COMMISSION DELEGATED REGULATION (EU) .../...

of 27.2.2019

**amending Regulation (EU) 2018/196 on additional customs duties on imports of certain
products originating in the United States of America**

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE DELEGATED ACT

This draft Commission Delegated Regulation aims to adjust the annual level of retaliation applied in the WTO dispute on the United States' Continued Dumping and Subsidy Offset Act of 2000 ('CDSOA', or the *Byrd Amendment*).

The CDSOA mandates the yearly distribution of the anti-dumping and countervailing duties collected during the previous fiscal year to US companies. The CDSOA was found incompatible with the United States' WTO obligations in January 2003.

Given that the United States failed to bring itself in compliance with its obligations under the WTO agreements, the EU was authorised to impose an additional import duty above bound customs duties on a list of US products covering on a yearly basis a total value of trade not exceeding the amount of 72% of the CDSOA disbursement from duties collected on imports from the EU for the most recent year for which data are available. Since 1 May 2005, the EU applies an *ad valorem* additional customs duty on imports of certain products originating in the United States¹ on a yearly basis, adjusting the level of retaliation proportionately to the amount disbursed from duties collected on EU products in the most recent distribution.

Given the large number of modifications of the initial legal basis (i.e. Council Regulation (EC) No 673/2005) via delegated acts, a codification exercise was undertaken in February 2018. A codified version of the legal basis was adopted by the Council on 7 February 2018: Regulation (EU) 2018/196.

This draft Commission Delegated Regulation does not involve any discretionary choice, but is entirely constrained by legal obligations imposed by the Council:

1. The new level of retaliation to apply as from 1 May 2019 amounts to USD 3.355,82 and has been established on the basis of the latest CDSOA distribution of anti-dumping and anti-subsidy duties collected during the Fiscal Year 2018 (1 October 2017 – 30 September 2018)
2. The new level of retaliation of USD 3.355,82 represents a significant decrease as compared to the current level of retaliation, which amounts to USD 682.823 and that has been applied since 1 May 2018. Since this year the level of suspension cannot be adjusted to the level of nullification or impairment by adding or removing products from Annex I, Article 3(1)(e) of Regulation (EU) 2018/196 applies:
 - (a) Accordingly, no products are added to or removed from Annex I and therefore, the list of products therein remains unchanged.
 - (b) On the other hand, the rate of additional duty to which Annex I products are subjected is amended, i.e. it decreases from last year's 0,3% to 0,001% in order to adjust to the level of retaliation. Due to the technical specifications of the TARIC² database, the number of digits after the comma is limited to three.
3. Consequently and in accordance with Article 3(1)(e) of Regulation (EU) 2018/196, the draft Delegated Regulation subjects sweet corn, frames and mountings for spectacles, crane lorries, and women's denim trousers and breeches originating in the US to an *ad valorem* additional rate of duty of 0,001% as from 1 May 2019.

¹ Regulation (EU) 2018/196 (the "*Byrd Regulation*") establishing additional customs duties of 4,3% on imports of certain products originating in the United States of America (OJ L 44, 16.2.2018, p. 1).

² Council Regulation (EEC) No 2658/87 of 23 July 1987 on the tariff and statistical nomenclature and on the Common Customs Tariff (Official Journal L 256, 7.9.1987, p. 1).

4. The effect of a 0,001% *ad valorem* additional duty on imports from the United States of the four products listed in Annex I represents, over one year, a value of trade that does not exceed USD 3.355,82 (see Articles 3(1)(a) and (b) of Regulation (EU) 2018/196). Annex II to Regulation (EU) 2018/196 remains unchanged, as all of the products of that list have already been added to Annex I.

2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT

A consultation was carried out in line with paragraph 4 of the Common Understanding on delegated acts between the European Parliament, the Council and the European Commission. No additional consultations with interested parties or stakeholders, or a preparation of an impact assessment are necessary.

3. LEGAL ELEMENTS OF THE DELEGATED ACT

The legal basis for this Delegated Regulation is Article 3(3) of Regulation (EU) 2018/196 on additional customs duties on imports of certain products originating in the United States of America.

Article 1 of Regulation (EU) 2018/196 mandates the suspension of the tariff concessions and related obligations under GATT 1994 in respect of products originating in the United States of America listed in Annex I to that Regulation. Article 3(1) defines the criteria under which the Commission shall adjust the level of suspension annually to the level of nullification or impairment caused by the Byrd Amendment to the EU at that time.

COMMISSION DELEGATED REGULATION (EU) .../...

of 27.2.2019

amending Regulation (EU) 2018/196 on additional customs duties on imports of certain products originating in the United States of America

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/196 of 7 February 2018 on additional customs duties on imports of certain products originating in the United States of America¹, and in particular Article 3 thereof,

Whereas:

- (1) As a result of the United States' failure to bring the Continued Dumping and Subsidy Offset Act (CDSOA) in compliance with its obligations under the World Trade Organization (WTO) agreements, Regulation (EU) 2018/196 imposed a 4,3% *ad valorem* additional customs duty on imports of certain products originating in the United States of America. In conformity with the WTO authorisation to suspend the application of concessions to the United States, the Commission is to adjust the level of suspension annually to the level of nullification or impairment caused by the CDSOA to the European Union at that time.
- (2) The CDSOA disbursements for the most recent year for which data are available relate to the distribution of anti-dumping and countervailing duties collected during the Fiscal Year 2018 (1 October 2017 – 30 September 2018) as well as the additional distribution anti-dumping and countervailing duties collected during the Fiscal Years 2015, 2016 and 2017. On the basis of the data published by the United States' Customs and Border Protection, the level of nullification or impairment caused to the Union is calculated at USD 3.355,82.
- (3) The level of nullification or impairment and consequently of suspension has decreased. However, the level of suspension cannot be adjusted to the level of nullification or impairment by adding or removing products from the list in Annex I to Regulation (EU) 2018/196. As a consequence, in accordance with Article 3(1)(e) of that Regulation, the Commission should keep the list of products in Annex I unchanged and amend the rate of the additional duty in order to adjust the level of suspension to the level of nullification or impairment. The four products listed in Annex I should therefore be maintained on the list and the rate of additional import duty should be amended and set at 0,001%.
- (4) The effect of a 0,001% *ad valorem* additional import duty on imports from the United States of the products in Annex I represents, over one year, a value of trade that does not exceed USD 3.355,82.
- (5) To make sure that there are no delays in the application of the amended rate of additional import duty, this Regulation should enter into force on the day of its publication.

¹ OJ L 44, 16.2.2018, p. 1.

(6) Regulation (EU) 2018/196 should therefore be amended accordingly,
HAS ADOPTED THIS REGULATION:

* OJ L 269, 10.10.2013, p. 1."

Article 2
