**Ad "A" item 12:**      **Interinstitutional ethics body**  
    *Approval*

**STATEMENT BY THE COUNCIL**

- “1. The internal procedures of the Council regarding the appointment of the Council’s representative in the Interinstitutional Body for Ethical Standards, as well as the positions to be expressed by him/her, will ensure the Council’s full and constructive participation in the exercise of the tasks of the Body, duly taking into account the fact that the representatives of each Member State at ministerial level who may commit their government and cast its vote, are bound only by their respective national rules on ethical behaviour and not by the ethical standards to be developed by the Body.
2. The Council will be represented in the Body by the Presidency of the Council. The alternate representative will be, in line with Article 20(2) of the Council’s Rules of Procedure<sup>1</sup>, a representative of the Member State next holding the Presidency.
3. The Council’s representative and its alternate representative in the Body will be assisted by the General Secretariat of the Council.”

**STATEMENT BY THE COUNCIL**

“The Council welcomes the conclusion of the Agreement establishing an Interinstitutional Body for Ethical Standards (‘the Body’), which is to contribute to promoting a common culture of ethics and transparency, in particular by developing common minimum standards for the conduct of members of institutions and advisory bodies mentioned in Article 13 TEU and by fostering the exchange of best practices on the matter.

According to Article 16(2) TEU, the Council consists of representatives of each Member State at ministerial level, who may commit their government and cast its vote. These representatives are subject to their respective national rules on ethical behaviour, including when exercising their functions as member or Presidency of the Council, and cannot therefore be subject to the ethical standards to be developed by the Body.

---

<sup>1</sup> Article 20(2) of the Council’s Rules of Procedure reads as follows: “*Without prejudice to the provisions of Article 19(4) to (6) and to its powers and its overall political responsibility, the six-monthly Presidency shall be assisted in all its responsibilities by the other members of the pre-established group of three Member States referred to in Article 1(4) on the basis of the 18-month programme or pursuant to other arrangements agreed between them. It shall also be assisted, where appropriate, by the representative of the Member State next holding the Presidency. At the Presidency's request and acting on its instructions, that representative or a member of that group shall replace it as and when required, shall relieve it, where necessary, of certain tasks and shall ensure the continuity of the Council's proceedings.*”

The Council reaffirms its strong commitment to the principle of sincere cooperation, enshrined in Article 4 of the Treaty on European Union, as interpreted by the Court of Justice of the European Union.

The Council underlines that the citizens of the Union must be able to trust that any person exercising a mandate in a Union institution or advisory body is bound by robust rules on ethical behaviour, in all of his/her European Union functions. To this effect, the High Representative of the Union for Foreign Affairs and Security Policy, including in his/her function as President of the Foreign Affairs Council, is listed among the members of the parties as defined in Article 2 of the Agreement.

Against this background, the Council is committed to participating fully in the deliberations and decisions to be taken by the Body and to contributing constructively to the shaping of common minimum standards, taking duly into account the Council's specificities and the legal constraints following from the Treaties. The Council reaffirms that its internal procedures will ensure the Council's adequate representation and participation in the Body."

### **Statements to the legislative "A" item set out in doc. 9062/24**

**Ad "A" item 5:**                      **Regulation on the effective coordination of economic policies and on multilateral budgetary surveillance**  
*Adoption of the legislative act*

#### **STATEMENT BY BELGIUM**

- "1. During the various stages of the negotiations on the reform of the economic governance framework, the Belgian authorities were unable to come to a national position.
2. Despite the absence of a national position, Belgium has constructively played its role as President of the Council of the European Union.
3. Before the final adoption of the legislative acts, the Belgian authorities consulted with one another again. The outcome of this consultation is that, in the absence of a final position, Belgium will neither approve nor oppose the adoption of the legislative package."

#### **STATEMENT BY HUNGARY**

"Hungary takes note of the agreement between the Presidency and the European Parliament on the text of Regulation of the European Parliament and of the Council on the effective coordination of economic policies and multilateral budgetary surveillance and repealing Council Regulation (EC) No 1466/97 (2023/0138 (COD)).

However, we consider the reference to the 'Social Convergence Framework' as stipulated in Recital 8, as well as the reference to 'framework to identify risks to social convergence' as stipulated in Article 3, Paragraph 3(b) legally unjustified. It seems evident, that the formulation of the main text refers to the Social Convergence Framework, which is currently not an approved analytical tool and has no legal background. Any reference to it in a Regulation prejudices inappropriately the future decisions of the Council."
