PROCEDURE AND CRITERIA GOVERNING INSPECTIONS CARRIED OUT BY THE AGENCY

Reasoned request by the competent authority

The supervisory authority may submit after consultation with the Agency, a reasoned request to the Agency to carry out an inspection or to participate with its inspectors to an inspection carried out of a site located in a third country. The reasoned request should specify:

- The precise identification of the site, the scope of the inspections and if relevant the concerned products;
- The timeline for this inspection to be completed;
- The reasons for requesting the support of the Agency, by reference to the criteria set out in this Annex.

The Agency may refuse an inspection request after consideration of the request, the scope and availability of internal inspection capacity.

Assessment by the Agency

The Agency decides whether it accepts to carry out such inspection or to participate with its inspectors in such inspection, based on the following criteria:

- The site is located in a non-EU/EEA country;
- The inspection is in the interest of the Union, when one or more of the following situations apply to ensure faster or continuous access to medicines of patients:
 - to prevent, mitigate or address shortages of medicinal products or their active substances or other supply issues;
 - to prevent, mitigate or address a possible threat to public health, a public health emergency or a major event which requires immediate action;
 - to address a suspicion of non-compliance of the manufacturing site;
 - to enable the process of granting of the marketing authorisation for centrally authorised products/emergency use authorisation and for their active substance master files;
 - to improve the oversight of medicines production worldwide;
 - to address serious challenges of an unexpected and temporary nature with inspections capacities at national level;
 - other relevant situations.

The compilation of Union procedures on inspections and exchange of information referred to in Article 3(1) of Directive 2017/1572 might be updated to cover rules applicable to situations where the Agency may be requested to carry out an inspection or to participate in a joint inspection.

In the context of inspections referred under Article 78 of Regulation (EU) 536/2014, the above criteria apply mutatis mutandis.
