EXPLANATORY MEMORANDUM

1. CONTEXT OF THE PROPOSAL

- Reasons for and objectives of the proposal

On 20 June 2023, the Commission adopted a proposal for the mid-term revision of the Multiannual Financial Framework¹ (MFF) aiming at reinforcing the EU's long-term budget to increase the Union's resilience and leadership in the most urgent priorities and needs, notably strengthening the EU support to Ukraine.

On 29 February 2024, the Council adopted an amendment to Regulation (EU, Euratom) 2020/2093² with the consent of the European Parliament for the mid-term revision of the MFF.

The MFF revision includes increases of resources for several EU programmes. To mitigate the impact of the revision of the MFF on national budgets, these increases will be partly compensated by redeployments and reprioritisations within the EU budget. The net increase of funding for new priorities amounts to EUR 21 billion until the end of this MFF.

This requires modifying the expenditure ceilings, as well as, in some cases, amendments of the budgetary provisions of the legislative acts establishing the programmes and instruments concerned, in line with the provisions of point 18 of the Interinstitutional Agreement of 16 December 2020³ as regards the incorporation of financial provisions in legislative acts.

The following Regulations must be amended as the appropriate reductions to the financial envelopes of the programmes go beyond the flexibility under that Interinstitutional Agreement:

- Regulation (EU) 2021/522 of the European Parliament and of the Council⁴,
- Regulation (EU) 2021/1057 of the European Parliament and of the Council⁵,
- Regulation (EU) 2021/1060 of the European Parliament and of the Council⁶,

¹ COM(2023)337, 20.06.2023

² Council Regulation (EU, Euratom) 2024/765 of 29 February 2024 amending Regulation (EU, Euratom) 2020/2093 laying down the multiannual financial framework for the years 2021 to 2027 (OJ L, 2024/765, 29.02.2024).

³ Interinstitutional Agreement of 16 December 2020 between the European Parliament, the Council of the European Union and the European Commission on budgetary discipline, on cooperation in budgetary matters and on sound financial management, as well as on new own resources, including a roadmap towards the introduction of new own resources, OJ L 433I, 22.12.2020, p. 28.

⁴ Regulation (EU) No 2021/522 of the European Parliament and of the Council of 24 March 2021 establishing a Programme for the Union's action in the field of health ('EU4Health Programme') for the period 2021-2027, and repealing Regulation (EU) No 282/2014 (OJ L 107, 26.3.2021, p. 1)

⁵ Regulation (EU) No 2021/1057 of the European Parliament and of the Council of 24 June 2021 establishing the European Social Fund Plus (ESF+) and repealing Regulation (EU) No 1296/2013 (OJ L 231, 30.6.2021, p. 21)

⁶ Regulation (EU) No 2021/1060 of the European Parliament and of the Council of 24 June 2021 laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, the Just Transition Fund and the European Maritime, Fisheries and Aquaculture Fund and financial rules for those and for the Asylum, Migration and Integration Fund, the Internal Security Fund and the Instrument for Financial Support for Border Management and Visa Policy (OJ L 231, 30.6.2021, p. 159)

- Regulation (EU) 2021/1139 of the European Parliament and of the Council⁷,
- Regulation (EU) 2021/1229 of the European Parliament and of the Council⁸,
- Regulation (EU) 2021/1755 of the European Parliament and of the Council⁹,

In addition, there is a parallel amendment increasing the financial envelope of the Border Management and Visa Instrument (BMVI), which is not included in the present proposal due to the different voting rules.

There is a pressing need to provide the Union with appropriate funding and to provide legal certainty to the preparations of the draft budget of the Union for the financial year 2025, as well as for the financial programming for the years 2026 and 2027. The Commission therefore calls on the European Parliament and the Council to ensure a rapid adoption via the use of an urgent adoption procedure.

2. LEGAL BASIS, SUBSIDIARITY AND PROPORTIONALITY

• Legal basis

The proposal is based on Article 43(2), Article 164, Article 168(5), Article 175 and Article 177 of the Treaty on the Functioning of the European Union (‘TFEU’) which are the relevant legal bases for the specific provisions of the Regulations to be amended.

• Subsidiarity (for non-exclusive competence)

This proposal is in line with the subsidiarity principle, as it only affects the budgetary provisions of the Regulations to be amended, not their scope, objective, or delivery mode.

• Proportionality

This proposal respects the proportionality principle, as it is limited to changes strictly necessary to give effect to the amendment to Regulation (EU, Euratom) 2020/2093.

• Choice of the instrument

The regulations listed above are to be amended by way of a Regulation to give effect to the amendment of Council Regulation 2020/2093. The inclusion of all necessary amendments (except for the one to the Border Management and Visa Instrument) in a single legislative proposal aims at ensuring a coherent negotiation process as well as at facilitating the adoption by the legislator as a matter of urgency.

3. BUDGETARY IMPLICATIONS

The amendment to Regulation (EU, Euratom) 2020/2093 includes reinforcements of several programmes and priorities, whose impact on national budgets is mitigated by redeployments of funds from a set of EU programmes. This proposal aims at implementing these redeployments.

⁷ Regulation (EU) No 2021/1139 of the European Parliament and of the Council of 7 July 2021 establishing the European Maritime, Fisheries and Aquaculture Fund and amending Regulation (EU) 2017/1004 (OJ L 247, 13.7.2021, p. 1)

⁸ Regulation (EU) No 2021/1229 of the European Parliament and of the Council of 14 July 2021 on the public sector loan facility under the Just Transition Mechanism (OJ L 274, 30.7.2021, p. 1)

⁹ Regulation (EU) No 2021/1755 of the European Parliament and of the Council of 6 October 2021 establishing the Brexit Adjustment Reserve (OJ L 357, 8.10.2021, p. 1)

Under Heading 2a, this proposal will result in a reduction of the resources allocated to Interregional Innovation Investments by EUR 75 000 000 in current prices (EUR 64 020 145 in 2018 prices), the European Urban Initiative by EUR 55 000 000 in current prices (EUR 46 929 686 in 2018 prices), ESF+ Transnational Cooperation by EUR 65 000 000 in current prices (EUR 55 473 996 in 2018 prices). It will also make it possible to reduce the amount used as technical assistance at the initiative of the Commission; the reduction is estimated at EUR 210 000 000 in current prices (EUR 178 656 655 in 2018 prices) for the period 2025-2027.

Under Heading 2b, it is proposed to reduce the EU4Health amount by EUR 1 000 000 000 in current prices (845 000 000 in 2018 prices) for the period 2025-2027 from the programme-specific adjustment defined in Article 5 and Annex II of the Council Regulation (EU, Euratom) 2020/2093¹⁰.

Under Heading 3, it is proposed to reduce the resources allocated to the Public Sector Loan Facility by EUR 150 000 000. The European Maritime, Fisheries and Aquaculture Fund's (EMFAF) direct and indirect management resources for the period 2025-2027 will be reduced by EUR 105 000 000.

Concerning special instruments, it is proposed to reduce the resources provisionally allocated to the Brexit Adjustment Reserve by EUR 584 264 090.

The above reductions are expressed in current prices and set a limit on the amounts of commitment appropriations to be included in the annual budgets for years 2025, 2026 and 2027.

4. OTHER ELEMENTS

Implementation plans and monitoring, evaluation and reporting arrangements

- **Detailed explanation of the specific provisions of the proposal**

Parliament and of the Council, unprecedented geopolitical events have occurred, triggered by Russia's illegal war of aggression against Ukraine, the ensuing energy crisis and the related spike in inflation and interest rates. These geopolitical and economic developments have brought new emergencies which should be addressed to deliver on the Union's shared priorities and needs. Taking into account the near exhaustion of the limited budgetary flexibilities and the limits reached by redeployment possibilities, the Multiannual Financial Framework (MFF) had to be reinforced for the period 2024-2027 to provide for the funding that is the most essentially needed to respond to urgent and common challenges.

- (2) Following the Commission proposal for a targeted revision of the 2021-2027 MFF⁹, Council Regulation (EU, Euratom) 2020/2093¹⁰ was amended by Council Regulation 224/765 on 29 February 2024¹¹.

- (8) The total amount of the grant component of the Public Sector Loan Facility to be financed from the Union budget for the 2021-2027 MFF period in accordance with Regulation (EU, Euratom) 2020/2093 should be reduced.

1.4. Objective(s)

1.4.1. General objective(s)

On 29 February 2024, the Council adopted an amendment to Regulation (EU, Euratom) 2020/2093 following the the mid-term review/revision of the 2021-2027 Multiannual Financial Framework.

The MFF revision includes increases of resources for several EU programmes. To mitigate the impact of the revision of the MFF on national budgets, these increases will be partly compensated by redeployments and reprioritisations within the EU budget. The net increase of funding for new priorities amounts to EUR 21 billion until the end of this MFF.

This requires modifying the expenditure ceilings, as well as, in some cases, amendments of the budgetary provisions of the legislative acts establishing the programmes and instruments concerned, in line with the provisions of point 18 of the Interinstitutional Agreement of 16 December 2020 as regards the incorporation of financial provisions in legislative acts.

Concerning sections 1.4, 1.5 and 1.6, information on the general objectives can be found in the relevant legislative proposals of the programmes:

²²

As referred to in Article 58(2)(a) or (b) of the Financial Regulation.

Proposal for a Regulation of the European Parliament and of the Council on the establishment of a Programme for the Union's action in the field of health (COM/2020/405 final). The EU4Health Programme contributes to the following main objectives:

- a) improving and fostering health in the Union to reduce the burden of communicable and non-communicable diseases, by supporting health promotion and disease prevention, by reducing health inequalities, by fostering healthy lifestyles and by promoting access to healthcare;
- b) protecting people in the Union from serious cross-border threats to health and strengthening the responsiveness of health systems and coordination among the Member States in order to cope with serious cross-border threats to health;
- (c) improving the availability, accessibility and affordability of medicinal products and medical devices, and crisis-relevant products in the Union, and supporting innovation regarding such products;
- (d) strengthening health systems by improving their resilience and resource efficiency.

Proposal for a Regulation laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, and the European Maritime and Fisheries Fund and financial rules for those and for the Asylum and Migration Fund, the Internal Security Fund and the Border Management and Visa Instrument (COM/2018/375 final). This proposal includes specific allocations for the European Urban Initiative, the Interregional Innovation Investments, ESF+ Transnational Cooperation and a ceiling for technical assistance at the initiative of the Commission.

Proposal for a Regulation of the European Parliament and of the Council on the public sector loan facility under the Just Transition Mechanism (COM(2020) 453 final). The public sector loan facility established under this proposal constitutes the third pillar of the Just Transition Mechanism. It will support public investments, through preferential lending conditions. These investments will benefit the territories most negatively affected by the climate transition as identified in the territorial just transition plans for the purposes of the Just Transition Fund.

Proposal for a Regulation of the European Parliament and of the Council establishing the Brexit Adjustment Reserve (COM(2020) 854 final). The Reserve established under this Regulation will provide support to Member States, regions and sectors, in particular those that are worst affected by the adverse consequences of the withdrawal of the United Kingdom from the Union, mitigating thus its impact on the economic, social and territorial cohesion. The Reserve will provide financial contributions to cover all or part of the additional public expenditure incurred by Member States, especially those relying most heavily on trade and economic relations with the United Kingdom, for measures directly linked to the withdrawal.

Proposal for a Regulation of the European Parliament and of the Council on the European Maritime and Fisheries Fund and repealing Regulation (EU) No 508/2014 of the European Parliament and of the Council (COM/2018/390 final). The purpose of this proposal is the establishment of the EMFAF for the 2021-2027 period. That fund aims to target funding from the Union budget to support the Common Fisheries Policy (CFP), the Union's maritime policy and the Union's international commitments in the field of ocean governance. EMFAF is a key enabler for

sustainable fisheries and the conservation of marine biological resources, for food security through the supply of seafood products, for the growth of a sustainable blue economy and for healthy, safe, secure, clean and sustainably managed seas and oceans.

1.4.2. *Specific objective(s)*

1.4.3. *Expected result(s) and impact*

Specify the effects which the proposal/initiative should have on the beneficiaries/groups targeted.

- The proposal for amendments to Regulation (EU) 2021/522 will reduce the programme-specific adjustment defined in Article 5 and Annex II of the Council Regulation (EU, Euratom) 2020/2093 by EUR 1 000 000 000 in current prices (845 000 000 in 2018 prices) for the period 2025-2027. The consequences on the measures implemented under the programme will be assessed during the preparation of the annual work programme.
- The proposal for amendments to Regulation (EU) 2021/1229 will reduce the total amount of the grant component of the public sector loan facility to be financed from the Union budget for the 2021-2027 MFF period by EUR 150 000 000 in current prices.
- The proposal for amendments to Regulation (EU) 2021/1060 will reduce the allocation for the European Urban Initiative by EUR 55 million in current prices, for the Interregional Innovation Investments by EUR 75 million in current prices, for ESF+ Transnational Cooperation by EUR 65 million in current prices and for technical assistance at the initiative of the Commission by EUR 210 million in current prices.
- The proposal for amendments to Regulation (EU) 2021/1755 will reduce the remaining provisional allocation of the BAR that becomes available in 2025 by EUR 584 264 090 in current prices.
- The proposal for the amendment to Article 7 (1) of the Regulation (EU) 2021/1139 will reduce the allocation for the EMFAF implemented under direct and indirect management by EUR 105 000 000 in current prices for the period 2025-2027.

3.2.3. Summary of estimated impact on administrative appropriations

The Mid-Term Review of the MFF included reductions of certain budgetary envelopes, as presented in this act, but also significant increases on others. The net effect of these amendments will have no impact on the administrative costs and resources of the Commission. In this context, the Commission will continue to seek an effective and efficient use of its human resources, taking account of the principle of stable staffing, by constantly assessing internal redeployment opportunities.
