2. Adjustment of amounts

The amount of unit cost 1. is based partly on a standard scale of unit cost funded entirely by France. Out of the 6 400 EUR, 1 600 EUR correspond to the standard scale of unit cost set out by the “instruction ministérielle du 11 octobre 2013 relative à l’expérimentation Garantie Jeunes prise pour l’application du décret 2013-80 du 1er octobre 2013 ainsi que par l’instruction ministérielle du 20 mars 2014” to cover the costs borne by the Youth Public Employment Services « Missions Locales » to coach each NEET entering the ”Garantie Jeunes”.

Unit cost 1. shall be updated by the Member State in line with adjustments under national rules to the standard scale of unit cost of 1 600 EUR mentioned in paragraph 1 above that covers the costs borne by the Youth Public Employment Services.

The amount of unit costs 2. and 3. are based on publicly procured prices for training hours in the respective fields and geographical areas. These amounts will be adjusted when the procurement process for the underlying training courses is repeated according to the following formula:

$$\text{New price (excl. VAT)} = \text{Old price (excl. VAT)} \times (0,5 + 0,5 \times \text{Sr}/\text{So})$$

Sr is the index of employed persons INSEE (identifier 1567446) of the last monthly publication at the date of the ajustement

So is the index of employed persons INSEE (identifier 1567446) of the monthly publication at the date of submission of the tender for the first adjustment then, for the following adjustments, of the monthly publication of the anniversary date of submission of the tender

The amounts of the unit costs 4, 5 and 7 may be adjusted based on the Reunion inflation rate (INSEE index) – reference year 2017.

The amounts for unit costs 6 may be adjusted according to the price review mechanism in the event of a renewal of the tender of the Reunion Region. The amounts of the scales are updated annually, as of 1 January N on the basis of the latest index known, according to the following formula:

Scale review formula: $B - B0 (Im/I0)$

B - amount of revised scale N

B0 - amount of the initial scale (N-1).

I0 - reference value, the last known value of the SYNTEC index as of January 1, N-1

Im - I0 - 12 months

The intermediate calculations will be carried out with four decimal places, the scale comprising two decimals and the coefficient applicable to rounded P0, if any at the top thousandth.

The selected BSCU scale is the value of 2017. The reference year is therefore 2017 as a starting point for indexing.

Indexing applies to courses that started in year N.

2. Adjustments of amounts.

The rate for unit costs 6-11 may be adjusted by replacing the initial minimum wage rate in the calculation method that consists of the minimum wage, the cost for provision of training and indirect costs.

The rate for unit cost 12 may be adjusted by replacing the initial direct staff costs, including social security and health contributions, and/or the wages for participants, including social security and health contributions in the calculation method that consists of direct staff costs, including social security and health contributions and/or the wages for participants, including social security and health contributions.

The rate for unit costs 13-17, 19-27, and 29 may be adjusted by replacing the initial direct staff costs, including social security and health contributions, in the calculation method that consists of direct staff costs, including social security and health contributions, plus indirect costs.

The rate for unit cost 18 may be adjusted by replacing the salaries for participants, including social security and health contributions in the calculation method that consists of the cost for provision of training plus salaries for participants, including social security and health contributions, plus indirect costs.

The amounts for unit cost 28 may be adjusted by replacing the amounts for Living Allowance, Mobility allowance, Family allowance, Research, training and networking costs Management and Indirect Costs.

The rate for unit cost 30 may be adjusted by replacing the initial direct staff costs, including social security and health contributions, the costs associated with organising the traineeship in the host and sending school, and the travel and subsistence costs in the calculation method that consists of direct staff costs, including social security and health contributions, the costs associated with organising the traineeship in the host and sending school, and the travel and subsistence costs.

The rate for unit cost 32 may be adjusted by replacing the amount for travel in the calculation method that consists of direct costs for travel, plus direct staff costs, plus indirect costs.

Adjustments will be based on the updated data as follows:

- for the minimum wage, amendments to the minimum wage as set by government decree no. 567/2006 Coll;
- for social security contributions, amendments to employers' contributions to social security, defined in Act no. 589/1992 Coll. on social security; and
- for health contributions, amendments to employers' contributions to health insurance, defined in Act no. 592/1992 Coll. on premiums for health insurance.
- For average salaries to determine wages/staff costs, changes to the latest annual published data for relevant categories from the average earnings informational system (www.ISPV.cz).
- For Living Allowance, Mobility allowance, Family allowance, Research, training and networking costs Management and Indirect Costs, amendment to rates for the HORIZON 2020 – Marie Skłodowska-Curie Actions as published at <https://ec.europa.eu/research/mariecurieactions/>
- For travel, subsistence and organisational costs under unit cost 30, amendments to the amounts for travel and organisational costs as well as individual support set by the European Commission for Key Action 1 (mobility projects) under the Erasmus+ programme (<http://ec.europa.eu/programmes/erasmus-plus/>).
- For travel under unit cost 32, amendments to the amounts for travel between 10 and 99 kilometres as set out in the 'distance calculator' of the Erasmus+ programme (http://ec.europa.eu/programmes/erasmus-plus/resources/distance-calculator_en).

2. Adjustment of amounts

Unit cost 1 may be adjusted by replacing the initial minimum wage and/or the statutory bonus and/or weekly allowances and/or social security contributions in the calculation method that consists of the lowest weekly rate of national minimum wage for a particular year, the statutory bonus, weekly allowances and social security contributions, and dividing this result by 2.

²³ European Credit Transfer and Accumulation System - https://ec.europa.eu/education/resources-and-tools/european-credit-transfer-and-accumulation-system-ects_en

Unit Cost 2 may be adjusted by applying the annual rate of inflation to the respective rates. From 2017, for a given year N, this can be done by applying the inflation rate for year N-1 as published by the Maltese National Statistics Office at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx

Unit costs 3-4 may be adjusted by replacing the initial national minimum wage for persons 18 years or over and/or the statutory bonuses and/or weekly allowances and/or social security contributions in the calculation method that consists of the hourly rate of national minimum wage for persons 18 years or over for a particular year, the statutory bonuses, the weekly allowances and social security contributions.

Adjustments will be based on updated data as follows:

- The national minimum wage is specified in national Subsidiary Legislation 452.71 (National Minimum Wage Standing Order).
- The statutory bonuses, weekly allowances and social security contributions provided for in Chapter 452 of the Maltese legislation on the Employment and Industrial relations Act.

Unit costs 5-9 may be adjusted in line with the cost of inflation at a national level for the relevant year the particular intervention is being undertaken. The annual rates of inflation are published by the National Statistics Office and can be found at: https://nso.gov.mt/en/nso/Selected_Indicators/Retail_Price_Index/Pages/Index-of-Inflation.aspx.

Unit cost 10 will be adjusted in line with inflation according to the country in which the course is being undertaken. For courses awarded by a body that is not based in Malta and for joint study programmes an average of the rates of inflation applicable at the time will be applied.

2. Adjustment of amounts

(a) For standard scales of unit costs 1-9 and 19-20, the amounts may be adjusted where the FOI index (consumer price index for blue and white collar worker households, excluding tobacco products) shows a monetary revaluation equal to or exceeding 5%. In particular, in a given year y, the adjustment is made if in a period y+t the difference between the benchmarking coefficients shown by the FOI index for such years is equal to or higher than 5%. The base year applied - and on the basis of which the amounts were adjusted - is 2014. Where this rate is equal to or higher than 5%, each unit cost may be adjusted accordingly.

(b) For standard scale of unit costs 10, the rate may be adjusted by replacing the montly scholarship and/or social security contributions in the calculation method that consists of monthly scholarship plus social security contributions plus an amount for all other costs. Updated data can be found in amendments

to the Ministerial Decree of 18.6.2008 (which defines the total gross annual amount of PhD scholarships) and biannual adjustment of the rate of social security contributions (Circular letter No. 13 of 29/01/2016 of the Director General of INPS, the National Institute for Social Security).

(c) For standard scales of unit costs 11-15, which are based on the historical average number of certificates (output) awarded per module, the rate may be adjusted at the end of each financial year (31/12) following an assessment by the Managing Authority of the implementation of the operations related to each of the unit costs. Where such an assessment shows a divergence in the average number of certificates awarded per module for each type of training as compared to the average number used as the basis for calculating the existing unit cost, then a new unit cost will be calculated according to the following formula:

$$UC_{\text{new}} = UC_{\text{old}} + \text{Variation}$$

where

$$\text{Variation} = UC_{\text{old}} - (UC_{\text{old}} * \text{Output}_{\text{new}} / \text{Output}_{\text{old}})$$

(d) For standard scales of unit costs 17, the rates will be reviewed every four years and if, taking 2017 as the reference year, there is an increase of more than 5% an adjustment will be made by ISTAT based on the FOI consumer price index (consumer price index for blue and white collar worker households, excluding tobacco products).

(e) For standard scales of unit costs 18, the rates may be adjusted following amendments of the current legislation (which includes Law n.240/2010, the Presidential Decree n.232/2011, the Law n.232/2016 (Budget Law 2017), Law n.448/1998 “Misure di finanza pubblica per la stabilizzazione e lo sviluppo”, Law n.335/1995, Legislative Decree n.446/1997, and the Presidential Decree n.1032/1973.) as well as changes of the social security contribution rates.

(f) The amounts for unit costs 21 and 22 may be adapted following amendments to the legislative provisions of Legislative Decree 77/2002, Directorial Determination (DD) of 19 December 2007 and D.D. n. 348 of 18 May 2016 of the Presidency of the Council of Ministers - Department of Youth and Civilian Service

2. Adjustment of amounts

The amounts of unit costs set out for types of operation 1-3 and 5 will be adjusted yearly in line with the Dutch consumer price index (CPI): <https://www.cbs.nl/nl-nl/conversie/uitgelicht/de-consumentenprijsindex>. Index figures can be found on CBS Statline.

⁶⁰ PrO = PraktijkOnderwijs (practical education) and VSO = Voortgezet Speciaal Onderwijs (secondary special education)

The first indexation for types of operations 1-3 will be calculated in 2017, for types of operation 5 in 2020. The baseline year for the amounts of unit costs set out in this annex is 2015. (CPI 2015 = 100).

Every year (N), as from 2017, the amounts will be indexed by applying the CPI of the year N-1 with the year 2015 as baseline. The following formula will be used for calculating the amounts of unit costs to be applied in a given year:

$$\text{Unit cost amounts in year } N = \text{Unit cost amounts included in this annex} * \text{CPI in year } N-1 \text{ (with baseline 2015 = 100)} / 100$$

The amounts of unit costs set out for types of operation unit cost 4 will be adjusted when the rules and regulations about job coaching change according to the Dutch law. The set percentage of 60% which forms the basis in the calculation of the hourly amount, to take into account that the assigned number of hours are not always used, will be recalculated every two 2 years in the same way the present calculations have been made with baseline year 2018. If the average differs more than 2 percent of the total number of hours the new percentage will be applied as the new average.

2. Adjustment of amounts

The amounts for unit cost 1 may be adjusted by any amendment of the rates set out by law no. 76/2002 on the unemployment insurance system and employment stimulation. Such changes will take effect on the same date as the revisions to the above-mentioned law come into force.

The amount for unit cost 2 will be changed automatically taking into account the inflation rate for each year based on the RO National Statistical Institute inflation index. For example, the rate may be adjusted on 1 January each year, following the adoption of the present document, by multiplying the RO National Institute for Statistics rate of inflation for Romania, where the rate for 2015 should be taken as a baseline of 100.

The amounts for unit costs 3 and 4 may be adjusted by any amendment of the rates set out by law no. 76/2002 on the unemployment insurance system and employment stimulation, including its subsequent amendments and law no. 279/2005 regarding apprenticeship programmes at the work place, including its subsequent amendments, and law no. 335/2013 regarding internships programme for higher education graduates, including its subsequent amendments, such changes will take effect on the same date as the revisions to the above-mentioned law come into force.

Changes in the total value of the unit costs set out here above will not apply to already announced calls.

The amounts for unit cost 5 may be adjusted in line with changes in the Government Decision (GD) no 904/2014 for establishing thresholds for expenses related to the rights provided by the art 129 (1) of Law no 272/2004 on protection and promotion of child's rights. Such changes will take effect on the same date as the revisions to the above-mentioned law come into force.'
