- *Statement by Austrian delegation*

STATEMENT BY AUSTRIA

Austria fully supports the objectives of the proposed Directives to strengthen the protection against discrimination and to improve the support for victims of discrimination.

Austria emphasizes that the proposed Directives set minimum standards for equality bodies.

Austria already has a well-functioning best-practice system in the field of equal treatment and anti-discrimination that has proven its worth for decades. In order to preserve effective and long-established national structures, there should be flexibility in implementing these Directives. Effective institutions and efficient mechanisms shall continue to exist within this new framework.
