Regulation on CAP Strategic Plans

9012/19

Exchange of views on sectoral types of interventions

The SCA exchanged views on the sectoral types of interventions of the CAP Strategic Plans and the Presidency will reflect on how to take delegations' comments into account when revising its drafting suggestions. The SCA also supported the Presidency intention to propose to the chair of the Ad-hoc Working Party on the MFF to remove the brackets in Article 58(2).

Several delegations sought further clarification of the roadmap presented by the Presidency and proposing the next steps until the June "Agriculture and Fisheries" whereas a number of delegations expressed concern about the Presidency's objective to reach a Partial General Approach because of a lack of time.

Some delegations also emphasized that concluding negotiations on the next Multiannual Financial Framework should precede the agreement on the Council's position on the CAP legislative acts.

4. Organisation of future work

The Presidency informed the SCA about the next SCA meeting on 27 May 2019.
