<p><b>Statement by Malta and Slovakia</b></p> <p>We acknowledge the efforts of the Presidency to reach a compromise with the European Parliament on the draft Regulation of the European Parliament and of the Council amending Regulation (EC) No 862/2007 of the European Parliament and of the Council on Community statistics on migration and international protection.</p> <p>However, we cannot accept the compromise as stated in the "Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EC) No 862/2007 of the European Parliament and of the Council on Community statistics on migration and international protection" (ST 15300/19).</p> <p>Our concerns on this draft regulation, as already expressed during several Council Working Parties on Statistics, and during the COREPER meetings of 20 November 2019, 4 December 2019 and 15 January 2020, and also through the silence procedure that was launched, have not been addressed. The lack of real and relevant justification for the additional data and their added value for policy making persists, and the double-reporting problem has not been adequately catered for but left unclear. Furthermore, the change to recital 11, wherein requesting the prioritization of the inclusion of data requirements in the legal architecture of the regulation, has exacerbated our problem on the process since this is enabling the circumvention of an appropriate impact assessment vis-à-vis their policy-needs and creating unsubstantiated high resource and administrative constraints for Member States</p>

<p><b>Statement by the Commission</b></p> <p>The rules regarding the manner in which the EU institutions arrive at their decisions are laid down in the Treaties and are not at the discretion of the Member States or of the institutions themselves. Council Decisions concluding international agreements cannot derogate from the Treaties as regards the procedure to extend in time obligations arising from international agreements, which are thereby concluded.</p> <p>Therefore, the Commission considers that the change in the legal basis of the Council decision constitutes a violation of EU law.
