ANNEX

to the

Proposal for a Council Decision

on the position to be taken on behalf of the European Union in the Trade Committee established under the Free Trade Agreement between the European Union and the Socialist Republic of Viet Nam, as regards the amendment of Protocol 1 concerning the definition of ‘originating products’ and methods of administrative cooperation

DECISION No 2022/01
OF THE TRADE COMMITTEE

of ...

modifying Annex II (List of required working or processing) to Protocol 1, concerning the definition of the concept of “originating products” and methods of administrative cooperation

THE TRADE COMMITTEE,

Having regard to the Free Trade Agreement between the European Union and the Socialist Republic of Viet Nam (hereinafter, ‘the Agreement’), and in particular paragraph 1 of Article 36 of Protocol 1, and subparagraph (c) of paragraph 3 of Article 17.1 of the Agreement,

Whereas:

- (1) Paragraph 1 of Article 36 of Protocol 1 provides that the Committee on Customs may review the provisions of Protocol 1 and submit a proposal for a decision to amend it to be adopted by the Trade Committee.
- (2) Paragraph 1 of Article 17.4 of the Agreement provides that the Trade Committee may adopt binding decisions where provided for in the Agreement.
- (3) Amendments were introduced on 1 January 2017 and on 1 January 2022 in relation to the Nomenclature governed by the Convention on the Harmonized Commodity Description and Coding System (‘HS’). The Parties to the Agreement have agreed to update Annex II to Protocol 1 containing the list of required working or processing to reflect the amendments to HS 2022.
- (4) There is no condition in Annex II to Protocol 1 for considering knitted or crocheted products of Heading 6212 to be sufficiently worked or processed. The rule of Chapter 62 of Annex II to Protocol 1 may not be applied to those products, since it is limited to products ‘not knitted or crocheted’. Therefore, a specific rule should be added for knitted or crocheted products of Heading 6212.
- (5) The required working or processing for products classified in Chapter 41 is missing in the relevant column in Annex II to Protocol 1. It should be added.
- (6) The word ‘individual’ in the third and fourth conditions of the required working or processing for products of Chapter 19 of Annex II to Protocol 1 may be interpreted

differently as regards the content of materials of Chapter 4 and of sugar. To clarify the rule, the word ‘individual’ should be deleted in both instances.

(7) The tolerances for textile products of Chapter 62 of Annex II to Protocol 1 are not referred to in the different alternative rules of the required working or processing. This should be corrected.

(8) Annex II to Protocol 1 to the Agreement should therefore be modified.

HAS ADOPTED THIS DECISION:

Article 1

Annex II to Protocol 1 to the Agreement containing the list of required working or processing to be carried out on non-originating materials in order that the product manufactured can obtain originating status is amended, as set out in Annex to this Decision.

Article 2

This Decision shall enter into force on 1 January 2024.
