Association Agenda

between the European Union and Georgia 2017-2020

On 27 June 2014 the European Union, its Member States and Georgia ('the Parties') signed an ambitious and innovative Association Agreement (AA), including a Deep and Comprehensive Free Trade Area (DCFTA). The agreement contains binding, rule-based provisions and provides for an enhanced cooperation, going further than in traditional agreements and covering all areas of interest. Following completion of the ratification process the full application of the Association Agreement started on 1 July 2016.

On 26 June 2014, the EU and Georgia agreed an Association Agenda, to prepare and facilitate implementation of the Association Agreement. The Agenda provides a framework for identification of priorities for joint work in the period 2014-16 to achieve the objectives of political association and economic integration set by the Association Agreement.

The present document updates and refocuses the 2014-2016 Association Agenda and sets new priorities for joint work for the period 2017-2020. It distinguishes between short-term priorities (which should be achieved or on which significant progress should be made by end 2018) and medium-term priorities (which should be achieved or on which significant progress should be made by end 2020).

The fact that the Association Agenda focuses upon a limited number of priorities is without prejudice to the scope or the mandate of existing dialogue under other relevant Agreements or under the multilateral track of the Eastern Partnership. It also does not prejudice implementation of commitments made in the AA/DCFTA since its entry into force on 1 July 2016.

Furthermore, visa-free travel to the Schengen countries¹ for Georgian citizens holding a biometric passport entered into force on 28 March 2017, aimed at a substantial enhancement of mobility and people-to-people contacts between the two sides, in a secure and well managed environment, is a fundamental element underpinning the political association and economic integration of Georgia with the European Union as foreseen in the Association Agreement. The EU acknowledges Georgia's achievement in fulfilling all the required benchmarks of the Visa Liberalisation Action Plan, which led to the adoption by the Commission of a fourth and last progress report on 18 December 2015. This updated Association Agenda also aims at keeping track of and further encouraging sustained results in all VLAP-related areas, thus ensuring continuous fulfilment of all benchmarks of the VLAP as required by the revised visa waiver suspension mechanism.

¹ The EU Member States covered by the visa waiver are:

- the EU Member States which are part of the Schengen area: Austria, Belgium, the Czech Republic, Denmark, Estonia Finland, France, Germany, Greece, Hungary, Italy, Latvia, Lithuania, Luxemburg, Malta, the Netherlands, Poland, Portugal, Slovakia, Slovenia, Spain and Sweden.
- the EU Member States who not yet fully apply the Schengen acquis (those who are not yet part of the Schengen area without internal borders): Bulgaria, Croatia, Cyprus and Romania.

1. Principles, instruments and resources for implementing the Association Agenda

The following common principles will guide the implementation of the Association Agenda:

- Actions undertaken through the Association Agenda should be implemented in full compliance with the AA/DCFTA, including its preamble;
- The priorities of the Association Agenda complement the responsibilities of the EU and Georgia to implement in full the provisions of the EU-Georgia Association Agreement now that it has fully entered into force;
- The Association Agenda should be implemented in full respect of the principles of transparency, accountability and inclusiveness;
- The Association Agenda involves an engagement from both sides in its implementation;
- The Association Agenda aims to achieve tangible and defined results through the progressive implementation of practical measures;
- The Parties recognise the importance of supporting the agreed priorities through appropriate and sufficient political, technical and financial means; and
- The implementation of the Association Agenda will be subject to annual reporting, monitoring and assessment. Progress made will be reviewed including in the context of the institutional structures set forth by the Association Agreement. Civil society will also be encouraged to focus their monitoring activities on the Association Agenda;

- The European Union will support Georgia in implementing the objectives and priorities set out in the Association Agenda. It will do so through using all available sources of EU support, as well as expertise and advice, best practices and know-how, the sharing of information, support to capacity-building, institutional strengthening and developing new assistance instruments. It emphasizes that the EU assistance is bound to jointly agreed conditionalities related to the progress on reform. It will also encourage and seek coordination of support from other partners of Georgia. The relevant EU financial instruments will also be available to help in the implementation of the Association Agenda. Notwithstanding this, the latter is not in itself a financial programming document and does not substitute for the programming or formulation exercises undertaken by the Parties.

EU support will be provided in the context of the overall priorities for assistance in favour of Georgia, as outlined in the ENI Single Support Framework (SSF) and in the multi-country programming under the European Neighbourhood Instrument (ENI) as part of the overall funding available for Georgia and in full respect of the relevant implementation rules and procedures of EU external assistance, aiming at the same time to take into account the priorities under the Association Agenda.

The present Association Agenda will be applicable from the moment of its adoption until the end of 2020, for an initial period which may be extended by mutual agreement. It may be amended or updated at any time as necessary by agreement of the EU-Georgia Association Council.

2. Priorities of the Association Agenda
