## RECOMMENDATIONS

**for remedial actions aimed at addressing the (serious) deficiencies identified in the 2023 unannounced evaluation of France on the application of the Schengen *acquis* in the field of management of the external borders**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EU) 2022/922 of 9 June 2022 on the establishment and operation of an evaluation and monitoring mechanism to verify the application of the Schengen *acquis*, and repealing Regulation (EU) No 1053/2013<sup>2</sup>, and in particular Article 22(4) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) In accordance with Article 4(3), point (b), Article 18(4) and Article 19(4) of Regulation (EU) 2022/922, the Commission organised an unannounced evaluation to assess France's management of the external borders by means of a visit to a border crossing point on 4 and 5 September 2023.
- (2) Following that evaluation, the Commission adopted a report by Commission Implementing Decision C(2023) 7100 identifying serious deficiencies relating to external border checks which have, or risk to have in a short and medium perspective, a significant negative impact on one or more Member States, as well as on the functioning of the Schengen area. The draft report was shared with the French authorities on 15 September 2023. Their comments on the draft report were received on 29 September 2023.

<sup>2</sup> OJ L 160 15.6.2022, p. 1.

- (3) This Decision should set out recommendations for remedial actions which should be taken by France in order to address the identified serious deficiencies. In light of nature of the findings and the need to swiftly ensure uniform and high-level border checks, all recommendations are given the same level of priority. This Decision should set proportionate time limits for some recommendations to ensure their effective implementation. This Decision should be transmitted to the European Parliament and to the national Parliaments of the Member States.
- (4) Within one month of the adoption of this Decision, France should, pursuant to Article 22(6) of Regulation (EU) 2022/922, establish an action plan to implement all recommendations and to remedy the serious deficiencies identified in the evaluation report. France should provide that action plan to the Commission and the Council. France should report to the Commission and the Council on the implementation of its action plan every three months from the date of notice of receipt of the review of the action plan and until the Commission considers that all recommendations are fully implemented.
- (5) In accordance with Article 22(7) of Regulation (EU) 2022/922, a revisit to verify the progress made in implementing the recommendations should be organised no later than one year from the date of the evaluation activity.

#### RECOMMENDS:

*France should*
