- (2) Applying Contracting Parties developed electronic systems or adapted existing systems to balance the need for digitalisation with the requirements of the movement certificate form described in the Transitional rules of origin<sup>3</sup> (Appendix A to Protocol 3 to the Agreement).
- (3) Considering the development of customs electronic systems, the EU and the Republic of Iceland (the Parties) acknowledge that proofs of origin in the form of movement certificates should benefit from a modernisation concerning their issuance, submission and verification.
- (4) A network of bilateral protocols on rules of origin among Contracting Parties to the Convention entered into force rendering the Transitional rules of origin applicable<sup>4</sup> since 1 September 2021.
- (5) The Parties affirm their commitment to continue the good practices introduced under the exceptional measures during the COVID-19 pandemic, recognise the importance of introducing electronic means and work together towards a common system based on electronic proofs of origin and electronic administrative cooperation within the pan-Euro-Mediterranean zone (PEM zone)<sup>5</sup>.
