2018/0322 (COD)

Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

amending Regulation (EU) No 1303/2013 as regards the adjustment of annual prefinancing for the years 2021 to 2023

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

Reasons for and objectives of the proposal

Evidence shows that annual pre-financing paid to Member States for a given accounting year and cleared with the acceptance of accounts results in annual recovery orders of a significant magnitude (for instance, EUR 6.6 billion in 2017). This means in practice that payment credits are requested from Member States from payment appropriations in the Union's budget to pay to them annual pre-financing that a year later has to be recovered to a significant extent.

Therefore, to increase transparency and contribute to the predictability of budgetary planning and to a more stable and predictable payment profile, it is proposed that for the last three years of the current implementation period 2021-2023, which are overlapping with the next implementation period starting in 2021, the annual pre-financing is reduced to the necessary minimum. This approach also takes account of payment needs stemming from pre-financing arrangements proposed for the 2021-2027 programmes where only initial pre-financing would be paid in six annual tranches¹. This intention was already signalled by the Commission².

• Consistency with existing policy provisions in the policy area

The proposal is consistent with the provisions concerning budgetary management of the European Structural and Investment (ESI) Funds as set out in Regulation (EU) No 1303/2013³. The amendment does not introduce a structural change of those provisions.

• Consistency with other Union policies

The proposal is consistent with other proposals and initiatives adopted by the European Commission. It is also consistent with the requirements of sound budgetary management.

Proposal for a Regulation of the European Parliament and of the Council laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument, COM(2018) 375 final, 29.5.2018. Article 84 sets out the pre-financing arrangements. Given that for the period 2021-2027 only one type of pre-financing is proposed the terminology used does not distinguish between "initial" and "annual" pre-financing. The proposed pre-financing arrangements are however similar to those of the "initial pre-financing" of Regulation (EU) No 1303/2013.

Annex to the Communication from the Commission to the European Parliament, the European Council, the Council, the European Economic and Social Committee and the Committee of the Regions on A Modern Budget for a Union that Protects, Empowers and Defends, COM(2018) 321 final, 2.5.2018 as well as in Section 5 of the Explanatory Memorandum accompanying the Proposal for a Regulation of the European Parliament and of the Council laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument, COM(2018) 375 final, 29.5.2018.

Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013 laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European Maritime and Fisheries Fund and laying down general provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund and the European Maritime and Fisheries Fund and repealing Council Regulation (EC) No 1083/2006 (OJ L 347 20.12.2013, p. 320), as last amended by Regulation (EU) 2017/2305 of the European Parliament and of the Council of 12 December 2017 amending Regulation (EU) No 1303/2013 as regards the changes to the resources for economic, social and territorial cohesion and to the resources for the Investment for growth and jobs goal and for the European territorial cooperation goal (OJ L 335, 15.12.2017, p. 1).

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

• Legal basis

Regulation (EU) No 1303/2013 defines the common rules applicable to the ESI Funds. Based on the principle of shared management between the Commission and the Member States, this Regulation includes provisions for the programming process as well as arrangements for programme (including financial) management, monitoring, financial control and evaluation of projects.

• Subsidiarity (for non-exclusive competence)

The proposal concerns the decrease of annual pre-financing provided by the Commission from the budget of the Union to Member States. The rates of annual pre-financing are established at Union level in Regulation (EU) No 1303/2013. Therefore an amendment of the provisions set out in this regulation requires the amendment of this Regulation. National or regional means are not appropriate to address the problem at hand. Therefore, the proposal complies with the subsidiarity principle.

• Proportionality

The proposal is in conformity with the proportionality principle as it does not go beyond the minimum required to achieve the stated objective at Union level and what is necessary for that purpose. The rate of annual pre-financing is decreased to be commensurate with cash-flow requirements taking into account the increased pace of cash-flow on the basis of interim payment applications stemming from the accelerated implementation of the ESI Funds. When establishing the proposed rate, the Commission took into consideration that for the years concerned the basis to which the percentages relate already include the performance reserve, hence a lower share can guarantee the same amount of pre-financing.

Choice of the instrument

Proposed instrument: amendment of the current Regulation. The Commission has explored the scope for manoeuvre provided by the legal framework and considers it necessary to propose amendments to Regulation (EU) No 1303/2013.

3. RESULTS OF EX-POST EVALUATIONS, STAKEHOLDER CONSULTATIONS AND IMPACT ASSESSMENTS

• Ex-post evaluations/fitness checks of existing legislation

There was no ex-post evaluation/or fitness checks of the existing legislation.

Stakeholder consultations

There was no consultation of external stakeholders.

Collection and use of expertise

Use of external expertise has not been necessary.

Impact assessment

The proposal is not expected to have significant economic, social or environmental impacts. The proposal will result in decreasing the annual pre-financing from 3% of the amount of the support from the Funds and the European Maritime and Fisheries Fund ('EMFF') for the whole programming period to the operational programme to 1% for the years 2021-2023, more suitable to the cash-flow requirements stemming from programme implementation. This lower pre-

financing takes into account the anticipated accelerated submission of interim payment claims, the fact that for these years the basis for calculating the amount of annual pre-financing is increased by the size of the performance reserve which will be definitely allocated by then as well as pre-financing available for Member States from the 2021-2027 programming period.

Given that annual pre-financing is made available for an accounting year which spans over two annual budgetary years, the excess amount paid in year N as annual pre-financing will be cleared in year N+1, which results in unnecessary payment flows without added value. Reducing the rate of annual pre-financing for the proposed years will contribute to increasing the predictability of budgetary planning, to a more stable and predictable payment profile, to the reduction of the risk of payment backlogs, to increased transparency in payment needs and, therefore, to better budgetary management.

Regulatory fitness and simplification

This is not an initiative within the Regulatory Fitness Programme (REFIT).

• Fundamental rights

The proposal has no consequences for the protection of fundamental rights.

4. **BUDGETARY IMPLICATIONS**

There is no impact on commitment appropriations since no modification is proposed to the maximum amounts of the ESI Funds financing provided for in the operational programmes for the programming period 2014-2020.

The overall impact on payment appropriations is neutralised. As detailed in the financial statement attached to the proposal, the suggested change will contribute to a reduction in payment appropriations related to the year 2021 entirely due to the reduction of the annual pre-financing amounts which will be compensated by higher payment needs for the year 2024. For the years 2022 and 2023, lower annual pre-financing will be offset in the framework of the examination and acceptance of accounts, therefore the effect is neutral.

5. OTHER ELEMENTS

• Implementation plans and monitoring, evaluation and reporting arrangements

Not applicable. The existing delivery systems of the ESI Funds can be used to monitor the implementation of this proposal.

• Explanatory documents (for directives)

Not applicable.

• Detailed explanation of the specific provisions of the proposal

Article 134(2) will be modified to set the annual pre-financing for the years 2021 to 2023 at 1%, from the currently applicable 3%, of the amount of the support from the Funds and the EMFF for the whole programming period to the operational programme. The annual pre-financing for the year 2020 is maintained at 3% of the amount of the support from the Funds and the EMFF for the whole programming period to the operational programme.

Proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

amending Regulation (EU) No 1303/2013 as regards the adjustment of annual prefinancing for the years 2021 to 2023

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION.

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 177 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee⁴,

Having regard to the opinion of the Committee of the Regions⁵,

Acting in accordance with the ordinary legislative procedure,

Whereas:

- Regulation (EU) No 1303/2013 of the European Parliament and of the Council⁶ lays (1) down the common and general provisions applicable to the European Structural and Investment Funds.
- (2) Evidence suggests that the annual pre-financing is set at a particularly high level in comparison with financial management requirements stemming from the implementation of operational programmes; this is in particular the case for the budgetary years 2021 to 2023.
- In order to ease the pressure on payment appropriations in the Union budget for the (3) budgetary years 2021 to 2023 and to enhance the predictability of payment requirements and thus contribute to more transparent budgetary planning and a more orderly payment profile, the rate of annual pre-financing for those years should be decreased.
- Regulation (EU) No 1303/2013 should therefore be amended accordingly, (4)

OJ C, , p. . Regulation (EU) No 1303/2013 of the European Parliament and of the Council of 17 December 2013

laying down common provisions on the European Regional Development Fund, the European Social Fund, the Cohesion Fund, the European Agricultural Fund for Rural Development and the European

HAVE ADOPTED THIS REGULATION:

Article 1

Article 134(2) of Regulation (EU) No 1303/2013 is amended as follows:

- (a) The fifth indent is replaced by the following:
 - "— 2020: 3 %";
- (b) The following indent is added:
 - "— 2021 to 2023: 1 %."

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States. Done at Brussels,

For the European Parliament The President For the Council The President
