**Draft COUNCIL CONCLUSIONS**

**on the European Court of Auditors' Special Report No 15/2022:**

**"Measures to widen participation in Horizon 2020 were well designed but sustainable change will mostly depend on efforts by national authorities"**

THE COUNCIL OF THE EUROPEAN UNION,

RECALLING

- Horizon 2020's specific objective "Spreading excellence and widening participation" which aimed to fully exploit the potential of Europe's talent pool and to ensure that the benefits of an innovation-led economy are both maximised and widely distributed across the Union in accordance with the principle of excellence;
- its conclusions of 1 December 2017 "From the Interim Evaluation of Horizon 2020 towards the ninth Framework Programme"<sup>1</sup>, in which it acknowledged that measures addressing "Spreading excellence and widening participation" have to continue and should be strengthened, including monitoring them as a cross-cutting issue;
- **its conclusions of 26 November 2020 on "the New European Research Area" (ERA)<sup>2</sup>, which stresses the need to fully activate and use the potential of ERA to contribute to regional, national and European policy objectives by means of targeted measures at national and/or EU level to promote and facilitate openness and inclusiveness of collaboration networks and to reduce fragmentation and disparities between and within Member States;**

<sup>2</sup> **12853/1/20 REV1**

1. WELCOMES the European Court of Auditors' Special Report No 15/2022: *Measures to widen participation in Horizon 2020 were well designed but sustainable change will mostly depend on efforts by national authorities*<sup>3</sup> and TAKES NOTE of the Commission's replies accompanying the Special Report<sup>4</sup>; **WELCOMES ACKNOWLEDGES** the Court's findings that widening measures **introduced under Horizon 2020 were fit for purpose in that they addressed many of the causes of the low participation of some Member States in the Framework Programme and that some projects** have already delivered a number of positive intangible and tangible outcomes; **TAKES NOTE of the Court's conclusion that genuine sustainable change is dependent on national governments playing their role in investments and reforms in R&I;**
2. TAKES NOTE of the Court's recommendation to strengthen **and extend** the use of the Policy Support Facility; ACKNOWLEDGES the importance of accompanying measures under the Policy Support Facility **as well as the Technical Support Instrument** to support Member States in ~~upgrading~~ **strengthening** their national R&I system; ENCOURAGES regular policy dialogues between the Member States and the Commission, **in the relevant fora** to jointly identify pathways for the implementation of reforms, **investments and transformation processes**, including those planned under the Recovery and Resilience Facility;
3. TAKES NOTE of the Court's recommendation to aim for a more balanced participation of widening countries in widening measures; CALLS on the Commission to **evaluate the effectiveness of the whole portfolio of widening measures, including new measures introduced in Horizon Europe, and to** assess the need for a more **tailor-made** ~~diversified portfolio~~ of actions and targeted networking activities, including through National Contact Points, to address disparities in participation among widening countries **while maintaining the principle of excellence;**

4. WELCOMES the Court's recommendation to facilitate the timely availability of complementary funding; ~~RECALLS~~ **STRESSES** the importance of synergies between Union programmes, on the one hand, and between European, national and regional levels, on the other hand, in order to ensure coherent programming and co-financing **and to address the innovation divide**; CALLS on the Commission and the Member States to tackle delays in the implementation of complementary funding and to strive for simplification;
5. SUPPORTS the Court's recommendation to enhance the capacity of project beneficiaries to exploit their research results; ~~and~~ INVITES the Commission to ~~provide~~ **reinforce the** training and coaching **provided** to widening projects' beneficiaries, to promote contacts between beneficiaries and potential ~~business~~ partners, and to encourage valorisation of widening measures' research results; **ENCOURAGES the Commission to examine the possibility to provide support in order to enable the valorisation of results achieved under widening measures**;
6. SUPPORTS the Court's recommendation to enhance monitoring of the widening measures; INVITES the Commission to identify indicators assessing the contribution of widening measures to key impact pathways, including beyond the duration of individual projects, **and to evaluate the impact of widening measures on participation in the Framework Programme**;
7. ASKS the Commission to take the European Court of Auditors' special report No 15/2022 and the Court's recommendations into account when designing and implementing current and future widening measures **in the context of the interim evaluation of Horizon Europe and of the preparation of the future Framework Programme**.
