Statements to the legislative "B" items set out in doc. 10098/22

Ad "B" item 4: Directive on ensuring a global minimum level of taxation for multinational groups in the Union

STATEMENT BY THE COMMISSION

“The Commission welcomes the Presidency compromise on the proposal for a global minimum level of taxation for multinational groups as part of the commitment to the Statement on a Two-Pillar Solution to Address the Tax Challenges Arising from the Digitalisation of the Economy. It recalls its determination to have both Pillar 1 and Pillar 2 implemented as soon as possible. To that end, it will continue to monitor closely the ongoing negotiations of the multilateral convention on Pillar 1; it will, as necessary and regularly, reassess the situation accordingly, with a view to ensuring a swift solution on the tax challenges arising from the digitalization of the economy and, in the absence of the implementation of the Pillar 1 solution, it will put forward a proposal.”

Ad "A" item 1: **Regulation on the public procurement reciprocity instrument**
Adoption of the legislative act

JOINT STATEMENT BY THE EUROPEAN PARLIAMENT AND THE COUNCIL

“The European Parliament and Council recognise that the rules on comitology agreed in this instrument do not prejudge the outcome of other ongoing or future legislative negotiations and are not to be seen as precedent for other legislative files.”

STATEMENT BY THE COMMISSION

“When conducting a review of the scope, functioning and efficiency of Regulation (EU) 2022/xxx, in line with its Article 14, the Commission will also assess the need to exempt from its application any of the developing countries that are beneficiaries of the general arrangement referred to in point (a) of Article 1(2) of Regulation (EU) No 978/2012, and in particular the beneficiaries of the special incentive arrangement for sustainable development and good governance as defined in Article 9 of Regulation (EU) No 978/2012. In the review, the Commission will pay particular attention to sectors that are considered strategic in respect of EU public procurement.”

STATEMENT BY THE COMMISSION
on the exclusive competence

“As confirmed in the Opinion 2/15 of the Court of Justice, the participation of third-country economic operators, goods and services in the Union’s procurement procedures falls within the scope of the common commercial policy for which, as explicitly stated in Article 3(1)(e) TFEU, the Union has exclusive competence. Therefore, Member States and their contracting authorities and contracting entities shall not adopt or maintain any legislative or other generally applicable measures governing access by third-country economic operators, goods and services beyond those applied in accordance with this Regulation and other Union legislation.”

**Revision of the Alternative Investment Fund Managers Directive
(AIFMD)**

Ad "A" item 3:

General approach

STATEMENT BY CYPRUS

“Cyprus is of the view that certain provisions of the text (namely article 50 paragraph 5) may give rise to unfair competition across the Union. More specifically, the host Member State should indeed be in a position to initiate actions by a home Member State when breaches of legislation are observed, as laid down in Article 46(2) of Directive 2011/61/EU. However, such a request regarding possible infringements by an AIFM should be adequately substantiated on the part of the host Member State. Without adequate justification, there could be disruptions to the single market, and cross border competition could be hindered, thus also creating legal uncertainty, as well as possible tensions between NCAs.”
