THE EUROPEAN UNION

ICELAND

HAVING REGARD to the Agreement between the European Economic Community and the Republic of Iceland signed on 22 July 1972, and to the existing arrangements for trade in fish and fishery products between Iceland and the Community,

HAVING REGARD to the Additional Protocol to the Agreement between the European Economic Community and Iceland concerning special provisions applicable for the period 2014–2021 to imports into the Union of certain fish and fishery products, and in particular Article 1 thereof,

HAVE DECIDED TO CONCLUDE THIS PROTOCOL:

## ARTICLE 1

1. The special provisions applicable to imports into the European Union of certain fish and fishery products originating in Iceland are laid down in this Protocol and the Annex hereto. The annual duty free tariff quotas are set out in the Annex to this Protocol. These tariff quotas shall be applicable from the day on which the provisional application of this Protocol becomes effective, according to procedures laid down in paragraph 3 of Article 4, until 30 April 2028.
2. At the end of this period, the Contracting Parties will assess the need to maintain the special provisions referred to in paragraph 1 and, if necessary, review the quota levels while taking into account all relevant interests.

## ARTICLE 2

1. The tariff quotas shall be opened on the day on which the provisional application of this Protocol becomes effective, according to procedures laid down in paragraph 3 of Article 4.
2. The volumes of the tariff quotas are set out in the Annex to this Protocol. The first tariff quota shall be available from the date of provisional application of this Protocol until 30 April 2024. From 1 May 2024 onwards, subsequent tariff quotas shall be allocated annually from 1 May to 30 April until the end of the period referred to in Article 1 of this Protocol.

3. The tariff quota volumes covering the period from 1 May 2021 until the provisional application of this Protocol shall be proportionally allocated and made available for the rest of the period referred to in Article 1 of this Protocol.

4. In case tariff quotas referred to in Article 1 are not exhausted during the period referred to in Article 1, and in case a subsequent protocol establishing duty-free tariff quotas for the same products is not provisionally applied, imports from Iceland can be made for the remaining accumulated quota volume of those tariff quotas for up to two years following the end of the period referred to in Article 1, but not longer than provisional application of a subsequent protocol establishing duty-free tariff quotas for the same products.

### ARTICLE 3

The rules of origin applicable for the tariff quotas listed in the Annex to this Protocol shall be those set out in Protocol 3 to the Agreement between the European Economic Community and Iceland signed on 22 July 1972.

## ARTICLE 4

1. This Protocol shall be ratified or approved by the Parties in accordance with their own procedures. The instruments of ratification or approval shall be deposited with the General Secretariat of the Council of the European Union.
2. It shall enter into force on the first day of the second month after the last instrument of ratification or approval has been deposited.
3. Pending the completion of the procedures referred to in paragraphs 1 and 2, this Protocol shall be applied on a provisional basis from the first day of the third month following the deposit of the last notification to this effect.
