OF THE REGIONAL STEERING COMMITTEE OF THE TRANSPORT
COMMUNITY**

of ...

on the adoption of Travel Rules concerning staff of the Transport Community

THE REGIONAL STEERING COMMITTEE OF THE TRANSPORT COMMUNITY,

Having regard to the Treaty establishing the Transport Community, and in particular Article 24(1) and Article 30 thereof,

HAS DECIDED AS FOLLOWS:

Article 1

The Travel Rules of the Transport Community are hereby adopted.

For the Regional Steering Committee

The President

Travel Rules of the Transport Community

1. Scope

- 1.1. The travel rules shall apply to all official travel from the place of employment in the interest of the Transport Community.
- 1.2. The rules apply to all staff members of the Transport Community subject to the Staff Regulations of the Transport Community.

2. Travel authorisations

- 2.1. Before leaving on official travel, authorisation must be obtained in the form of an approved travel request. Travel requests are approved in writing by the Director or an official authorised by him. The authorisation request must provide the Director with all the details he or she needs to take an informed decision, such as:
 - the purpose of the trip, its location and the starting and finishing times of the meeting(s);
 - the duration of the travel based on the means of transport used, and the times and itinerary for the round trip, including local transport where appropriate;
 - accommodation arrangements;
 - estimated costs involved based on optimum cost-efficiency.
- 2.2. It is the responsibility of the staff member/official to obtain the necessary authorisation before commencing official travel. The approved travel request is to be kept by the staff member and attached to the travel claim upon return from mission together with a travel report.
- 2.3. For the trips of the Director, a Memory Note will be prepared in advance, based on the template in Annex I, and signed by him/her. The Memory Note will indicate the reason for travel and its envisaged duration. The Director shall follow the common procedures as envisaged in these Rules.

3. Transport between the place of employment and the place of the official travel

- 3.1. As a general rule the most cost-effective mode of transportation, relative to the purpose and duration of the travel, will be authorised.
- 3.2. Travel by air shall take place by the most direct route at the lowest available price. When travel dates suggest the inclusion of a weekend in order to obtain an APEX¹fare, the staff member will be entitled to the additional daily subsistence allowance (DSA), provided that the APEX fare constitutes the lowest available airfare and overall savings can be achieved.
- 3.3. The normal standard for travel by railway shall be second class for a distance up to 200 km and first class for distance above.
- 3.4. When no air or rail transport is available or not cost-effective, travel by bus or car will be authorised.

¹ Abbrev. Advance Purchase Excursion, a reduced fare that is available on some air and train tickets when they are booked a certain period in advance.

- 3.5. When travel by car is authorised, the staff member is encouraged to make use of the car-rental arrangements made by the Transport Community. The Transport Community will provide for the highest possible insurance coverage available. Where the insurance nonetheless carries a retention, the Transport Community shall cover it. The Transport Community shall not be liable in cases where the insurance does not cover the damage, loss or theft.
- 3.6. Exceptionally, the use of private car may be authorised. In this case, costs will be reimbursed to the staff member with the amount equivalent to the costs of the corresponding class railway-ticket in accordance with item 3.3. When more than one staff member travels by car, reimbursement is made to the owner of the car only. When using the private car, the Transport Community cannot assume liability for any third party claim, damage to the car, loss or theft of personal items left in the car.
- 3.7. Staff members are only allowed to include private destinations into an official itinerary if this has been duly authorised by the Director. If the inclusion of a private destination results in higher costs, the staff member has to pay for the difference between the fare of the official itinerary and the changed fare.

4. Purchase of tickets

- 4.1. Booking travel arrangements are centralised within the Administration Division of the Permanent Secretariat of the Transport Community.
- 4.2. Staff members are expected to communicate their travel needs as early as possible so that the most economical fare can be obtained.
- 4.3. The Administration Division will send the approved travel request to the authorised travel agent and return it to the traveller. The travel agent shall be instructed by the Transport Community not to issue and deliver tickets before having received, by fax, the authorised travel request. The same procedure applies for railway tickets. In case railway tickets cannot be obtained through the travel agent, staff members may purchase their own railway tickets and will be reimbursed upon submission of the related travel claim.

5. Travel expenses

Travel expenses paid or reimbursed by the Transport Community on the basis of supporting documents comprise:

- Cost of transportation, including transportation to/from the airport or other point of arrival or departure (i.e. hotel, other place of dwelling, meeting venue, premises of the Permanent Secretariat of the Transport Community);
- Daily subsistence allowance (DSA);
- Other costs in direct relation with the travel and authorised with the request for travel (e.g. excess baggage, visa costs, registration fees for conferences, seminars, etc.).

6. Transportation to/from the airports, ports and stations at the place of employment

As a general rule, staff should use public transport. However, transfers by taxi may be authorised by the Director if they are justified, especially when two or more staff going on mission share the taxi, when no other public transport options are available, or when the

transfer occurs before 8 am or after 9 pm. The corresponding costs are reimbursed on presentation of the supporting documents. Use of a private vehicle may be authorised provided that it is justified. In that case, reimbursement is limited to parking fees (at the airport, station or port) on presentation of supporting documents.

7. Transportation at the place where the official travel takes place

As a general rule, public transport should be used. Use of a taxi is nevertheless permitted if public transport is not an appropriate alternative (on security grounds, for example). By signing the claim for reimbursement of the staff member concerned, the Director is acknowledging this fact. The costs will be reimbursed on presentation of supporting documents.

8. Cancellation and modification for prior to departure

If the official travel is cancelled or modified, the staff member must:

- immediately inform the Director and the Administration Division and provide the reasons;
- immediately cancel or rebook the tickets and reservations issued by the authorised travel agent, in writing, even if they are not refundable;
- take the necessary steps to cancel or rebook tickets acquired directly by another means;
- immediately cancel or modify hotel reservations and car-rental bookings, in writing;
- draw up a statement of expenses incurred as a result of the cancellation/modification.

The Transport Community will cover the cancellation and rebook costs irrespective of the means of reservation used.

9. Extension

Official travel may have to be extended as a result of unforeseen circumstances. If the duration of the travel initially indicated on the mission order is extended, leading to additional costs, this must be mentioned in the claim for reimbursement of travel expenses (see point 15).

10. Interruption

An official travel may be interrupted for the requirements of the service, for reasons of force majeure or for personal reasons of a serious nature recognised as such by the Director. The interruption must be authorised in advance by the Director except in cases of extreme urgency or if the Director cannot be reached. All expenses resulting from an interruption authorised by the Director on the grounds listed above will be covered by the Transport Community and reimbursed as part of the official travel.

11. Changes made for personal reasons

Staff going on official travel may be authorised to adapt the timetable, accommodation or transport arrangements for personal reasons. In that case they must include with the authorisation request a comparison between the proposed costs and the costs that would have been incurred without such changes. This comparison must be drawn up at the same time, using one of the methods chosen for organising the travel and based on similar conditions. The person going on travel will meet directly and personally (by the means notified to him by the Administration Division):

- any additional cost² arising from the changes made for personal reasons, including departure from and/or return to another location, if the comparison indicates an increase in the cost of the mission;
- any fees charged for carrying out the comparison, if this was done by a travel agency.

12. Daily subsistence allowance (DSA)

12.1. The daily subsistence allowance includes the costs of paid accommodation and meals, gratuities and other incidentals.

12.2. The DSA rates applicable to EU-funded external aid contracts shall apply at their most recent scale³

The rate applicable is that for the place at which the staff member spends the night. A full day's DSA is paid for the day on which the travel starts. No DSA is paid for the day on which travel is concluded i.e. DSA is paid based on the number of nights spent on travel.

12.3. Higher compensation may exceptionally be approved by the Director, on a case-by-case basis, when the traveller is requested to stay at pre-determined hotels for which the room rate would absorb 60% or more of the DSA rate. In such cases, the accommodation costs shall be reimbursed upon presentation of the related bill. In any case, circumstances entailing a claim for higher compensation must be described in the travel request and approved prior to departure.

12.4. Reduced DSA rates shall be applied when:

12.4.1. travel does not involve an overnight stay:

- 50% of the DSA of the respective destination shall be paid for a travel of 8 hours or more;
- For a travel of less than 8 hours and more than 5 hours, 35% of the DSA will be paid.
- For a travel up to and including 5 hours, 20% of the DSA will be paid.

12.4.2. free accommodation is provided to the traveller:

- 50% of the DSA of the respective destination shall be paid.

12.4.3. travel involves over-night inter-continental flights or train rides:

² Measured in relation to the overall cost of the official travel (without the daily subsistence allowance).

³ https://ec.europa.eu/international-partnerships/system/files/per-diem-rates-20200201_en.pdf

- 50% of the DSA of the respective destination shall be paid.
- 12.4.4. free meals (breakfast, lunch and/or dinner) are provided to the traveller:
- For each free meal, 10% of the DSA rate shall be deducted.
- 12.4.5. free accommodation and meals are provided to the traveller:
- 20% of the DSA rate shall be paid.
- 12.5. When travel concerns traveling within the host country (Serbia), the DSA of the host country will apply. For relevant deduction of the DSA within Serbia, the same provisions as those for travels abroad apply.
- 12.6. When all expenses are borne by the organiser of the event, the above stated provisions regarding the DSA calculation will apply.
- 12.7. No daily subsistence allowance will be paid for the part of the travel that was subject to changes made under article 11 (changes made for personal reasons).

13. Travel advances

- 13.1. If requested by the traveller, the Transport Community will provide an advance of funds for travel on official business of up to 80% of the DSA for the journey. Requests for travel advances must be made minimum 4 working days before the day of departure.
- 13.2. Any sums paid by way of an advance will be deducted from the amounts reimbursed to cover mission expenses. If an advance has been paid which proves to be greater than the actual cost of the mission, the surplus will be recovered in a single payment from a subsequent salary payment to the person carrying out the mission. If an advance has been paid to a staff member for a mission that is subsequently cancelled, the amount of the advance will be automatically deducted from a subsequent salary payment.

14. Travel reports

Staff members traveling on official business are required to submit a short travel report within one week upon return to the office. It shall be signed by the supervisor, attached to the travel claim and sent to the Director as well as to staff concerned, as appropriate.

15. Reimbursement of travel expenses

- 15.1. A claim for reimbursement of travel expenses accompanied by the travel report, the travel authorisation and supporting documents shall be submitted to the Administration Division and the Director within one week after return to the office, whether or not a travel advance has been paid. No bills for hotels and meals and other incidentals have to be attached since the established DSA is a lump sum compensation for these expenses.
- 15.2. In the event that a staff member has taken travel advance and fails to submit the related travel claim within the specified period, the travel advance shall be deducted from subsequent salary payment. The deducted travel advance will only be reimbursed if the travel claim is filed.

16. Staff responsibility and liability

Staff members are responsible for the accuracy and completeness of the declarations and representations made by them when planning, carrying out and reporting on their travel. They will, without prejudice of the provisions of the Staff Regulations of the Transport Community, be liable for any unduly perceived amount or misconduct.

Staff members have to implement the official travel in line with the general performance requirements laid down in the Staff Regulations of the Transport Community. Staff members are expected to live up to the highest standards of professional ethics, and to remain independent at all times.

17. Control Measures

The Transport Community will retain the records, documents and evidence related to the authorisation, and the planning and organisation of travels, as well as to the settlement of the payment dues for a period of five years.

The financial rules and auditing procedures of the Transport Community apply.

18. Concluding Remarks

These Travel Rules shall be applicable starting on the day following to their adoption by the Regional Steering Committee.

DRAFT

**DECISION No 2020/
OF THE REGIONAL STEERING COMMITTEE OF THE TRANSPORT
COMMUNITY**

of ...

**on the adoption of rules on the reimbursement of expenses incurred by persons from
outside the Permanent Secretariat of the Transport Community invited to attend
meetings in an expert capacity**

THE REGIONAL STEERING COMMITTEE OF THE TRANSPORT COMMUNITY,

Having regard to the Treaty establishing the Transport Community, and in particular
Article 24(1) and Article 35 thereof,

HAS DECIDED AS FOLLOWS:

Article 1

The rules on the reimbursement of expenses incurred by persons from outside the Permanent
Secretariat of the Transport Community invited to attend meetings of the Transport
Community in an expert capacity are hereby adopted.

*For the Regional Steering Committee
The President*

**Rules on the reimbursement of expenses incurred by persons from outside the
Permanent Secretariat of the Transport Community invited to attend meetings in an
expert capacity**

ARTICLE 1

1. These rules shall apply to:
 - (a) anyone from outside the Transport Community who is invited to give a specific professional opinion in a committee or working group, wherever the location of the meeting;
 - (b) anyone responsible for accompanying a disabled person who has been invited by the Transport Community to attend a meeting in an expert capacity.
2. Experts may be private-sector experts or government experts:
 - (a) Private-sector experts are individuals who represent civil society or work for a private organisation who have been invited to give the Transport Community the benefit of their personal expertise or to represent their organisations in a specific area, but not to defend the interests of a particular country;
 - (b) Government experts are individuals who have been invited as representatives of a national, regional or local public authority of an EU Member State or a South East European Party or who have been appointed by such an authority.

ARTICLE 2

The Permanent Secretariat of the Transport Community shall not be liable for any material, non-material or physical damage suffered by invited experts or those responsible for accompanying a disabled expert in the course of their journey to or stay in the place where the meeting is held, unless such harm is directly attributable to the Permanent Secretariat of the Transport Community.

In particular, the Transport Community shall not be liable for any accidents in which invited experts who use their own means of transport for travelling to the meeting are involved.

ARTICLE 3

1. All experts shall be entitled to the reimbursement of their travel expenses from the place specified in their invitation (work or home address) to the place of the meeting, by the most appropriate means of transport given the distance involved. In general, for journeys of less than 400 km (one way, according to official distance by rail) this shall be first-class rail travel, and for distances of more than 400 km economy class air travel. If the journey by air involves a flight of 4 hours or more the cost of a business class ticket shall be reimbursed.
2. The Director of the Permanent Secretariat of the Transport Community shall specifically try to ensure that meetings are organised in such a way as to enable experts to benefit from the most economical travel rates. The Director of the Permanent Secretariat of the Transport Community shall scrutinise particularly closely any requests for reimbursement involving abnormally expensive flights. He or she shall have the right to carry out any checks that might be needed and to request any proof from the expert required for this purpose. He or she shall also have

the right, where it appears to be justified, to restrict reimbursement to the rates normally applied to the usual journey from the expert's place of work or residence to the meeting place.

3. Travel expenses shall be reimbursed on presentation of original supporting documents: tickets and invoices or, in the case of online bookings, the printout of the electronic reservation and boarding cards for the outward journey. The documents supplied must show the class of travel used, the time of travel and the amount paid.
4. The cost of travel by private car shall be reimbursed at the same rate as the first-class rail ticket.
5. If the route is not served by a train the cost of travel by private car shall be reimbursed at the rate of EUR 0.22 per km.
6. Taxi fares shall not be reimbursed.

ARTICLE 4

1. The daily allowance paid for each day of the meeting is a flat rate to cover all expenditure at the place where the meeting is held, including for example meals and local transport (bus, tram, metro, taxi, parking, motorway tolls, etc.), as well as travel and accident insurance.
2. The daily allowance shall be EUR 92.00.
3. If the place of departure cited in the invitation is 100 km or less from the place where the meeting is held, the daily allowance shall be reduced by 50%.
4. Experts who have to spend one or more nights at the place where the meeting is held because the times of meetings are incompatible with the times of flights or trains⁴, shall also be entitled to an accommodation allowance. This allowance shall be EUR 100.00 per night. The number of nights may not exceed the number of meeting days + 1.
5. An additional accommodation allowance and/or daily allowance may, exceptionally, be paid if prolonging the stay would enable the expert to obtain a reduction in the cost of transport worth more than the amount of these allowances.
6. The daily allowance and/or accommodation allowance may be increased by 50% by reasoned decision of the Director of the Permanent Secretariat of the Transport Community for very high-level experts.

ARTICLE 5

Where, taking into account any expenses incurred by disabled experts as a result of their disability or any person accompanying them, the allowances provided for in Article 4 appear to be clearly inadequate, the expenses shall be reimbursed at the request of the Director of the Permanent Secretariat of the Transport Community on presentation of supporting documents.

⁴ As a general rule, experts cannot be required:
- to leave their place of work or residence or the place where the meeting is held before 07.00 (station or other means of transport) or 08.00 (airport);
- to arrive at the place where the meeting is held after 21.00 (airport) or 22.00 (station or other means of transport);

ARTICLE 6

1. Unless stated otherwise in the letter of invitation and the request to organise the meeting, private-sector experts shall be entitled to a daily allowance for each day of the meeting and, where appropriate, an accommodation allowance, on condition that they declare on their honour that they are not receiving a similar allowance or similar allowances from another institution for the same visit. The Director of the Permanent Secretariat of the Transport Community shall ensure consistency between the content of the letters of invitation and the request to organise the meeting.
2. Government experts shall receive a daily allowance for each day of the meeting and, where appropriate, an accommodation allowance, provided that provision for this is made in the rules of procedure of the committee or working group and on condition that they declare on their honour that they are not receiving a similar allowance or similar allowances from their own administration for the same visit.
3. The Director of the Permanent Secretariat of the Transport Community may, by reasoned decision and on presentation of supporting documents, authorise the reimbursement of expenses which invited experts have had to incur as a result of special instructions they have received in writing.
4. All reimbursements of travel expenses, daily allowances and/or accommodation allowances shall be made to one and the same bank account.
5. Reimbursements of the costs of government experts shall be paid into an account in the name of the government, one of its ministries or a public body, in the absence of any derogation from the government, one of its ministries or a public body.

ARTICLE 7

1. The maximum number of experts per meeting, whether or not entitled to reimbursement of their expenses, shall be one per a South East European Party and per EU Member State invited as a government expert, and a number of private-sector experts equal to the number of government experts.
2. The Director of the Permanent Secretariat of the Transport Community may depart from this rule, by reasoned decision, in the event of joint meetings of several committees or working groups.

ARTICLE 8

1. The payment order shall be drawn up on the basis of the request for reimbursement, duly completed and signed by the expert and by the secretary of the meeting responsible for certifying the expert's presence.
2. Experts must provide the secretary of the meeting with the documents necessary for their reimbursement, by letter, fax or e-mail postmarked or dated no later than 30 calendar days after the final day of the meeting.
3. The Permanent Secretariat of the Transport Community shall reimburse the experts' expenses within 30 calendar days.
4. Unless the expert can provide a proper justification that is accepted by reasoned decision by the Director of the Permanent Secretariat of the Transport Community, failure to comply with paragraph 2 shall absolve the Transport Community from any obligation to reimburse travel expenses or pay any allowances.

ARTICLE 9

1. Travel expenses shall be reimbursed in euros, where appropriate at the rate of exchange applying on the day of the meeting.
2. The daily allowance and, where appropriate, the accommodation allowance, shall be reimbursed in euros at the flat rate applicable on the day of the meeting.

 - (a) fails to draw up a document establishing an amount receivable;
 - (b) fails to issue a recovery order or is, without justification, late in issuing it;

If the delegating authority then gives a reasoned instruction in writing to the authorising officer by delegation to implement the decision in question, the latter must implement it and may not be held liable.

Such cancellation shall be by decision of the authorising officer responsible and shall be suitably substantiated.
8. The authorising officer responsible shall adjust the amount of an established debt upwards or downwards when the discovery of a factual error entails the alteration of the amount of the debt, provided that this correction does not involve the loss of the established entitlement of the Transport Community. Such an adjustment shall be by decision of the authorising officer responsible and shall be suitably substantiated.
9. Where a debtor has a claim against the Transport Community, of a fixed amount and due relating to a sum established by a payment order, the accounting officer shall, after expiry of the deadline specified in the debit note, recover established amounts receivable by offsetting.

Article 38

The accounting officer, in collaboration with the authorising officer responsible, may allow additional time for payment only at the written request of the debtor, with due indication of the reasons, provided that the following two conditions are met:

- (a) the debtor undertakes to pay interest for the entire additional period allowed, starting from the date on which the payment was originally due at the rate applied by the European Central Bank for its main refinancing operations in euros (the reference rate) plus eight points. The reference rate is the rate in force, as published in the C series of the Official Journal of the European Union, on the first day of the month in which the payment period ends;
