georgia continue to develop within the framework of the European Neighbourhood Policy (ENP) and the Eastern Partnership. Georgia joined the EU's Eastern Partnership in 2009, which was followed by the negotiation of an EU-Georgia association agreement. That agreement<sup>1</sup> (the 'Association Agreement'), which includes the gradual introduction of a Deep and Comprehensive Free Trade Area (DCFTA), was signed in June 2014 and entered into force on 1 July 2016.
- (2) Georgia continues to face a weak external environment, which, through reduced exports and remittances, has contributed to the relatively subdued GDP growth in 2016. Whilst regional and global growth picked up in 2017, it remains subject to downside risks.
- (3) Georgia's fiscal deficit remains significant, and its public debt-to-GDP ratio is increasing. Georgia's balance of payments position also remains vulnerable due to a very large current account deficit and high external debt. Georgia's foreign exchange reserves have been stable in absolute terms but, in the face of rising reserve needs, they have fallen below the level estimated by the International Monetary Fund (IMF) as adequate. Georgia also continues to adapt to the requirements of the DCFTA with the Union.

---

<sup>1</sup> Association Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and Georgia, of the other part (JO L 261, 30.8.2014, p. 4).

- (4) In this context, the Georgian authorities and the IMF agreed, in April 2017, on a three-year Extended Fund Facility (EFF) arrangement in the amount of USD 285.3 million for the period 2017-2020. The arrangement was approved by the IMF Executive Board on 12 April 2017. The aim of the EFF arrangement is to support an economic reform programme which will help Georgia reduce its economic vulnerabilities, and promote higher and more inclusive economic growth.
- (5) In view of Georgia's residual external financing needs, the Georgian authorities requested complementary macro-financial assistance from the Union in June 2017.
- (6) Since the military conflict with Russia in August 2008, Georgia has benefitted from two macro-financial assistance operations pledged by the Union at the International Donors' Conference in Brussels in October 2008. The first of those operations, which was of an amount of EUR 46 million made entirely in the form of grants, was implemented in 2009-2010. The second, which was again for an amount of EUR 46 million, made half in grants and half in loans, was implemented in 2015-2017. The Union has also made EUR 610-746 million available to Georgia under the European Neighbourhood Instrument for the period 2014-2020, including budgetary support and technical assistance. In addition, Georgia benefits from the Neighbourhood Investment Facility which contributed approximately EUR 86 million to projects in Georgia during the period of 2008-2017.

- (7) Given that Georgia is a country covered by the ENP, it should be considered to be eligible to receive macro-financial assistance from the Union.
- (8) The Union's macro-financial assistance should be an exceptional financial instrument of untied and undesignated balance-of-payments support, which aims at addressing the beneficiary's immediate external financing needs and should underpin the implementation of a policy programme containing strong immediate adjustment and structural reform measures designed to improve the balance-of-payments position in the short term.
- (9) Given that there is still a significant residual external financing gap in Georgia's balance of payments over and above the resources provided by the IMF and other multilateral institutions, the Union's macro-financial assistance to Georgia is, under the current exceptional circumstances, considered to be an appropriate response to Georgia's request to support its economic stabilisation, in conjunction with the IMF programme. The Union's macro-financial assistance would support the economic stabilisation and the structural reform agenda of Georgia, supplementing resources made available under the IMF's financial arrangement.

- (10) The Union's macro-financial assistance should aim to support the restoration of a sustainable external financing situation for Georgia thereby supporting its economic and social development.
- (11) The determination of the amount of the Union's macro-financial assistance is based on a complete quantitative assessment of Georgia's residual external financing needs, and takes into account its capacity to finance itself with its own resources, in particular the international reserves at its disposal. The Union's macro-financial assistance should complement the programmes and resources provided by the IMF and the World Bank. The determination of the amount of the assistance also takes into account expected financial contributions from bilateral and multilateral donors and the need to ensure fair burden sharing between the Union and other donors, as well as the pre-existing deployment of the Union's other external financing instruments in Georgia and the added value of the overall Union involvement.
- (12) Taking into consideration Georgia's residual external financing needs, the level of its economic and social development as measured by per capita income and the incidence of poverty, as well as its level of indebtedness, a part of the assistance should be provided in the form of grants.

- (13) The Commission should ensure that the Union's macro-financial assistance is legally and substantially in line with the key principles for external action enshrined in Article 21 of the Treaty on European Union and the objectives of, and measures taken within, the different areas of external action and other relevant Union policies.
- (14) The Union's macro-financial assistance should support the Union's external policy towards Georgia. Commission services and the European External Action Service should work closely together throughout the macro-financial assistance operation in order to coordinate, and ensure the consistency of, Union external policy.
- (15) The Union's macro-financial assistance should support Georgia's commitment to values shared with the Union, including democracy, the rule of law, good governance, respect for human rights, sustainable development and poverty reduction, as well as its commitment to the principles of open, rule-based and fair trade.

- (16) A pre-condition for granting the Union's macro-financial assistance should be that Georgia respects effective democratic mechanisms – including a multi-party parliamentary system – and the rule of law, and guarantees respect for human rights. In addition, the specific objectives of the Union's macro-financial assistance should strengthen the efficiency, transparency and accountability of the public finance management systems in Georgia, and promote structural reforms aimed at supporting sustainable and inclusive growth, employment creation and fiscal consolidation. The Union's macro-financial assistance to Georgia should also include measures to support the implementation of the Association Agreement, including the DCFTA. To ensure that specific objectives can be properly assessed, they need to be set out in a verifiable and measurable manner. Both the fulfilment of the preconditions and the achievement of those objectives should be regularly monitored by the Commission and the European External Action Service. If the precondition and the objectives are not met or if the aims and principles of the Association Agreement are generally disregarded, the Commission should temporarily suspend or cancel the disbursement of the Union's macro-financial assistance.
- (17) In order to ensure that the Union's financial interests linked to the Union's macro-financial assistance are protected efficiently, Georgia should take appropriate measures relating to the prevention of, and fight against, fraud, corruption and any other irregularities linked to the Union's macro-financial assistance. In addition, provision should be made for the Commission to carry out checks and for the Court of Auditors to carry out audits.

- (18) Release of the Union's macro-financial assistance is without prejudice to the powers of the European Parliament and of the Council, as budgetary authority.
- (19) The amounts of macro-financial assistance provided in the form of grants and the amounts of the provision required for macro-financial assistance in the form of loans should be consistent with the budgetary appropriations provided for in the multiannual financial framework.
- (20) The Union's macro-financial assistance should be managed by the Commission. In order to ensure that the European Parliament and the Council are able to follow the implementation of this Decision, the Commission should regularly inform them of developments relating to the assistance and provide them with the relevant documents.
- (21) In order to ensure uniform conditions for the implementation of this Decision, implementing powers should be conferred on the Commission. Those powers should be exercised in accordance with Regulation (EU) No 182/2011 of the European Parliament and of the Council<sup>1</sup>.

---

<sup>1</sup> Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (22) The Union's macro-financial assistance should be subject to economic policy conditions, to be laid down in a Memorandum of Understanding. In order to ensure uniform conditions of implementation and for reasons of efficiency, the Commission should be empowered to negotiate such conditions with the Georgian authorities under the supervision of the committee of representatives of the Member States in accordance with Regulation (EU) No 182/2011. Under that Regulation, the advisory procedure should, as a general rule, apply in all cases other than as provided for in that Regulation. Considering the potentially important impact of assistance of more than EUR 90 million, it is appropriate that the examination procedure be used for operations above that threshold. Considering the amount of the Union's macro-financial assistance to Georgia, the advisory procedure should apply to the adoption of the Memorandum of Understanding, and to any reduction, suspension or cancellation of the assistance,

HAVE ADOPTED THIS DECISION:

## *Article 1*

1. The Union shall make macro-financial assistance of a maximum amount of EUR 45 million available to Georgia ('the Union's macro-financial assistance'), with a view to supporting Georgia's economic stabilisation and a substantive reform agenda. Of that maximum amount, up to EUR 35 million shall be provided in the form of loans and up to EUR 10 million in the form of grants. The release of the Union's macro-financial assistance is subject to the approval of the Union budget for the relevant year by the European Parliament and the Council. The assistance shall contribute to covering Georgia's balance of payments needs as identified in the IMF programme.
2. In order to finance the loan component of the Union's macro-financial assistance, the Commission shall be empowered on behalf of the Union to borrow the necessary funds on the capital markets or from financial institutions and to on-lend them to Georgia. The loans shall have a maximum average maturity of 15 years.

3. The release of the Union's macro-financial assistance shall be managed by the Commission in a manner consistent with the agreements or understandings reached between the IMF and Georgia, and with the key principles and objectives of economic reforms set out in the Association Agreement, including the DCFTA.

The Commission shall regularly inform the European Parliament and the Council of developments regarding the Union's macro-financial assistance, including disbursements thereof, and shall provide those institutions with the relevant documents in due time.

4. The Union's macro-financial assistance shall be made available for a period of two and a half years, starting from the first day after the entry into force of the Memorandum of Understanding referred to in Article 3(1).
5. If the financing needs of Georgia decrease fundamentally during the period of the disbursement of the Union's macro-financial assistance compared to the initial projections, the Commission, acting in accordance with the advisory procedure referred to in Article 7(2), shall reduce the amount of the assistance or suspend or cancel it.

## *Article 2*

1. A pre-condition for granting the Union's macro-financial assistance shall be that Georgia respects effective democratic mechanisms – including a multi-party parliamentary system – and the rule of law, and guarantees respect for human rights.
2. The Commission and the European External Action Service shall monitor the fulfilment of the pre-condition set out in paragraph 1 throughout the life cycle of the Union's macro-financial assistance.
3. Paragraphs 1 and 2 of this Article shall be applied in accordance with Council Decision 2010/427/EU<sup>1</sup>.

---

<sup>1</sup> Council Decision 2010/427/EU of 26 July 2010 establishing the organisation and functioning of the European External Action Service (OJ L 201, 3.8.2010, p. 30).

### *Article 3*

1. The Commission, in accordance with the advisory procedure referred to in Article 7(2), shall agree with the Georgian authorities on clearly defined economic policy and financial conditions, focusing on structural reforms and sound public finances, to which the Union's macro-financial assistance is to be subject, to be laid down in a memorandum of understanding (the 'Memorandum of Understanding') which shall include a timeframe for the fulfilment of those conditions. The economic policy and financial conditions set out in the Memorandum of Understanding shall be consistent with the agreements or understandings referred to in Article 1(3), including the macroeconomic adjustment and structural reform programmes implemented by Georgia with the support of the IMF.
2. The conditions referred to in paragraph 1 shall aim, in particular, at enhancing the efficiency, transparency and accountability of the public finance management systems in Georgia, including for the use of the Union's macro-financial assistance. Progress in mutual market opening, the development of rules-based and fair trade, and other priorities in the context of the Union's external policy shall also be duly taken into account when designing the policy measures. Progress in attaining those objectives shall be regularly monitored by the Commission.

3. The detailed financial terms of the Union's macro-financial assistance shall be laid down in a loan agreement and a grant agreement to be concluded between the Commission and the Georgian authorities.
4. The Commission shall verify, at regular intervals, that the conditions referred to in Article 4(3) continue to be met, including whether the economic policies of Georgia are in accordance with the objectives of the Union's macro-financial assistance. In so doing, the Commission shall coordinate closely with the IMF and the World Bank, and, where necessary, with the European Parliament and the Council.

#### *Article 4*

1. Subject to the conditions referred to in paragraph 3, the Union's macro-financial assistance shall be made available by the Commission in two instalments, each of which shall consist of a loan and a grant element. The size of each instalment shall be laid down in the Memorandum of Understanding.

2. The amount of the Union's macro-financial assistance provided in the form of loans shall be provisioned, where required, in accordance with Council Regulation (EC, Euratom) No 480/2009<sup>1</sup>.
3. The Commission shall decide on the release of the instalments subject to the fulfilment of all of the following conditions:
  - (a) the pre-condition set out in Article 2(1);
  - (b) a continuous satisfactory track record of implementing a policy programme that contains strong adjustment and structural reform measures supported by a non-precautionary IMF credit arrangement; and
  - (c) the satisfactory implementation of the economic policy and financial conditions agreed in the Memorandum of Understanding.

The release of the second instalment shall not, in principle, take place earlier than three months after the release of the first instalment.

<sup>1</sup> Council Regulation (EC, Euratom) No 480/2009 of 25 May 2009 establishing a Guarantee Fund for external actions (OJ L 145, 10.6.2009, p. 10).

4. Where the conditions referred to in the first subparagraph of paragraph 3 are not met, the Commission shall temporarily suspend or cancel the disbursement of the Union's macro-financial assistance. In such cases, it shall inform the European Parliament and the Council of the reasons for that suspension or cancellation.
5. The Union's macro-financial assistance shall be disbursed to the National Bank of Georgia. Subject to the provisions to be agreed in the Memorandum of Understanding, including a confirmation of residual budgetary financing needs, the Union funds may be transferred to the Georgian Ministry of Finance as the final beneficiary.

#### *Article 5*

1. The borrowing and lending operations related to the loan component of the Union's macro-financial assistance shall be carried out in euro using the same value date and shall not involve the Union in the transformation of maturities, or expose it to any exchange or interest rate risk, or to any other commercial risk.
2. Where the circumstances permit, and if Georgia so requests, the Commission may take the steps necessary to ensure that an early repayment clause is included in the loan terms and conditions and that it is matched by a corresponding clause in the terms and conditions of the borrowing operations.

3. Where circumstances permit an improvement of the interest rate of the loan and if Georgia so requests, the Commission may decide to refinance all or part of its initial borrowings or may restructure the corresponding financial conditions. Refinancing or restructuring operations shall be carried out in accordance with paragraphs 1 and 4 and shall not have the effect of extending the maturity of the borrowings concerned or of increasing the amount of capital outstanding at the date of the refinancing or restructuring.
4. All costs incurred by the Union which relate to the borrowing and lending operations under this Decision shall be borne by Georgia.
5. The Commission shall inform the European Parliament and the Council of developments in the operations referred to in paragraphs 2 and 3.

## Article 6

1. The Union's macro-financial assistance shall be implemented in accordance with Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council<sup>1</sup> and Commission Delegated Regulation (EU) No 1268/2012<sup>2</sup>.
2. The implementation of the Union's macro-financial assistance shall be under direct management.
3. The loan agreement and the grant agreement referred to in Article 3(3) shall contain provisions:
  - (a) ensuring that Georgia regularly checks that financing provided from the budget of the Union has been properly used, takes appropriate measures to prevent irregularities and fraud, and, if necessary, takes legal action to recover any funds provided under this Decision that have been misappropriated;

<sup>3</sup> Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999 (OJ L 248, 18.9.2013, p. 1).

- (d) expressly authorising the Commission and the Court of Auditors to perform audits during and after the availability period of the Union's macro-financial assistance, including document audits and on-the-spot audits, such as operational assessments; and
  - (e) ensuring that the Union is entitled to early repayment of the loan and/or to full repayment of the grant where it has been established that, in relation to the management of the Union's macro-financial assistance, Georgia has engaged in any act of fraud or corruption or any other illegal activity detrimental to the financial interests of the Union.
4. Before the implementation of the Union's macro-financial assistance, the Commission shall assess, by means of an operational assessment, the soundness of Georgia's financial arrangements, the administrative procedures, and the internal and external control mechanisms which are relevant to the assistance.

### *Article 7*

1. The Commission shall be assisted by a committee. That committee shall be a committee within the meaning of Regulation (EU) No 182/2011.
2. Where reference is made to this paragraph, Article 4 of Regulation (EU) No 182/2011 shall apply.

### *Article 8*

1. By 30 June of each year, the Commission shall submit to the European Parliament and to the Council a report on the implementation of this Decision in the preceding year, including an evaluation of that implementation. That report shall:
  - (a) examine the progress made in implementing the Union's macro-financial assistance;
  - (b) assess the economic situation and prospects of Georgia, as well as progress made in implementing the policy measures referred to in Article 3(1);

- (c) indicate the connection between the economic policy conditions laid down in the Memorandum of Understanding, Georgia's on-going economic and fiscal performance and the Commission's decisions to release the instalments of the Union's macro-financial assistance.
2. Not later than two years after the expiry of the availability period referred to in Article 1(4), the Commission shall submit to the European Parliament and to the Council an *ex-post* evaluation report, assessing the results and efficiency of the completed Union's macro-financial assistance and the extent to which it has contributed to the aims of the assistance.

### *Article 9*

This Decision shall enter into force on the third day following that of its publication in the *Official Journal of the European Union*.
