'I/A' ITEM NOTE

From: General Secretariat of the Council
To: Permanent Representatives Committee/Council

No. Cion doc.: ST 15399/22 - C(2022) 8144 final

Subject: Commission Delegated Regulation (EU) .../... of 18.11.2022 amending Regulation (EU) 2019/1009 of the European Parliament and of the Council as regards the minimum content of calcium oxide in straight solid inorganic macronutrient fertilisers
- Intention not to raise objections

1. On 18 November 2022, the Commission submitted the above draft Delegated Regulation to the Council in accordance with Article 42 (1) of Regulation (EU) 2019/1009¹.

¹ Regulation (EU) 2019/1009 of the European Parliament and of the Council of 5 June 2019 laying down rules on the making available on the market of EU fertilising products and amending Regulations (EC) No 1069/2009 and (EC) No 1107/2009 and repealing Regulation (EC) No 2003/2003 (OJ L 170, 25.6.2019, p. 1);

2. This Delegated Regulation amends Annex I of Regulation (EU) 2019/1009 by including a new type of EC fertiliser, due to the adoption of Commission Regulation (EU) 2020/1666² on 10 November 2020.
 3. Delegations had until 10 January 2023 to object to the delegated act. By the deadline, only one delegation raised objections. The delegated act, therefore, will be adopted by the Commission after its three-month period for scrutiny expires on 19 February 2023.
 4. Against this background, the Permanent Representatives Committee is invited to recommend to the Council to confirm the non-opposition to the draft Delegated Regulation, as set out in document ST 15399/22 as an item without discussion at one of its forthcoming meetings.
-

² Regulation (EU) 2020/1666 amending Regulation (EC) No 2003/2003 of the European Parliament and of the Council relating to fertilisers for the purpose of including a new type of EC fertiliser in Annex I (OJ L 377, 11.11.2020, p. 3).
