Draft Decision by the Council and the Representatives of the Governments of the Member States of the European Union, meeting within the Council, authorising the Commission to open negotiations with the Kingdom of Jordan for establishing an Euro-Mediterranean Aviation Agreement

Introduction

On 12 February 2004, the Commission submitted a Recommendation to the Council in order to authorise the Commission to open negotiations with the Kingdom of Jordan for establishing an Euro-Mediterranean Aviation Agreement.

Further to this Recommendation, and to the discussion at the Aviation Working Party meeting on 15 October 2007, delegations will find attached a draft Decision on the above subject.

RESTREINT UE

ANNEX

**DRAFT DECISION BY THE COUNCIL AND THE REPRESENTATIVES OF THE
GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN UNION,
MEETING WITHIN THE COUNCIL,**

authorising the Commission to open negotiations with the Kingdom of Jordan
for establishing an Euro-Mediterranean Aviation Agreement

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 80(2),
in conjunction with Article 300(1) thereof,

HAS DECIDED AS FOLLOWS:

Sole article

The Commission is hereby authorised to open negotiations on behalf of the European Community
and its Member States, within the limits of their respective competencies, with the Kingdom of
Jordan with a view to establish an Euro-Mediterranean Aviation Agreement.

The Commission shall conduct the negotiations in accordance with the directives set out in Annex I
and the ad hoc procedure set out in Annex II of this Decision.¹

This Decision is without prejudice to arrangements, in accordance with Community law and in
particular Regulation (EC) N° 847/2004 on the negotiation and implementation of air service
agreements between Member States and third countries, for ongoing bilateral agreements between
Member States and Jordan, pending the conclusion of a Community agreement.

¹ The negotiations shall be conducted in a way that will ensure full and timely consultation of
all relevant stakeholders, including the European airline industry, throughout the negotiations.

RESTREINT UE

Application of this agreement to Gibraltar airport is understood to be without prejudice to the respective legal positions of the Kingdom of Spain and the United Kingdom with regard to the dispute over sovereignty over the territory in which the airport is situated and to the continuing suspension of Gibraltar Airport from European Community Aviation measures existing as of 18th September 2006 as between Member States in accordance with the terms of the Ministerial Statement on Gibraltar Airport agreed in Cordoba on the 18th September 2006.

Done at Brussels,

*For the Council
The President*

DECLASSIFIED

NEGOTIATING DIRECTIVES

(Community and its Member States-Jordan, Euro-Mediterranean Aviation Agreement)

1. Negotiating objectives

Based on the close political and economic relations between the European Community and its Member States, on the one hand, and Jordan, on the other hand, and on the specific aviation-related objectives in the EU-Jordan Action plan, the aim of the negotiations with Jordan shall be to establish a Common Aviation Area between the European Community and its Member States and Jordan where carriers of both sides can freely provide their services on the basis of commercial principles and be able to compete on a fair and equal basis and subject to equivalent or harmonised regulatory conditions based on the European legislation in the field of aviation.

The agreement shall not reduce the level of market access created by existing bilateral agreements.

2. Scope of the Agreement

A comprehensive Euro-Mediterranean Aviation Agreement would allow the Parties to establish a clear and coherent framework in which to constructively develop their aviation relations in the coming years. The framework would be based on a global package of rights and obligations to ensure and promote, *inter alia*, the approximation of aviation laws to avoid conflicts of rules, establish joint mechanisms for co-operation on security, safety and environmental standards. The agreement would cover a number of issues, with the aim of ensuring a reciprocal and sustainable opening of markets with a view to establishing a fully open Common Aviation Area accompanied by a process of regulatory co-operation towards convergence, while providing for an appropriate level of flexibility (e.g. in relation to transitional periods).

RESTREINT UE

- (1) The Commission shall ensure that the agreement is consistent with the EC Treaty and relevant Community legislation.
- (2) The agreement should provide for adequate mechanisms for verification and information exchange, with the aim of ensuring mutual confidence in the fulfilment of obligations entered into, in order to ensure a level playing field.
- (3) The agreement should provide for stringent air safety and security provisions, taking into account the procedures, standards and developments applicable on or taking place in the territory of the Community.
- (4) The agreement should include provisions on competition and state aids to ensure a level playing field for all market operators.
- (5) The agreement should aim at associating Jordan in the implementation of the Single European Sky.
- (6) The agreement should cover intermodality aspects between different modes of transport.
- (7) The agreement should allow for safeguarding the flexibility to take action within the EU with respect to environmental issues, in particular in respect of measures to mitigate the impact of aviation on climate change, air quality and noise levels around airports.
- (8) The agreement should not prohibit taxation of aircraft fuel supplied to aircraft. It should make clear that rules relating to the taxation of fuel for aircrafts of one Party shall be complied with by the other Party's air carriers when operating to, from or within the territory of the first Party.
- (9) The agreement should aim at exploring the liberalisation of the investment regime subject to appropriate safeguards.

RESTREINT UE

- (10) A particular chapter can be included regarding aviation development and/or (technical) assistance, for which reference could be made to existing funds (MEDA,...), as well as the overall framework of relations between the EU and its Mediterranean Partners.
- (11) In implementing these objectives, the agreement should provide for the necessary flexibility, in particular with regard to transition periods.
- (12) The inclusion of a “most favoured nation extension-clause” should be advocated. Via such a clause, the Community and a Mediterranean Partner endeavour to offer the liberalising measures they agree between each other to any other Mediterranean Partner with which a similar Euro-Mediterranean Agreement already exists. If the latter country wants to accept this offer, it is self-evidently obliged to offer the same to the Community and the former country. If it refuses the offer, there will be no reciprocity and the “extension” dies.

3. Structure of the agreement

Upon its entry into force, the final agreement will replace the relevant provisions of the existing bilateral air services agreements between EU Member States and Jordan.

It shall be proposed to implement certain elements of a final agreement earlier than others in a phased approach.

The Commission should negotiate appropriate clauses in order to apply provisionally the agreement between its signature and its conclusion by the Parties, in accordance with the application of national law.

RESTREINT UE

4. Management of the agreement

Each Party will be responsible for enforcement on its territory and with regard to its nationals and air carriers.

The agreement should provide for an appropriate dispute settlement mechanism and a Joint Committee of representatives of the Parties shall be established, which shall be responsible for the administration of the agreement and for its proper implementation.

5. Conduct of the Negotiations

The Commission shall conduct the negotiations in accordance with these directives and the ad hoc procedure set out in Annex II of this Decision.

For areas of Member States' competencies, the Commission shall ensure during the negotiations that Member States' concerns are reflected adequately.

DECLASSIFIED

**AD HOC PROCEDURE FOR NEGOTIATIONS
CONCERNING AN AGREEMENT BETWEEN
THE EUROPEAN COMMUNITY AND ITS MEMBER STATES
AND JORDAN IN THE FIELD OF AIR TRANSPORT**

I. Procedure

1. The Commission shall conduct the negotiations on behalf of the Community and its Member States, in consultation with a Special Committee appointed by the Council to assist it in this task.
2. The Commission shall report back regularly to the Council on the progress of the negotiations and on the outcome of these negotiations.

II. Rules of conduct to be observed

1. The authorisation to open negotiations automatically entails the establishment of a Special Committee for the negotiations in question.²

To this end, Member States shall notify the Council General Secretariat as soon as possible, in whatever manner they choose, of the names of their representatives on this Committee.

² For reasons of confidentiality it seems appropriate to lay down that Member States' representatives are appointed by name and are the sole addressees of the documents relating to the negotiations. This does not mean that they cannot be replaced or accompanied by experts.

RESTREINT UE

2. The negotiations must be prepared for in good time.

To this end, the Commission departments shall inform the Council General Secretariat of the schedule anticipated and forward the relevant documents as soon as possible.

3. Close coordination shall be maintained between the Commission and the Member States.

- (a) Each negotiating session shall be preceded by a meeting within the Special Committee in order to identify the key problems for the Community and its Member States and to define, if possible, a common position or establish guidelines.

The Presidency shall make the arrangements for this meeting in good time, in consultation with the Commission.

- (b) Coordinating meetings shall be held on the spot throughout the negotiations at the initiative of the Commission, the Presidency or a Member State.

The Presidency shall make arrangements for such meetings and, if necessary, shall draw up documents on the outcome of the discussions held.

- (c) Members of the Special Committee shall be invited to attend all of the negotiating sessions.

Talks at which the members of the Special Committee are not present should be exceptional and must not take the place of the normal procedure. In any event the Special Committee must be adequately briefed on any such talks.

RESTREINT UE

During such talks the Commission may be accompanied by a limited number of members of the Special Committee acting as experts. In any event, the Chair of the Special Committee may attend these talks at his/hers request.

- (d) For areas of Community competence the Commission shall be the spokesman for the Community during the negotiations, and the representatives of the Member States shall speak only if requested to do so by the Commission. Furthermore, the representatives of the Member States must take no action which is likely to handicap the Commission in its work.
