30 June 2022

Article 11(2) of the RRF Regulation (Regulation (EU) 2021/241) stipulates that the maximum financial contribution for non-repayable financial support of each Member State shall be updated by 30 June 2022 on the basis of Eurostat outturn data on the change in real GDP growth over 2020 and the aggregate change in real GDP for the period 2020-2021.¹ Annex III to the RRF Regulation further specifies that this update shall be done on the basis of the annual national accounts, i.e.: the latest available update of the Eurostat code series 'tec00115 (Real GDP growth rate - volume)'. The table below provides the results of this update.
