---

1. The International Civil Aviation Organisation (ICAO) high-level meeting on long-term goals will take place from 19 to 22 July 2022 in Montreal. A potential deliverable of this event is a declaration on the feasibility of a long-term aspirational goal for international aviation CO<sub>2</sub> emissions reductions.
2. On 7 and 14 July 2022, the Working Party on Aviation examined the Union position proposed by the Commission services with respect to the endorsement of that potential declaration. Delegations support the draft Union position and have proposed some adaptations. On the basis of comments by delegations, the Presidency has proposed the compromise set out in document ST 11404/22.

3. Considering the absence of meetings of the Permanent Representatives Committee and of the Council between the Aviation Working Party on 14 July 2022 and the start of the ICAO High level meeting on 19 July 2022, in accordance with Article 12(1) of the Council rules of procedures, the Presidency invites **all delegations** to **expressly state** if they agree:

- To make use of the written procedure for the approval of the Union position as set out in document ST 11404/22.

**Please answer by "YES", "NO" or "ABSTAIN".**

- To approve the Union position as set out in document ST 11404/22, so that it can be used by the Member States at the upcoming ICAO High level meeting on long-term goals.

**Please answer by "YES" or "NO".**

Any unilateral statements should be made at the same time as answering the questions.

Replies must reach the General Secretariat of the Council by 17h00 P.M. CET (Brussels time) on 15 July 2022 and should be sent by email to **avia-mar@consilium.europa.eu**
