ECUADOR

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the area of Establishment in Ecuador.

For the preparation of this offer, account was taken of the United Nations Statistics Division's International Standard Industrial Classification of all Economic Activities, Statistical Reports, Series M, No. 4, revised ISIC, version 3.1, 2002, and of the United Nations Statistics Division's Central Products Classification, Statistical Reports, Series M, No. 77, provisional, 1991.

For methodological revision and analysis purposes:

No commitments of any kind are being made in the sectors or sub-sectors of economic activities not shown on the list

For the economic sub-sectors in which commitments are being maintained or new commitments are being incorporated, the amendments appear in the left-hand column headed "Sector or sub-sector"

Reservations, conditions and exclusions relative to the rules on market access and national treatment and applied to maintained or newly-incorporated commitments appear in the right-hand column headed "Description of reservations".

To complement the list, the same right-hand column includes any comments considered necessary on the commitment or reservation being incorporated or maintained.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to all sectors unless otherwise stated.

The commitments do not include measures relating to requirements, licences or recognitions, procedures or processes necessary for the exercise or development of an economic activity, that apply even when not shown on the list, unless they are presented as restrictions on the rules on market access and national treatment

The reservations, conditions and exclusions included on the list below will not apply, insofar as they present inconsistencies, to the sub-sectors and modes committed by Ecuador on the Schedule of Specific Commitments undertaken for its membership of the World Trade Organisation — WTO in 1996, a recast version of which can be found in document S/DCS/W/ECU of 24 January 2003, produced from the original texts of and amendments to documents GATS/SC/98/Suppl.1 and GATS/SC/98/Suppl.2, of the WTO General Agreement on Trade in Services (GATS). Accordingly, the said reservations, conditions and exclusions will be applicable to and required for the new sectors and/or modes of supply set out on the list below.

In accordance with the provisions included in Article 107(3) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures that may be adopted or maintained by the State of Ecuador in relation to grants and subsidies are listed.

Similarly, based on Article 107(5) of the Title on Trade in Services, Establishment and Electronic Commerce, Ecuador reserves the right to establish, maintain and fully implement its national legislation with the aim of attaining legitimate policy objectives in areas such as the protection of vulnerable groups, consumer protection, health and the environment among others.

In accordance with Article 107(4) of the Title on Trade in Services, Establishment and Electronic Commerce, this offer does not include services provided in the exercise of governmental authority.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

1. The list of commitments below indicates the services sectors liberalised pursuant to Article 121 of this Agreement, and, by means of reservations, the market access and national treatment limitations that apply to signatory Andean Countries services and services suppliers in those sectors. The list is composed of the following elements:

(a) A first column indicating the sector or sub-sector in which the commitment is assumed by the Party, and the scope of liberalisation to which the reservations apply; and

(b) A second column describing the applicable reservations.

When the column referred to under subparagraph (b) only includes European Union Member State -specific reservations, European Union Member States not mentioned therein undertake commitments in the sector concerned without reservations ⁽¹⁾.

Cross-border supply of services in sectors or sub-sectors covered by this Agreement and not mentioned in the list below is not committed.

Those measures (e.g. need to obtain a licence, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations), even if not listed, apply in any case to signatory Andean Countries service suppliers.

4. The list below is without prejudice to the feasibility of Mode 1 in certain services sectors and sub-sectors and without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

5. In accordance with Article 107, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

6. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XII

SECTION D

ECUADOR

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the services sector in Ecuador and their compatibility with the undertakings made at multilateral level.

For the preparation of this offer, account was taken of the United Nations Statistics Division's Central Products Classification (CPC), Statistical Reports, Series M, No. 77, provisional, 1991, for the offer relating to cross-border trade in services.

The list below is composed of the following elements:

- (a) a first column indicating the sector or sub-sector in which the commitment is assumed by Ecuador, and the scope of the commitment to which the reservations apply;
- (b) a second column describing the applicable reservations, the mode of supply and the obligation affected (Access to Markets — AM, or National Treatment — NT). AM and NT commitments are independent of each other; accordingly, if no AM commitment has been made (remaining "unbound"), this does not invalidate the NT commitment.

For methodological revision and analysis purposes, we would point out the following:

No commitments of any kind are being made in the sectors or sub-sectors of services not shown on the list

For the services sub-sectors in which commitments are being maintained or new commitments are being incorporated, the amendments appear in the left-hand column headed "Sector or sub-sector"

Reservations, conditions and exclusions relative to the rules on market access and national treatment and applied to maintained or newly-incorporated commitments appear in the right-hand column headed "Description of reservations".

To complement the list, the same right-hand column includes "comments" considered necessary on the commitment or reservation being incorporated or maintained.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to all sectors unless otherwise stated.

The commitments do not include measures relating to requirements, technical standards, procedures or processes necessary for the provision of a service and that apply even when not shown on the list, unless they are presented as restrictions on the rules on market access and national treatment

The reservations, conditions and exclusions included on the list below will not apply, insofar as they present inconsistencies, to the sub-sectors and modes committed by Ecuador on the Schedule of Specific Commitments undertaken for its membership of the World Trade Organisation — WTO in 1996, a recast version of which can be found in document S/DCS/W/ECU of 24 January 2003, produced from the original texts of and amendments to documents GATS/SC/98/Suppl.1 and GATS/SC/98/Suppl.2, of the WTO General Agreement on Trade in Services (GATS). Accordingly, the said reservations, conditions and exclusions will be applicable to and required for the new sectors and/or modes of supply set out on the list below only.

In accordance with the provisions included in Article 107(3) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures that may be adopted or maintained by the State of Ecuador in relation to grants and subsidies are listed.

Similarly, based on Article 107(5) of the Title on Trade in Services, Establishment and Electronic Commerce, Ecuador reserves the right to establish, maintain and fully implement its national legislation with the aim of attaining legitimate policy objectives in areas such as the protection of vulnerable groups, consumer protection, health and the environment among others.

In accordance with Article 107(4) of the Title on Trade in Services, Establishment and Electronic Commerce, this offer does not include services provided in the exercise of governmental authority.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

1. The list of reservations below indicates the economic activities liberalised pursuant to Article 114 of this Agreement for which limitations on key personnel and graduate trainees in accordance with Article 124 of this Agreement apply and specifies such limitations. The lists are composed of the following elements:

- (a) a first column indicating the sector or sub-sector in which limitations apply; and
- (b) a second column describing the applicable limitations.

When the column referred to under subparagraph (b) only includes European Union Member State -specific reservations, European Union Member States not mentioned therein undertake commitments in the sector concerned without reservations ⁽¹⁾.

6. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

8. The rights and obligations arising from this list of reservations shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XVI

SECTION D

ECUADOR

This Schedule of Commitments is consistent with the constitutional and legal provisions governing the temporary presence in Ecuador of persons for business purposes and their compatibility with the undertakings made at multilateral level.

For the preparation of this offer, account was taken of the United Nations Statistics Division's Central Products Classification, Statistical Reports, Series M, No. 77, provisional, 1991, for the offer relating to cross-border trade in services.

The list of reservations below indicates the economic activities liberalised pursuant to Articles 126, paragraphs 2 and 3 and 127, paragraphs 2 and 3 of this Agreement and the specific discriminatory limitations which apply thereto. Ecuador does not undertake any commitment for contractual service providers and professionals whose activities are not liberalised pursuant to Articles 126 and 127 of this Agreement.

For methodological revision and analysis purposes, the list below is presented as follows:

The sectors of services out of which the sectors affected by restrictions in this offer are described are shown on the left-hand side headed "Sector or sub-sector".

To complement the list, the right-hand column includes the restrictions or limitations affecting the corresponding sector or sub-sector.

Commitments in specific sectors or sub-sectors are subject to the horizontal reservations and limitations included in the first section, which apply across the board and unconditionally to the categories of Contractual Service Providers and Independent Professionals.

In accordance with the provisions included in Article 107(7) relating to the scope of the rules in the Title on Trade in Services, Establishment and Electronic Commerce, no measures are listed that relate to regulation of the entry of natural persons into, or their temporary stay in, Ecuadorian territory, including those measures adopted or maintained by Ecuador as necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders.

The list below does not include measures related to requirements and procedures concerning qualifications, technical standards and requirements concerning degrees, and procedures related to employment, work and social security conditions. Such measures, which include but are not limited to: the need to obtain a licence, the need to obtain recognition of qualifications in regulated sectors, the need to pass specific examinations, including language examinations, the need to have a legal domicile in the territory where the economic activity is performed, the need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country, even if not listed, apply in any case to Contractual Service Providers and Independent Professionals.

The rights and obligations derived from this schedule of commitments are not directly applicable and effective and thus do not confer directly enforceable rights on natural or legal persons.

2. Works concession contracts, when awarded by the procuring entities listed in Subsections 1 and 2, are subject to the national treatment principle established in paragraphs 1 and 2 of Article 175, of this Agreement and to Articles 173, 174, 179, 190 and 294 of this Agreement.

SUBSECTION 7

GENERAL NOTES

1. TITLE VI OF THIS AGREEMENT DOES NOT APPLY TO:

- (a) procurements of goods or services in the defence and public security sector by the Fuerzas Armadas, the Policía Nacional or the Secretaría Nacional de Inteligencia that are strategic for national defence and public security;
- (b) public procurement programmes or procedures reserved for micro, small and medium-sized enterprises ("Micro and SMEs"), or the *Actores de la Economía Popular y Solidaria* ("AEPYS") (Popular and Solidarity Economy Stakeholders), provided that the AEPYS meet the same size criteria as required of Micro and SMEs to be considered as such;
- (c) the procurement of goods for food assistance programmes;
- (d) procurements by any public-sector institutions located in the Galápagos or any procurements that affect that particular region;
- (e) the procurement or acquisition of goods, services or construction services by the missions of the foreign service of the Republic of Ecuador for their operations;
- (f) procurements made by one Ecuadorian entity from another Ecuadorian entity.

2. TECHNOLOGICAL UNBUNDLING ⁽¹⁾:

For the period of five years following the entry into force of this Agreement, procuring entities listed in Subsections 1, 2 and 3 may subject government procurement to mandatory requirements for the incorporation of domestic content pursuant to the study of technological unbundling carried out on the basis of the methodology defined by the Servicio Nacional de Contratación Pública (SERCOP) of Ecuador. These requirements shall take the form of objective and clearly defined conditions for participation in the tendering procedures for the award of procurement contracts.

Procurement entities shall indicate the existence of domestic content conditions in their notice of intended procurement and specify them in detail in the contract documents.

Such conditions shall only cover the procurement procedures of goods and construction services and shall not exceed 40 per cent of the full contract value.

3. THRESHOLD CALCULATION FORMULA

The threshold shall be adjusted at two-year intervals with each adjustment taking effect on 1 January, beginning on 1 January 2018.

The calculation of the values of thresholds shall be based on the average of the daily values of the SDR to US dollar exchange rate over the 24 months ending on the last day of August prior to the revision, with effect from 1 January. The value of the thresholds thus revised shall, where necessary, be rounded down to the nearest thousand dollars. This methodology can be modified by the EU Party and Ecuador within the Trade Committee meeting as described in paragraph 4 of Article 12 of this Agreement.

4. ECUADORIAN AUTHORITIES FOR THE PURPOSES OF ARTICLE 190 OF THIS AGREEMENT

In the case of Ecuador, the Tribunal Contencioso Administrativo, the Corte Nacional de Justicia and the SERCOP are impartial authorities for the purposes of paragraph 6 of Article 190 of this Agreement. The SERCOP is an autonomous body that has the authority to provide for the interim measures referred to in subparagraph 7(a) of Article 190 of this Agreement in procurement procedures and for the award of contracts exclusively in any procurement procedure subject to the Ley Orgánica del Sistema Nacional de Contratación Pública (Organic Law on the National Public Procurement System).

⁽¹⁾ All ministries and their bodies, institutions or administrative entities subordinate and attached to them are covered, except for the public undertakings listed in Subsection 3.

ANNEX XX

JOINT DECLARATIONS BY ECUADOR AND THE EU PARTY

Intellectual Property Rights

The Parties reaffirm the rights and obligations under the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (hereinafter referred to as the “TRIPS Agreement”).

No later than the date of entry into force of this Agreement, Ecuador will put in place fees and administrative costs for the registration and maintenance of intellectual property rights that are in line with the provisions of Article 62(4) of the TRIPS Agreement and at a level comparable with fees set by intellectual property offices of the other WTO Members. Ecuador commits to ensuring national treatment of applications for protection of intellectual property rights in line with the TRIPS Agreement, in particular Articles 3 and 27(1) thereof.

The Parties reaffirm their commitment to the “Declaration on the TRIPS Agreement and Public Health” adopted by the Doha WTO Ministerial Conference on 14 November 2001 and the right of the Parties to resort to the provisions in the TRIPS Agreement which provide flexibility for the purpose of protecting public health. For the process of issuing compulsory licences, Ecuador guarantees full compliance with the provisions and conditions in the TRIPS Agreement regarding the granting of compulsory licences, in particular Article 31 thereof, in the framework of its legal system.

Ecuador guarantees full compliance with the obligations set out in Article 61 of the TRIPS Agreement.

The Parties agree to review Ecuador’s interest in having the same level of protection for non-agricultural geographical indications as for wines, aromatised wines, spirits, agricultural products and foodstuffs in the context of the Subcommittee on Intellectual Property established pursuant to Article 257 of the Agreement. If the European Union adopts specific legislation protecting non-agricultural geographical indications, the review referred to above shall take into account this new legal situation.

Market Access

Ecuador may continue to apply the following measures, including their modifications and regulations, provided that such modifications and regulations do not create conditions that are discriminatory or more restrictive to trade:

- (a) Measures related to the application of taxes on alcoholic beverages in accordance with Articles 10 and 12 of *Ley de Fomento Ambiental Optimización de Ingresos del Estado*, published in the Official Gazette No. 583 of 24 November 2011, and Article 2 of *Ley Orgánica de Incentivos para el Sector Productivo*, published in the Second Supplement of the Official Gazette No. 56 of 12 August 2013, until two years after the entry into force of this Agreement. From that date onwards, the measures must be in conformity with Chapter 1 (Market Access for Goods) of Title III (Trade in Goods), and in particular Article 21 thereof;
 - (b) Measures related to the import of used clothing, used footwear and used vehicles (COMEXI Resolution No 182, COMEX Resolution No 51). The need to maintain these measures shall be reviewed five years after the entry into force of this Agreement.’
