- Adoption of the legislative act
- Statements

Joint Statement by the European Parliament and the Council on prohibited species

The Regulation to be adopted on the basis of the Commission proposal on the conservation of fishery resources and the protection of marine ecosystems through technical measures (2016/0074(COD)) should contain provisions, inter alia, on the species for which fishing is prohibited. For that reason the two institutions have agreed not to include a list concerning the North Sea in this Regulation (2016/0238(COD)).

Joint Statement by the European Parliament and the Council on control

The European Parliament and the Council will include the following control provisions in the upcoming review of the Control Regulation (Regulation (EC) No 1224/2009) where relevant to the North Sea: prior notifications, logbook requirements, designated ports, and other control provisions.
