Other items in connection with the Council meeting

The Committee took note of the information provided by the Presidency.

The Legal Service drew attention to the recent withdrawal by the ECB of a Recommendation on amending Article 22 of the ECB Statute in order to grant the ECB powers on clearing systems for financial services, in the context of the «relocation policy» of clearing houses. The Legal Service informed that the withdrawal took place on the very same day where the provisional political agreement between EP and Council was approved by Coreper and the corresponding letter was sent to the EP, thus preventing the adoption of the act. In its letter informing the co-legislators on the withdrawal, the ECB claimed that the changes made to its Recommendation by the co-legislators would “*seriously distort its proposal (...) in a manner which (would prevent) achievement of the objectives pursued (...) and (would deprive) the Recommendation of its raison d’être*”. That is the wording used in point 83 of the Court judgment of 2015 in Case C-409/13, Council/Commission, on the withdrawal of a Commission proposal. Beyond the key question of whether or not the changes were serious enough to reach the threshold set by the above case law, this withdrawal raises important institutional issues and has a transversal impact: first, whether a withdrawal affecting the powers of the Council as legislator - at such a late stage, without any early warning - was within the spirit of sincere cooperation among institutions; second, whether the right of initiative of the ECB enjoys the same Treaty guarantees as that of the Commission. For those reasons, the Legal Service invited the Committee to reflect and decide on the appropriate follow-up to this issue, suggesting three possible options for the Council: first, no action; second, a statement in its minutes expressing its misgivings when adopting EMIR- which is not affected anyway by the withdrawal; third, an action against the ECB before the Court of Justice.
