**COMMISSION DELEGATED REGULATION (EU) .../...**

**of 2.5.2024**

**supplementing Regulation (EU) 2018/1240 of the European Parliament and of the Council as regards the identification of increases in the costs of operation and maintenance of the European Travel Information and Authorisation System (ETIAS) for the purpose of changing the amount of the travel authorisation fee**

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE DELEGATED ACT**

In September 2018, the Council and the European Parliament adopted Regulation (EU) 2018/1240, establishing the European Travel Information and Authorisation System ('ETIAS')<sup>1</sup>.

That Regulation requires the European Commission to adopt delegated acts that are necessary for the development and technical implementation of the ETIAS Information System.

In particular, pursuant to Article 18(4) of that Regulation, the Commission is delegated the task of defining the conditions for changing the amount of the ETIAS travel authorisation fee on the basis of any evolution of the costs of operation and maintenance of ETIAS that may justify an increase of the amount of the ETIAS travel authorisation fee.

Pursuant to Article 18 of Regulation (EU) 2018/1240, applicants applying for an ETIAS travel authorisation are to pay a fee set at EUR 7. In accordance with Article 86 of that Regulation, revenues generated from the fee should cover the costs of the operation and maintenance of ETIAS, which are outlined in Article 85 of that Regulation, and as incurred by the Member States, the European Border and Coast Guard Agency, the European Union Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice and the European Union Agency for Law Enforcement Cooperation ('agencies').

Following Article 85(3) of Regulation (EU) 2018/1240, ETIAS' operating costs should also include financial support to Member States for expenses incurred to customise and automate border checks in order to implement ETIAS.

In this regard, if the revenue from the fee set at EUR 7 is not enough to cover the costs mentioned in the preceding two paragraphs, that fee may be changed by the adoption of a Delegated Act. In this respect, the Commission was delegated the task to provide for such a possible change.

### **2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT**

For the purpose of developing the above-mentioned delegated act, an Expert Group was established. All Member States were presented with an opportunity to nominate experts to participate in the Expert Group on Information Systems for Borders and Security, in accordance with Article 89(4) of Regulation (EU) 2018/1240 and with the principles laid down in the Interinstitutional Agreement of 13 April 2016 on Better Law-Making. As a result, this Commission Delegated Regulation was developed based on the input given by experts of the Member States in the framework of the above-mentioned Expert Group.

This Expert Group was consulted for the first time on 26 March 2021. The experts were also given the opportunity to provide the European Commission with written comments. A final version of this Regulation that built on the feedback received was presented to the Member States on 26 January 2024, after which the document was considered final by the experts and by the Commission.

<sup>1</sup> Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226 (OJ L 236, 19.9.2018, p. 1).

In addition, the European Border and Coast Guard Agency ('Frontex'), within which the ETIAS Central Unit will be established, and the European Union Agency for Law Enforcement Cooperation ('Europol') were consulted.

Furthermore, the European Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice ('eu-LISA') advised the Commission regarding the technical needs and feasibility of the measure proposed.

Additionally, the European Data Protection Supervisor was consulted before adoption to ensure the respect of data protection provisions.

### **3. LEGAL ELEMENTS OF THE DELEGATED ACT**

In accordance with Article 18(1) of Regulation (EU) 2018/1240, the applicant shall pay a fee of EUR 7 to apply for an ETIAS travel authorisation. This fee shall be waived for applicants under 18 years or above 70 years of age at the time of the application, as well as for third-country nationals referred to in point (c) of Article 2(1) of the Regulation.

Pursuant to Article 86 of Regulation (EU) 2018/1240, the ETIAS travel authorisation fee collected is to cover the costs of operation and maintenance of ETIAS, in accordance with that Article.

In instances where the collected fee is insufficient to cover those costs, it becomes necessary to raise the amount of the fee. In this respect, in accordance with Article 18(4), the European Commission is to adopt a delegated act to identify any increase in the costs of operation and maintenance of ETIAS justifying a change of the fee.

This Regulation conforms to the principle of proportionality. While the European Commission relies on the reporting of costs of operation and maintenance of ETIAS by Member States and agencies to be able to make a timely and informed decision on whether a change of the amount of the ETIAS travel authorisation fee is required, no obligations to report on ETIAS-related costs will be imposed on Member States and agencies beyond those that already exist under the applicable legal bases.

# COMMISSION DELEGATED REGULATION (EU) .../...

of 2.5.2024

**supplementing Regulation (EU) 2018/1240 of the European Parliament and of the Council as regards the identification of increases in the costs of operation and maintenance of the European Travel Information and Authorisation System (ETIAS) for the purpose of changing the amount of the travel authorisation fee**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226<sup>1</sup>, and in particular Article 18(4) thereof,

Whereas:

- (1) Regulation (EU) 2018/1240 establishes the European Travel Information and Authorisation System ('ETIAS') applicable to visa-exempt third country nationals seeking to enter the territory of the Member States.
- (2) In accordance with Article 86 of Regulation (EU) 2018/1240, the costs of operation and maintenance of ETIAS are to be covered by revenues generated by the ETIAS travel authorisation fee. To know their structure and identify any significant or longstanding increase in these costs, the Commission should review, on a yearly basis, the costs of operation and maintenance of ETIAS reported by the Member States, as well as the European Border and Coast Guard Agency ('Frontex'), the European Union Agency for the Operational Management of Large-Scale IT Systems in the Area of Freedom, Security and Justice ('eu-LISA') and the European Union Agency for Law Enforcement Cooperation ('Europol') (hereafter collectively referred to as 'agencies') under their pre-existing reporting obligations.
- (3) A significant or persistent increase in those costs should lead to a change of the amount of the ETIAS travel authorisation fee. To that end, the Commission should compare the costs of operation and maintenance of ETIAS reported by the Member States and the agencies in a given year with those reported in previous years, in order to identify any significant or longstanding increases. In order to minimise reporting obligations, this comparison should be performed on the basis of data already reported by Member States under Regulation (EU) 2021/1148 of the European Parliament and of the Council<sup>2</sup>. To determine whether an increase of the amount of the ETIAS travel authorisation fee would be justified, the Member States and the agencies should provide, upon request by the Commission, the reasons underpinning the increase in the costs of operation and maintenance.
