	Commission Proposal	EP Mandate	Council Mandate
	markets or concerning sustainability to a collection body with a view to making that information accessible on ESAP in accordance with Article 3 of Regulation (EU) XXX/XXX [ESAP Regulation].	<u>specified by law. Nevertheless</u> , any natural or legal person may submit information about its economic activities of relevance to financial services, or to capital markets or concerning sustainability to a collection body with a view to making that information accessible on ESAP in accordance with Article 3 of Regulation (EU) XXX/XXX [ESAP Regulation].	<u>financial services and capital markets that corresponds to predetermined types and characteristics matching, to the extent appropriate, Union Law's provisions, and that is made public on a voluntary basis by</u> any natural or legal person may submit information about its economic activities of relevance to financial services, or to capital markets or concerning sustainability to a collection body <u>governed by the law of a Member State by submitting it to the relevant collection body designated in Member State where the entity has its registered office</u> with a view to making that information accessible on ESAP in accordance with Article 3 of Regulation (EU) XXX/XXX [ESAP Regulation]. <u>Any information intended to be made publicly available on ESAP should not consist in marketing information and, where relevant, should not impede the confidentiality owed to clients.</u>
13	(4) A number of Regulations in the field of financial services, capital markets and sustainability should be amended in order to enable the functioning of ESAP. To allow for a sound and efficient functioning of ESAP in a proportionate manner, the scaling-up of the collection and submission of the information would need to be gradual.	(4) A number of Regulations in the field of financial services, capital markets and sustainability should be amended in order to enable the functioning of ESAP. To allow for a sound and efficient functioning of ESAP in a proportionate manner, the scaling-up of the collection and submission of the information would need to be gradual.	(4) A number of Regulations in the field of financial services, capital markets and sustainability should be amended in order to enable the functioning of ESAP. <u>Going forward, the submission of information to ESAP will constitute an integrated part of the sectorial regulations listed in the Annex of Regulation (EU) XXX/XXX [ESAP Regulation] and of any further legally binding Union act which provides for the centralised access to information in ESAP. Information to be made available on ESAP as well as</u> To allow for a sound and efficient

	Commission Proposal	EP Mandate	Council Mandate
			<i>functioning of ESAP in a proportionate manner, the scaling up of the collection and submission of <u>bodies identified for the collection of this information could be revisited when these sectorial legislations are reviewed to ensure that ESAP provides market participants with an easy centralised access to</u> the information would need to be gradual <u>they need and becomes a market reference.</u></i>
14	(5) For the functioning of ESAP, collection bodies should be designated to collect from the relevant entities the information in relation to financial services, capital markets and sustainability. In the absence of a collection body already established under Union law, Member States shall designate one of the Officially Appointed Mechanisms established under Directive 2004/109/EC of the European Parliament and of the Council ¹ to collect and store the information, and notify the European Securities and Markets Authority (ESMA) accordingly. That Officially Appointed Mechanism should act as a collection body as defined in Article 2, point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation] and should carry out the specific tasks set out in that Regulation. Where a European Supervisory Authority or a competent authority is required under Union law to draw-up and publish on its website information on the relevant entities and their financial products in relation to financial services, capital markets and sustainability, that authority should act as a collection body as defined in Article 2, point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation].	(5) For the functioning of ESAP, collection bodies should be designated to collect from the relevant entities the information in relation to financial services, capital markets and sustainability. In the absence of a collection body already established under Union law, Member States shall designate one of the Officially Appointed Mechanisms established under Directive 2004/109/EC of the European Parliament and of the Council ¹ to collect and store the information, and notify the European Securities and Markets Authority (ESMA) accordingly. That Officially Appointed Mechanism should act as a collection body as defined in Article 2, point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation] and should carry out the specific tasks set out in that Regulation. Where a European Supervisory Authority or a competent authority is required under Union law to draw-up and publish on its website information on the relevant entities and their financial products in relation to financial services, capital markets and sustainability, that authority should act as a collection body as defined in Article 2,	(5) For the functioning of ESAP, collection bodies should be designated to collect from the relevant entities the information in relation to financial services, capital markets and sustainability. In the absence of a <u>ESAP should be established with an ambitious timeline, taking account of the necessary intermediate steps to ensure the operational soundness and efficiency of the platform. In particular, sufficient time should be left for the technical implementation of the project and the collection</u> body already established under Union law, <u>of information to be put in place in</u> Member states shall designate one of the Officially Appointed Mechanisms established under Directive 2004/109/EC of the European Parliament and of the Council¹ to collect and store the information, and notify the European Securities and Markets Authority (ESMA) accordingly. That Officially Appointed Mechanism should act as a collection body as defined in Article 2, point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation] and should carry out the specific tasks set out in

	Commission Proposal	EP Mandate	Council Mandate
	<p>That authority should publish information in a data extractable format, include the names and, where available, the legal entity identifier of the entity, and specify the type of information.</p> <p>1. Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC (OJ L 390, 31.12.2004, p. 38).</p>	<p>point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation]. That authority should publish information in a data extractable format, include the names and, where available, the legal entity identifier of the entity, and specify the type of information.</p> <p>1. Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC (OJ L 390, 31.12.2004, p. 38).</p>	<p>that Regulation. Where a European Supervisory Authority or a competent authority is required under Union law to draw up and publish on its website information on the relevant entities and their financial products in relation to financial services, capital markets and sustainability, that authority. The <u>development of ESAP should start with a prototype phase of a minimum duration of 6 months to grant sufficient time to Member states and ESMA to establish the IT infrastructure and test it on the basis of the collection of a limited number of information flows. The development of the project should then be based on a phased-in approach incorporating an increasing number of flows of information and functionalities over time at a pace allowing for a sound and efficient development of the platform. The functioning of ESAP should be assessed on a regular basis over the course of its implementation and operation to allow for the adjustments that would ensure its adequacy to the needs of its users and its technical efficiency. ESAP should</u> act as a collection body as defined in Article 2, point (2) <u>also be subject to a review of its implementation and effectiveness in application of Article 13</u> of Regulation (EU) XXXX/XXX [ESAP Regulation]. That authority should publish once a sufficient number of <u>information</u> in a data extractable format, include the names and, <u>flows would have been made available on the platform. In cases</u> where available, the legal entity identifier of the entity, and specify the type of information <u>material difficulties would be identified as a result of this review, the</u></p>

	Commission Proposal	EP Mandate	Council Mandate
			<p><u>inclusion in the scope of ESAP of information for which the submission to collection bodies is not yet required should be postponed. Such assessment and review should ensure sufficient involvement and appropriate consultation of the relevant stakeholders and expert groups.</u></p> <p>1. Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC (OJ L 390, 31.12.2004, p. 38).</p>
15	<p>(6) To ensure that ESAP provides timely access to information that is relevant for financial services, capital markets and sustainability as set out in Regulation (EU) XXXX/XXX [ESAP Regulation], entities should submit their information to a collection body at the same time as they make that information public.</p>	<p>(6) To ensure that ESAP provides timely access to information that is relevant for financial services, capital markets and sustainability as set out in Regulation (EU) XXXX/XXX [ESAP Regulation], entities should submit their information to a collection body at the same time as they make that information public. <u>In turn, collection bodies should make the information available to ESAP in automated ways and without undue delay, drawing to the extent possible upon the existing collection procedures and infrastructures in place, at Union and national level, for the transmission of information from collection bodies to ESMA.</u></p>	<p>(6) To ensure that ESAP provides timely access to information that is <u>For the functioning of ESAP, collection bodies should be designated to collect from the relevant for entities the information in relation to</u> financial services, capital markets and sustainability. <u>In the absence of a collection body already established under Union law, Member States should retain flexibility in organizing the collection of information in their jurisdiction and should designate at least one collection body as defined in Article 2, point (2) of as set out in Regulation (EU) XXXX/XXX [ESAP Regulation]¹ to collect and store the information, and notify the European Securities and Markets Authority (ESMA) accordingly. Each designated collection body entities should submit <u>carry out the specific tasks set out in Article 5 of that Regulation. For the purpose of making</u> information to a <u>available on ESAP</u></u></p>

	Commission Proposal	EP Mandate	Council Mandate
			<p><u>in a more efficient way in terms of functioning and costs, the collection, transmission and storage of information should be based, to the extent possible, on existing collection, transmission and storage procedures and infrastructures both as regards national infrastructures and existing mechanisms in place for the transmission of body at the same time as they make that information public from collection bodies to ESMA.</u></p> <p><u>1. Directive 2004/109/EC of the European Parliament and of the Council of 15 December 2004 on the harmonisation of transparency requirements in relation to information about issuers whose securities are admitted to trading on a regulated market and amending Directive 2001/34/EC (OJ L 390, 31.12.2004, p. 38).</u></p>
15a			<p><u>(6a) Where a European Supervisory Authority or a competent authority is required under Union law to draw-up and publish on its website information on the relevant entities and their financial products in relation to financial services, capital markets and sustainability, that authority should act as a collection body as defined in Article 2, point (2) of Regulation (EU) XXXX/XXX [ESAP Regulation]. That authority should publish information in a data extractable format, include the metadata as regards the names and, where available, the legal entity identifier of the entity, the reference to the Union acts in relation to which the information is submitted and</u></p>
