EXPLANATORY MEMORANDUM

1. SUBJECT MATTER OF THE PROPOSAL

This proposal concerns the decision establishing the position to be adopted on the Union's behalf in the EEA Joint Committee in connection with the envisaged adoption of the Joint Committee Decision concerning an amendment of Protocol 31 to the EEA Agreement, on cooperation in specific fields outside the four freedoms

2. CONTEXT OF THE PROPOSAL

2.1. The EEA Agreement

The Agreement on the European Economic Area (*'the EEA Agreement'*) guarantees equal rights and obligations within the Internal Market for citizens and economic operators in the EEA. It provides for the inclusion of EU legislation covering the four freedoms throughout the 30 EEA States comprising of EU Member States, Norway, Iceland and Liechtenstein. In addition, the EEA Agreement covers cooperation in other important areas such as research and development, education, social policy, the environment, consumer protection, tourism and culture, collectively known as *'flanking and horizontal'* policies. The EEA Agreement entered into force on 1 January 1994. The Union together with its Member States is a party to the EEA Agreement.

2.2. The EEA Joint Committee

The EEA Joint Committee is responsible for the management of the EEA Agreement. It is a forum for exchanging views linked to the functioning of the EEA Agreement. Its decisions are taken by consensus and are binding on the Parties. The responsibility for coordinating EEA matters on the EU side is with the Secretariat General of the European Commission.

2.3. The envisaged act of the EEA Joint Committee

The EEA Joint Committee is expected to adopt the EEA Joint Committee Decision (*'the envisaged act'*) regarding the amendment of Protocol 31 to the EEA Agreement, on cooperation in specific fields outside the four freedoms.

The purpose of the envisaged act is to extend the cooperation of the Contracting Parties to the EEA Agreement to include Regulation (EU) 2021/887 of the European Parliament and of the Council of 20 May 2021 establishing the European Cybersecurity Industrial, Technology and Research Competence Centre and the Network of National Coordination Centres¹.

The envisaged act will become binding on the parties in accordance with Articles 103 and 104 of the EEA Agreement.

3. POSITION TO BE TAKEN ON THE UNION'S BEHALF

The Commission submits the annexed draft Decision of the EEA Joint Committee for adoption by the Council as the Union's position. The position, once adopted, should be presented in the EEA Joint Committee at the earliest possible opportunity.

The annexed draft Decision of the EEA Joint Committee introduces participation rights for the EEA EFTA States in the activities of the European Cybersecurity Industrial, Technology and Research Competence Centre and of the Network of National Coordination Centres,

¹ OJ L 202, 8.6.2021, p. 1

which goes beyond what can be considered mere technical adaptations in the sense of the Council Regulation No 2894/94. The Union position shall therefore be established by the Council.

4. LEGAL BASIS

4.1. Procedural legal basis

4.1.1. Principles

Article 218(9) of the Treaty on the Functioning of the European Union (TFEU) provides for decisions establishing ‘*the positions to be adopted on the Union’s behalf in a body set up by an agreement, when that body is called upon to adopt acts having legal effects, with the exception of acts supplementing or amending the institutional framework of the agreement.*’

The concept of ‘*acts having legal effects*’ includes acts that have legal effects by virtue of the rules of international law governing the body in question. It also includes instruments that do not have a binding effect under international law, but that are ‘*capable of decisively influencing the content of the legislation adopted by the EU legislature*’².

4.1.2. Application to the present case

The EEA Joint Committee is a body set up by an agreement, namely the EEA Agreement. The act, which the EEA Joint Committee is called upon to adopt, constitutes an act having legal effects. The envisaged act will be binding under international law in accordance with Articles 103 and 104 of the EEA Agreement.

The envisaged act does not supplement or amend the institutional framework of the Agreement. Therefore, the procedural legal basis for the proposed decision is Article 218(9) TFEU in conjunction with Article 1(3) of Council Regulation No 2894/94 concerning arrangements for implementing the Agreement on the European Economic Area.

4.2. Substantive legal basis

4.2.1. Principles

The substantive legal basis for a decision under Article 218(9) TFEU in conjunction with Article 1(3) of Council Regulation No 2894/94 depends primarily on the substantive legal basis of the EU legal act to be incorporated into the EEA Agreement.

If the envisaged act pursues two aims or has two components and if one of those aims or components is identifiable as the main one, whereas the other is merely incidental, the decision under Article 218(9) TFEU must be founded on a single substantive legal basis, namely that required by the main or predominant aim or component.

4.2.2. Application to the present case

Since the Joint Committee Decision extends the cooperation of the Contracting Parties to the EEA Agreement to include Regulation (EU) 2021/887, it is appropriate to base this Council decision on the same substantive legal base as the act that is incorporated. Therefore, the substantive legal basis of the proposed decision is Article 173(3) and the first paragraph of Article 188 of the TFEU.

² Judgment of the Court of Justice of 7 October 2014, Germany v Council, C-399/12, ECLI:EU:C:2014:2258, paragraphs 61 to 64.

4.3. Conclusion

The legal basis of the proposed decision should be Article 173(3) and the first paragraph of Article 188 TFEU, in conjunction with Article 218(9) TFEU and Article 1(3) of Council Regulation No 2894/94 concerning arrangements for implementing the EEA Agreement.

5. PUBLICATION OF THE ENVISAGED ACT

As the act of the EEA Joint Committee will amend Protocol 31 to the EEA Agreement, on cooperation in specific fields outside the four freedoms, it is appropriate to publish it in the *Official Journal of the European Union* after its adoption.
