NOTE

From:	General Secretariat of the Council
To:	Delegations
No. prev. doc.:	15234/1/16, 9450/17, 13854/17
Subject:	Operational Action Plan 2018 related to the EU crime priority "Firearms"

Delegations will find attached the OAP 2018 regarding the EU crime priority "Firearms", developed under the overall responsibility of the ES driver, as agreed by COSI on 14 December 2017.

22 Member States participate in this OAP, as well as **NOT DECLASSIFIED**. 9 Member States are leading actions (**NOT DECLASSIFIED**) and the other actions are led by **NOT DECLASSIFIED**.

The OAP 2018 consists of 20 actions, of which 12 are classified as operational.

The main challenge faced by this priority remains in the involvement of key third countries which are important partners to fight against illicit trafficking in firearms, such as Ukraine, Moldova and MENA countries. In this area the support of the EEAS is an asset to achieve tangible results.

The priority will address the pivotal issue of the ballistic analysis with the aim to increase hits especially at international level. It will also organise a visit study to Europol for firearms experts to raise awareness on Europol operational capabilities, including Task Force concept.

Operational Action Plan:

FIREARMS

1. Aim

This Operational Action Plan (OAP) has been created within the framework of the EU Policy Cycle for organised and serious international crime¹. This OAP corresponds to the following priority:

to disrupt OCGs involved in the illicit trafficking, distribution and use of firearms.

This OAP contains a breakdown of all the operational actions that will be carried out during the year 2018 as the way to reach the various strategic goals chosen during the "MASP" workshop.

It also gives a general overview of the tasks and responsibilities of the Member States, the EU institutions, agencies and other possible entities involved in the delivery of the plan.

¹ 7704/17

2. Context

Some of the operational actions (OA) of this OAP have potential for overlaps with several other OA in other OAPs.

Any overlaps identified between OAPs will be the subject of careful management attention and coordination as described below (see end of paragraph 5.1).

3. Structure

The plan is essentially a coordination overview presenting the general outline of operational actions, rather than the specific detail of each. That detail will be found in the related activity documentation which is referenced within this plan. The activity documentation should include a description of the breakdown of the activity in “What, When, Where, Who and How” the activity will be carried out.

The Annex to the plan contains a table with all operational actions.

The table will facilitate:

- Cross-reference between different, but related, operational actions within the same priority
- Cross-reference between operational actions which also contribute to a different priority
- Reference to detailed project documentation for a given operational actions
- Identification of possible JADs.

4. Management & Project Support

4.1. Management

Overall management responsibility for this OAP lies with the Drivers and Co-Drivers of each OAP as identified by COSI and set out in the list of relevant actors regularly issued.

Every individual operational action of this OAP has a designated Action Leader duly tasked and empowered for this role, assisted if required by a Co-Action Leader.

Management responsibility for each operational action is clearly shown in the list of operational actions.

The management approach shall be in line with the EU Policy Cycle Terms of Reference².

4.2. Project support

In order to allow the Driver to focus on project management (of the common actions), and to reduce the national responsibility for overall EU coordination, Europol shall provide the project support for this OAP in line with the EU Policy Cycle Terms of Reference.

4.3. Information management

The Europol Analysis Projects shall be the primary means by which operational data emanating from the operational actions within this plan shall be processed. Other Europol System may also be used where appropriate.

It is recommended that all operational information exchange and progress reporting within the OAP shall be done using SIENA (Secure Information Exchange Network Application), which provides a quick, secure and auditable means of communication between all competent authorities and Europol.

² 10544/2/17 REV2

5. Methodology

5.1. Planning

This OAP has been developed by experts of **NOT DECLASSIFIED** together with the **NOT DECLASSIFIED**. **NOT DECLASSIFIED** registered as Relevant Actor for this OAP, however they were not in attendance. **NOT DECLASSIFIED** also attended the OAP drafting meeting.

The scope of operational actions included in the plan corresponds to the conclusions and recommendations emanating from the specific assessment of the problem which is central to the priority crime area.

When available, the actions should also include administrative measures. Wherever possible, due use will be made of opportunities and processes for a wider inter-agency approach. The MS are invited to integrate the relevant actions developed in the plan at the appropriate level into their national planning and to allocate resources to support a common EU approach. Similarly, the agencies should commit the actions developed into their annual work programmes pursuant to the Council conclusions on the continuation of the of the EU Policy Cycle for organised and serious international crime for the period 2018-2021 and the EU Policy Cycle Terms of Reference.

The OAP was agreed by COSI and the tasking responsibilities contained in the plan were confirmed. That process has also identified actions contained in this plan which may be related to other plans, and vice versa. These issues will be included into the agenda of the OAP kick-off meeting in early 2018 and will be addressed by the Driver in conjunction with the Action Leaders, participants and Europol, in cooperation with the Drivers of the other OAPs involved.

5.2. Implementation

The OAP will be implemented according to the breakdown of operational actions and timescales contained in the OAP. The Driver, assisted by the Co-Driver, will be the authority to execute or delegate the management/leadership of a specific action to the Action Leader, who then has the responsibility for initiating and reporting on each action to the Driver.

5.3. Monitoring and reporting

Monitoring and reporting shall be done in line with and using the template set out in the reporting collection mechanism. This mechanism will be established following Action 15 of the Council conclusions on the continuation of the EU Policy Cycle for organised and serious international crime for the period 2018-2021³.

This regime for on-going monitoring and periodical reporting⁴ should include:

- Progress and results within the individual operational actions, including targets and key performance indicators (KPIs).
- Progress and results within the overall OAP, including the measurement of achievement as agreed at the MASPs meetings.
- Cross reporting between different strategic goals/OAP's as appropriate

5.4. Good practices

Experiences within the delivery of the OAP which provide examples of good (and bad) practice will be duly recorded. This will be a responsibility of the Driver to report them to the attention of the EMPACT Support Team and of the National EMPACT Coordinators for wider sharing.

³ 7704/17

⁴ Including possible reference to resources allocated and their use

Operational Action Plan (OAP)

FIREARMS

EU Crime Priority: Firearms OAP 2018

List of actions

Strategic Goal 1 : intelligence picture

Objective: develop or keep updated, through the detection of intelligence gaps, the monitoring of trends and new developments, and the identification of links to other crime areas, the intelligence picture relating to firearms EU crime priority, and disseminate it to relevant stakeholders.

NOT DECLASSIFIED

NOT DECLASSIFIED

NOT DECLASSIFIED

NOT DECLASSIFIED

Strategic Goal 2 : operational activities

Objective: prepare and conduct coordinated controls, investigations and prosecutions to detect and disrupt organised crime groups and suspects active in serious cross-border crime in the EU Policy cycle crime priority on firearms.

NOT DECLASSIFIED FROM THIS POINT UNTIL PAGE 24)

Strategic Goal 3 : prevention and capacity building

Objective: increase prevention against threats relating to firearms crime priority, including through awareness-raising amongst relevant public and private actors, and build the law enforcement capacity to tackle crime by improving knowledge, skills and expertise based on training, raise awareness activities, sharing of best practices and identification of loop holes and vulnerabilities in the control and legislation related firearms

NOT DECLASSIFIED

NOT DECLASSIFIED

Strategic Goal 4 : cooperation with non EU partners (third countries, international organisations)

Objective: prepare and conduct coordinated controls, investigations and prosecutions to detect and disrupt organised crime groups and suspects active in serious cross-border crime in the EU Policy cycle crime priority on firearms

NOT DECLASSIFIED FROM THIS POINT UNTIL PAGE 33)

Strategic Goal 5 : Document fraud

Objective: target Organised Crime Groups involved in the production and provision of fraudulent and false documents by involving specialised investigators, where relevant, as part of investigations in the EU Policy cycle crime priority on firearms.

NOT DECLASSIFIED

Strategic Goal 6 : financial investigations

Objective: combat criminal finances, money laundering, and facilitate asset recovery proceeds of crime by involving specialised financial investigators, where relevant, as part of investigations in the EU Policy cycle crime priority on firearms.

NOT DECLASSIFIED

NOT DECLASSIFIED

Strategic Goal 7 : on-line trade in illicit goods & services

Objective: target the Organised Criminal Groups and other actors involved in the online trade in illicit goods and services with a special attention to those active in the markets that are related to the EU Policy cycle crime priority on firearms.
