Delegations are informed that the written procedure, opened by CM 4855/23 of 13 October 2023, was completed on 16 October 2023.

All delegations replied yes to both questions. The result of the written procedure is that the Council approved the final version of the working paper prepared by the International Aviation Climate Ambition Coalition (IACAC), as set out in document ST 13872/23 REV1, and its co-authoring by the Union and its Member States. Delegations confirmed their agreement that, if adjustments to the text of the working paper are necessary in order to ensure their sponsorship by other States, the text may be adapted provided that the changes do not affect the essence or the purpose of the working paper.

The Council Secretariat takes this opportunity to thank delegations for their kind cooperation.
