---

No. Cion doc.: ST 15090/1/16 REV 1 + ADD 1 REV 1

---

Subject: Proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL on the Governance of the Energy Union, amending Directive 94/22/EC, Directive 98/70/EC, Directive 2009/31/EC, Regulation (EC) No 663/2009, Regulation (EC) No 715/2009, Directive 2009/73/EC, Council Directive 2009/119/EC, Directive 2010/31/EU, Directive 2012/27/EU, Directive 2013/30/EU and Council Directive (EU) 2015/652 and repealing Regulation (EU) No 525/2013

- Analysis of the final compromise text with a view to agreement

---

In document ST 10307/18 INIT, on p. 8, recital 5, the last sentence should read:

**"The recast of Directive 2009/28/EC introduced a new, binding, renewable energy target for the EU for 2030 of at least 32%, including a review clause by 2023 for an upward revision of the EU level target, while Directive 2018/XX amending Directive 2012/27/EU set the Union-level target for improvement in energy efficiency in 2030 to at least 32.5%, including a review clause by 2023 for an upward revision of the EU level target."**

\* \* \* \* \*

In document ST 10307/18 INIT, on p. 151, Article 19(b), paragraph 5a is deleted:

~~*(5a) if applicable, an updated comprehensive assessment of the potential for the application of high-efficiency cogeneration and efficient district heating and cooling pursuant to Article 14(1) of Directive (EU) .../... [Directive 2012/27/EU];*~~

\* \* \* \* \*

In document ST 10307/18 INIT, on p. 222, Article 37, point 1(b) should read:

"b) an Energy Union Committee **with regard to the implementation of issues referred to in Article 15(3) [ ] and Article 27bis(4).**"

---

In document ST 10307/18 INIT, on pp. 289 - 298, the text of Annex II should be replaced with the following text.

All changes compared to doc. 10307/18 are highlighted in **green bold underlined text**.

ANNEX II

NOTIFICATION OF MEMBER STATES' MEASURES AND METHODOLOGIES TO IMPLEMENT ARTICLE 7 OF DIRECTIVE 2012/27/EU  
[VERSION AS AMENDED IN ACCORDANCE WITH PROPOSAL COM(2016)761]

<p>Member States shall notify to the Commission their proposed detailed methodology pursuant to Annex V(5) to Directive 2012/27/EU for the operation of the energy efficiency obligation schemes and alternative measures referred to in Articles 7a and 7b and Article 20(6) of that Directive.</p>		<p>Member States shall notify to the Commission their proposed detailed methodology pursuant to Annex V(5) to Directive 2012/27/EU for the operation of the energy efficiency obligation schemes and alternative measures referred to in Articles 7a and 7b and Article 20(6) of that Directive.</p>	<p>Member States shall notify to the Commission their proposed detailed methodology pursuant to Annex V(5) to Directive 2012/27/EU for the operation of the energy efficiency obligation schemes and alternative <b>policy</b> measures referred to in Articles 7a and 7b and Article 20(6) of that Directive.</p>
<p>1. Calculation of the level of the energy savings requirement to be achieved over the whole period from 1 January 2021 to 31 December 2030, showing how the following elements are taken into account:</p> <p>(a) annual energy sales, by, volume to final customers of all energy distributors or all retail energy companies averaged over the three years (2016, 2017, 2018) prior 1 January 2019 [in ktoe];</p>		<p>1. Calculation of the level of the energy savings requirement to be achieved over the whole period from 1 January 2021 to 31 December 2030, showing how the following elements are taken into account:</p> <p>(a) annual energy sales, by, volume to final customers of all energy distributors or all retail energy companies averaged over the <b>most recent three-year period</b> [ ] [ ] prior to 1 January 2019, <b>for which the data is available</b> [in ktoe];</p>	<p>(a) <b>the annual final energy consumption</b> [ ], averaged over <b>the three years (2016, 2017 and 2018)</b> prior to 1 January 2019 [ ] [in ktoe];</p>

<p>(c) quantity of energy generated for own use excluded from the calculation [in ktoe];</p> <p>(d) sources used in the calculation of energy sales data including justification for the use of alternative statistical sources and any differences of the resulting quantities (if other sources than Eurostat are used);</p> <p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions under paragraph 2) [in ktoe];</p> <p>(f) application of exemptions (b), (c), (d) and (e) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p><b>AM 271</b></p> <p>(c) quantity of energy generated for own use excluded from the calculation <i>if any</i> [in ktoe];</p>	<p>(c) quantity of energy generated for own use excluded from the calculation [in ktoe];</p> <p>(d) sources used in the calculation of energy sales data including justification for the use of alternative statistical sources and any differences of the resulting quantities (if other sources than Eurostat are used);</p> <p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions (b), (c), (d), (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU [ ] [in ktoe];</p> <p>(f) application of exemptions (b), (c), [ ] (d) [ ], (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p>[ ]</p>
<p>(d) sources used in the calculation of energy sales data including justification for the use of alternative statistical sources and any differences of the resulting quantities (if other sources than Eurostat are used);</p> <p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions under paragraph 2) [in ktoe];</p> <p>(f) application of exemptions (b), (c), (d) and (e) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>		<p>(d) sources used in the calculation of energy sales data including justification for the use of alternative statistical sources and any differences of the resulting quantities (if other sources than Eurostat are used);</p> <p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions (b), (c), (d), (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU [ ] [in ktoe];</p> <p>(f) application of exemptions (b), (c), [ ] (d) [ ], (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p>[ ]</p> <p><b>Note: moved up to para 1</b></p>
<p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions under paragraph 2) [in ktoe];</p> <p>(f) application of exemptions (b), (c), (d) and (e) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>		<p>(e) cumulative amount of energy savings to be achieved over the whole period from 1 January 2021 to 31 December 2030 (before the exemptions (b), (c), (d), (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU [ ] [in ktoe];</p> <p>(f) application of exemptions (b), (c), [ ] (d) [ ], (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p>(e) <b>calculated</b> cumulative amount of energy savings [ ] over the whole period from 1 January 2021 to 31 December 2030 <b>(before the exemptions (b), (c), (d), (e), (f) and (g) referred to in Article 7(3) of Directive 2012/27/EU [ ]</b>; [in ktoe];</p> <p>(f) application of [ ] options [ ] (b), (c), [ ] (d) [ ], (e), (f) and (g) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>
<p>(f) application of exemptions (b), (c), (d) and (e) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p><b>AM 272</b></p> <p>(f) <i>volumes of sales of energy or amount of energy savings [in ktoe] that are exempted pursuant to Article 7(2) and (3) of Directive 2012/27/EU;</i></p>	<p>(f) application of exemptions (b), (c), [ ] (d) [ ], (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>	<p>(f) application of [ ] options [ ] (b), (c), [ ] (d) [ ], (e), (f) and (g) referred to Article 7(2) and (3) of Directive 2012/27/EU;</p>

<p>(i) volume of sales of energy used in industrial activities [in ktoe] listed in Annex I to Directive 2003/87/EC excluded from the calculation in line with point (b),</p>		<p>(i) volume of sales of energy used in industrial activities [in ktoe] listed in Annex I to Directive 2003/87/EC excluded from the calculation in line with point (b),</p>	<p>(i) <b>final [ ] energy consumption [ ]</b> in industrial activities [in ktoe] listed in Annex I to Directive 2003/87/EC excluded from the calculation, <b>in line with Article 7(3), point (b), of Directive 2012/27/EU;</b></p>
<p>(ii) amount of energy savings [in ktoe] achieved in the energy transformation, distribution and transmission sectors in line with point (c),</p>	<p><b>AM 274</b> <i>deleted</i></p>	<p>(ii) amount of energy savings [in ktoe] achieved in the energy transformation, distribution and transmission sectors in line with point (c),</p>	<p>(ii) amount of energy savings [in ktoe] achieved in the energy transformation, distribution and transmission sectors, <b>including efficient district heating and cooling infrastructure,</b> in line with <b>Article 7(3), point (c), of Directive 2012/27/EU;</b></p>
<b>Annex II (1)(f)(iii)</b>			
<p>(iii) amount of energy savings [in ktoe] resulting from individual actions newly implemented since 31 December 2008 that continue to have an impact in 2020 and beyond and in line with point (d);</p>	<p><b>AM 275</b> <i>deleted</i></p>	<p>(iii) amount of energy savings [in ktoe] resulting from individual actions newly implemented since 31 December 2008 that continue to have an impact in 2020 and beyond and in line with point (d),</p>	<p>(iii) amount of energy savings [in ktoe] resulting from individual actions newly implemented since 31 December 2008 that continue to have an impact in 2020 and beyond, <b>[in line with Article 7(3), point (d), of Directive 2012/27/EU;</b></p>
<p>(iv) amount of energy generated on or in buildings for own use as a result of policy measures promoting new installation of renewable energy technologies in line with point (e) [in ktoe];</p>	<p><b>AM 276</b> <i>deleted</i></p>	<p>[ ] (iv) amount of energy savings [in ktoe] from the individual actions undertaken after 1 January 2018 and before 31 December 2020 which deliver savings after 31 December 2020, including the lifetimes assumed for each category of measure in line with point (e),</p>	<p>(iv) amount of energy savings [in ktoe] that stem from policy measures, provided it can be demonstrated that those policy measures result in individual actions undertaken after 1 January 2018 and before 31 December 2020, which deliver savings after 31 December 2020, <b>[ ] in line with Article 7(3), point (e), of Directive 2012/27/EU;</b></p>

			(v) amount of energy generated on or in buildings for own use as a result of policy measures promoting new installation of renewable energy technologies, in line with point (f) [in ktOE];	(v) amount of energy generated [in ktOE] on or in buildings for own use as a result of policy measures promoting new installation of renewable energy technologies, in line with Article 7(3), point (f), of Directive 2012/27/EU;
				(v) amount of excess energy savings [in ktOE] achieved in the period from 1 January 2014 to 31 December 2020, which Member States count towards the period from 1 January 2021 to 31 December 2030 in line with Article 7(3), point (g), of Directive 2012/27/EU;
(g) total cumulative amount of energy savings (after the exemptions under paragraph 2 applied) [in ktOE].			(g) total cumulative amount of energy savings (after the exemptions (b), (c), (d), (e) and (f) referred to Article 7(2) and (3) of Directive 2012/27/EU [ ]) [in ktOE];	(g) total cumulative amount of energy savings [in ktOE] (after the [ ] options (b), (c), (d), (e), (f) and (g) referred to Article [ ] 7(3) of Directive 2012/27/EU [ ]).
			(h) amount of savings that exceeds the required total cumulative amount of savings for the period from 1 January 2014 to 31 December 2020 [in ktOE] if this is to be carried forward to the period from 1 January 2021 to 31 December 2030, in line with Article 7(4a).	[ ]

<p><b>2. Policy measures in view of the achievement of the savings requirement referred to in Article 7(1) of Directive 2012/27/EU:</b></p>		<p><b>2. Policy measures in view of the achievement of the savings requirement referred to in Article 7(1) of Directive 2012/27/EU:</b></p>

<p>(a) measurement methods used referred to in Annex V(1) to Directive 2012/27/EU;</p>		<p>(a) measurement methods used referred to in Annex V(1) to Directive 2012/27/EU;</p>	
<p>(b) method to express the energy savings (primary or final energy savings);</p>		<p>(b) method to express the energy savings (primary or final energy savings);</p>	
<p>(c) lifetimes of individual actions and approach used to take into account the lifetime of savings;</p>		<p>(c) lifetimes of [ ] measures and how they are calculated or what they are based upon [ ];</p>	<p>(c) lifetimes of [ ] measures, [ ] rate at which the savings decline over time and approach used to take into account the lifetime of savings;</p>
<p>(d) brief description of the calculation methodology including how additionality and materiality of savings are ensured;</p>		<p>(d) brief description of the calculation methodology including how additionality and materiality of savings are ensured and which methodologies and benchmarks are used for deemed and scaled savings;</p>	
<p>(e) information on how the possible overlaps between the measures and individual actions are addressed to avoid double counting of energy savings;</p>		<p>(e) information on how the possible overlaps between the measures and individual actions are addressed to avoid double counting of energy savings;</p>	
<p>(f) climatic variations and approach used (if relevant).</p>		<p>(f) climatic variations and approach used (if relevant).</p>	

<sup>1</sup> Note: should be in line with annex V(4) of directive 2012/27/EU

<b>Annex II (4)</b>	
<b>4. Monitoring and verification</b>	<b>4. Monitoring and verification</b>
(a) brief description of the monitoring and verification system and the process of the verification;	(a) brief description of the monitoring and verification system and the process of the verification;
(b) implementing public authority and its main responsibilities in charge of monitoring and verification system in relation to the energy efficiency obligation scheme and/ or alternative measures;	(b) implementing public authority and its main responsibilities in charge of monitoring and verification system in relation to the energy efficiency obligation scheme and/ or alternative measures;
(c) independence of monitoring and verification from the obligated parties and participating, entrusted parties;	(c) independence of monitoring and verification from the obligated, [ ] participating <b>or</b> entrusted parties;
(d) statistically significant proportion of energy efficiency improvement measures and proportion and criteria used to define and select a representative sample;	(d) statistically significant proportion of energy efficiency improvement measures and proportion and criteria used to define and select a representative sample <sup>2</sup> ;
(e) reporting obligations for obligated parties (savings achieved by each obligated party, or each sub-category of obligated party, and in total under the scheme).	(e) reporting obligations for obligated parties (savings achieved by each obligated party, or each sub-category of obligated party, and in total under the scheme).
(f) publication of energy savings achieved (each year) under the energy efficiency obligation scheme and alternative measures;	(f) publication of energy savings achieved (each year) under the energy efficiency obligation scheme and alternative measures;
(g) information on penalties applied in case of non-compliance;	(g) information on <b>Member States legislation on penalties to be applied</b> in case of non-compliance; <sup>3</sup> .
(h) Information on measures foreseen if progress is not satisfactory.	(h) [ <sup>4</sup> ] <b>(h) Information on policy measures foreseen if progress is not satisfactory.</b>

<sup>2</sup> Note: according to Article 7a.4 and 7b.3 EED GA.

<sup>3</sup> Note: according to the general condition in Article 13 EED.

<sup>4</sup> Note: according to Annex V 3(f) EED General Approach.

In document ST 10307/18 INIT, on pp. 327 - 329, the text of Annex VII Part 2 should be replaced with the following text.

All changes compared to doc. 10307/18 are highlighted in **green bold underlined text**.

**Part 2**

*Additional reporting obligations in the area of energy efficiency*

<p>In the area of energy efficiency, the following additional information shall be included pursuant to Article 19(c):</p> <p>(a) major legislative and non-legislative policies, measures, financing measures and programmes implemented in year X-2 and X-1 (with X as the year when the report is due) to achieve their objectives set under Article 4(b) which promote energy service markets, improve the energy performance of buildings, measures to utilise energy efficiency potentials of gas and electricity infrastructure and heating and cooling, improve information and qualification, other measures to promote energy efficiency;</p>		<p>In the area of energy efficiency, the following additional information shall be included pursuant to Article 19(c):</p> <p>(a) major legislative and non-legislative policies, measures, financing measures and programmes implemented in year X-2 and X-1 (with X as the year when the report is due) to achieve their objectives set under Article 4(b) which promote energy service markets, improve the energy performance of buildings, measures to utilise energy efficiency potentials of gas and electricity infrastructure and heating and cooling, improve information and qualification, other measures to promote energy efficiency;</p>	
<p>(b) energy savings achieved through Article 7 of Directive 2012/27/EU [version as amended in accordance with proposal COM(2016)761] in years X-3 and X-2;</p>	<p><b>AM 282</b></p> <p>(b) <i>the cumulative amount of</i> energy savings achieved through Article 7 of Directive 2012/27/EU [version as amended in accordance with proposal COM(2016)761] in years X-3 and X-2, <i>as well as:</i></p> <p>(i) <i>the amount of savings achieved by each policy, measure and individual action</i></p> <p>(ii) <i>an explanation on how and on the basis of which data these savings have been estimated</i></p>	<p>(b) <b>the cumulative amount of</b> energy savings achieved through Article 7 of Directive 2012/27/EU [version as amended in accordance with proposal COM(2016)761] in years X-3 and X-2;</p>	<p>(b) <b>the cumulative amount of</b> energy savings achieved through Article 7 of Directive 2012/27/EU [version as amended in accordance with proposal COM(2016)761] in years X-3 and X-2;</p>

**Annex VII Part 2 (e)**

<p>(e) total building floor area of heated and/or cooled buildings owned and occupied by the Member States' central government that was renovated in year X-3 and X-2 referred to in Article 5(1) of the Directive 2012/27/EU or the amount of energy savings in eligible buildings owned and occupied by their central government as referred to in Article 5(6) of Directive 2012/27/EU;</p>	<p>(e) total building floor area of heated and/or cooled buildings owned and occupied by the Member States' central government that was renovated in year X-3 and X-2 referred to in Article 5(1) of the Directive 2012/27/EU or the amount of energy savings in eligible buildings owned and occupied by their central government as referred to in Article 5(6) of Directive 2012/27/EU;</p>	<p>(e) total building floor area of heated and/or cooled buildings owned and occupied by the Member States' central government that was renovated in year X-3 and X-2 referred to in Article 5(1) of the Directive 2012/27/EU or the amount of energy savings in eligible buildings owned and occupied by their central government as referred to in Article 5(6) of Directive 2012/27/EU;</p>
<p>(f) number of energy audits carried out in year X-3 and X-2.
