NOTE

From: Presidency
To: Permanent Representatives Committee
Subject: Cohesion policy legislative package 2021-2027
- European Regional Development Fund and Cohesion Fund Regulation
= Presidency Report

Delegations will find attached the four-column table that, from the Presidency's viewpoint, is the result of the work under the Croatian Presidency and the progress so far on the inter-institutional negotiations with the European Parliament on the ERDF/CF Regulation.

European Regional Development Fund and Cohesion Fund (ERDF-CF) Regulation

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19)	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
	1	TABLE OF CONTENTS [... TO BE INSERTED]	<i>Provisional common understanding on the insertion of the table of contents</i>	1.

¹ EP position on 3 recitals of broader scope:

Recital (3): Regulation (EU) 2018/XXX of the European Parliament and of the Council [new CPR] sets out common rules applicable to various funds including the European Regional Development Fund (ERDF), the European Social Fund Plus (ESF+), the Cohesion Fund, *the European Agricultural Fund for Rural Development (EAFRD)*, the European Maritime and Fisheries Fund (EMFF), the Asylum and Migration Fund (AMIF), the Internal Security Fund (ISF) and the Border Management and Visa Instrument (BMVI) which operate under a common framework (‘the Funds’). [Am. 1]

Recital (3a): *Member States and the Commission shall ensure the coordination, complementarity and coherence between the European Regional Development Fund (ERDF), the Cohesion Fund (CF), the European Social Development Fund+ (ESF+), the European Maritime and Fisheries Fund (EMFF) and the European Fund for Agricultural Development (EAFRD), so that they can complement each other where this is beneficial for creating successful projects.* [Am. 2]

Recital (5): Horizontal principles as set out in Article 3 of the Treaty on European Union (‘TEU’) and in Article 10 of the TFEU, including principles of subsidiarity and proportionality as set out in Article 5 of the TEU, should be respected in the implementation of the ERDF and the Cohesion Fund, taking into account the Charter of Fundamental Rights of the European Union. ~~Member States should also respect the obligations of the UN Convention on the and the European Pillar of Social Rights of Persons with Disabilities and ensure accessibility in line with its article 9 and in accordance with the Union law harmonising accessibility requirements for products and services. Member States and the Commission should aim at eliminating social and income inequalities, at furthering the fight against poverty, at the preservation and at promoting equality between men and women and integrating the gender perspective, as well as at the creation of quality jobs with attendant rights and at ensuring that the ERDF and the Cohesion Fund promote equal opportunities for all, combating discrimination based on gender, sex, racial or ethnic origin, religion or belief, disability, age or sexual orientation. The Funds should also promote the transition from institutional care to family and community-based care, in particular for those who face multiple discrimination. The Funds should not support actions that contribute to any form of segregation. The objectives of the Investments under ERDF and the Cohesion Fund, in synergy with ESF+, should be pursued in the framework of sustainable development and the Union’s promotion of the aim of preserving, protecting and improving the contribute to promoting social inclusion and fighting poverty, and to raising citizens’ quality of the environment as set out in Articles 11 and 191(1) of the TFEU, taking into account the polluter pays principle. In order to protect the integrity life in line with the obligations of the internal market, operations benefiting undertakings shall comply with State aid rules as set out in Articles 107 and 108 of the TFEU UN Convention on the Rights of Persons with Disabilities and the UN Convention on the Rights of the Child (UNCRC) to contribute to children’s rights. [Am. 3]~~

	<p><i>The ERDF and the Cohesion Fund (CF) shall contribute to the overall objective of strengthening the Union's economic, social and territorial cohesion.</i></p> <p><i>The ERDF shall contribute to reducing disparities between the levels of development of the various regions within the Union, and to reducing the backwardness of the least favoured regions including environmental challenges, through sustainable development and structural adjustment of regional economies.</i></p> <p><i>The Cohesion Fund shall contribute to projects in the field of trans-European networks and environment.</i></p>		<p><i>EP proposal:</i></p> <p><i>The ERDF and the Cohesion Fund (CF) shall contribute to the overall objective of strengthening the Union's economic, social and territorial cohesion.</i></p> <p><i>The ERDF shall contribute to reducing disparities between the levels of development of the various regions within the Union, and to reducing the backwardness of the least favoured regions including environmental challenges, through participation in the structural adjustment of regions whose development is lagging behind and in the conversion of declining industrial regions, including by promoting sustainable development and addressing environmental challenges.</i></p> <p><i>The Cohesion Fund shall contribute to projects in the field of <u>environment and trans-European networks</u> and <u>environment in the area of transport infrastructure</u>.</i></p>	8.

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19)	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
Article 2 ² Specific objectives for the ERDF and the Cohesion Fund	[no change]	[no change]	Provisional common understanding on the title of the Article.	9.

² EP position on several recitals linked to Article 2:

Recital (8): In an increasingly interconnected world and in view of the **internal and external** demographic and migration dynamics, it is clear that Union migration policy requires a common approach that relies on the synergies and complementarities of the different funding instruments. **The ERDF must pay more specific attention to demographic change as a key challenge and priority area in devising and implementing programmes.** In order to ensure coherent, strong and consistent support for solidarity and responsibility-sharing to integration of processes of refugees and migrants under international protection by adopting an approach aimed at protecting the dignity and rights of them, not least in view of the mutually-reinforcing relationship between integration and local economic growth, especially by providing infrastructure support to cities and local authorities involved in implementing integration policies. [Am. 4]

Recital (9): In order to support the efforts of Member States and regions in **reducing disparities between levels of development and harmonise different situations of EU regions, facing up to social disparities**, new challenges and ensuring **inclusive societies and** a high level of security for citizens as well as the prevention of marginalisation and radicalisation, while relying on the synergies and complementarities with other Union policies, investments under the ERDF should contribute to security in areas where there is a need to ensure safe, **modern, accessible** and secure public spaces and critical infrastructure, such as **communication, public transport, and energy and universal, high-quality public services which are vital to address regional and social disparities, promote social cohesion and regional development and encourage enterprises and people to stay in their local area.** [Am. 5]

Recital (10): In addition, investments under the ERDF should contribute to the development of a comprehensive high-speed digital infrastructure network, **throughout the Union, including in rural areas where it is a vital contributor to small and medium-sized enterprises (SMEs),** and to promoting ~~clean~~ **pollution-free** and sustainable multimodal ~~mobility~~ **mobility with a focus on walking, cycling, public transport and shared mobility.** [Am. 6]

Recital (10a): **Many of the greatest challenges in Europe increasingly affect marginalised Roma communities, who often live in the most disadvantaged micro-regions which lack safe and accessible drinking water, sewage, electricity, and which do not enjoy transportation possibilities, digital connectivity, renewable energy systems or disaster resilience. Therefore, ERDF-CF shall contribute to improving the living conditions of Roma and fulfilling their true potential as EU citizens, and Member States shall safeguard that the benefits of all the five policy objectives of ERDF-CF will reach the Roma as well.** [Am. 7]

Recital (12): In order to **contribute to an appropriate governance, enforcement, cross-border cooperation and spread of best practices and innovations in the field of smart specialization and circular economy** improve the overall administrative capacity of the institutions and governance in the Member States, **including at the regional and local levels on the principles of multilevel governance,** implementing the programmes under the Investment for jobs and growth goal, it is necessary to ~~enable supporting~~ **promote administrative reinforcement** measures ~~under all of the~~ **of a structural nature in support of all specific objectives. Being based on measurable objectives and notified to citizens and businesses as a means of simplifying and reducing the administrative burden imposed on beneficiaries and managing authorities, it is possible for these measures to strike the right balance between the result-orientation of the policy and the level of checks and controls.** [Am. 8]

Recital (13): In order to encourage and boost cooperation measures, within programmes implemented under the Investment for jobs and growth goal, it is necessary to enhance cooperation measures with partners **including those at local and regional level** within a given Member State or between different Member States in relation to support provided under all of the specific objectives. Such enhanced cooperation is additional to the cooperation under ETC/Interreg and should in particular support cooperation among structured

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19)	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
1. In accordance with the policy objectives set out in Article 4(1) of	[no change]	[no change]	Provisional common understanding	10.

partnerships with a view to implementing regional strategies as referred to in the Communication from the Commission ‘Strengthening Innovation in Europe’s Regions: Strategies for resilient, inclusive and sustainable growth’². Partners may therefore come from any region in the Union, but may also include cross-border regions and regions which are all covered by *European Groupings of Territorial Cooperation*, a macro-regional or sea-basin strategy or a combination of the two. [Am. 9]

Recital (13a): *The future cohesion policy may take adequate consideration of and provide support to the regions of the Union that are most impacted by the consequences of the United Kingdom’s exit from the Union, in particular those that will, as a result, find themselves situated on external sea or land borders of the Union; [Am. 10]*

Recital (14): *The objectives of the ERDF and the Cohesion Fund should be pursued in the framework of sustainable development, notably the highly importance of tackling climate change in line with the Union’s commitments to implement the Paris Agreement, 2030 Agenda of the United Nations and the UN Sustainable Development Goals as well as and the Union’s promotion of the aim of preserving, protecting and improving the quality of the environment as set out in Articles 11 and 191(1) of the TFEU, taking into account the polluter pays principle as well as focusing on poverty, inequality and a just transition to a socially and environmentally sustainable economy in a participatory approach in cooperation with relevant public authorities, economic, and social partners as well as civil society organisations. Reflecting the importance of tackling climate change and loss of biodiversity in order to contribute to the financing of necessary actions to be taken at EU, national and local level to fulfil in line with the Union’s commitments to implement the Paris Agreement and the United Nations Sustainable Development Goals, as well as to ensure integrated disaster prevention support linking resilience and risk prevention, preparation and response, the Funds will contribute to mainstream climate actions and to the achievement of an overall target of 25% biodiversity protection by targeting 30 % of the EU budget expenditure supporting climate objectives. *The Funds must contribute substantially to the achievement of a circular and low-carbon economy in all territories of the Union and fully incorporating the regional dimension.* Operations under the ERDF are expected to contribute 30% to at least 35 % of the overall financial envelope of the ERDF to climate objectives. Operations under the Cohesion Fund are expected to contribute 37% 40 % of the overall financial envelope of the Cohesion Fund to climate objectives. *These percentages should be respected throughout the programming period. Therefore, relevant actions will be identified during the preparation and implementation of these funds, and reassessed in the context of the relevant evaluations and review procedures. These actions and the financial allocation reserved for their implementation are to be included in the national Integrated Energy and Climate Plans in accordance with Annex IV of Regulation (EU) 2018/xxxx[new CPR] as well as long-term renovation strategy established under the revised Energy Performance of Building Directive (E) 2018/844 to contribute to the achievement of a decarbonised building stock by 2050, and attached to the Programmes. Specific attention should be paid to carbon-intensive areas facing challenges due to decarbonisation commitments, in view of assisting them in pursuing strategies consistent with the Union’s climate commitment and laid down in the Integrated National Energy and Climate Plans and under the ETS Directive 2018/410 and to protect workers also through training and reskilling opportunities. [Am. 11]**

Recital (24 a): *Specific attention should be paid to carbon-intensive areas facing challenges due to decarbonisation commitments, in view of assisting them in pursuing strategies consistent with the Union’s climate commitment under the Paris Agreement that protect workers and affected communities alike. Such areas should benefit from dedicated support to prepare and implement plans for decarbonisation of their economies taking into account the need for targeted vocational training and reskilling opportunities for the workforce. [Am. 23]*

<p><i>Article 3⁸</i> <i>Thematic concentration of ERDF support</i></p>		9		52.
<p>1. With regard to programmes implemented under the Investment for jobs and growth goal, the total ERDF resources in each Member State shall</p>				53.

⁸ EP position on two recitals linked to Article 3:

Recital (17): The ERDF should help to redress the main regional imbalances in the Union and to reduce disparities between the levels of development of the various regions and the backwardness of the least favoured regions including those facing challenges due to the decarbonisation commitments ***through financial support for the transitional period. It should also foster resilience and prevent vulnerable territories from falling behind.*** ERDF support under the Investment for jobs and growth goal should therefore be concentrated on key Union priorities in line with policy objectives laid down in Regulation (EU) 2018/xxx [new CPR]. Therefore support from the ERDF should be concentrated ***specifically*** on the policy *two* objectives of a 'a smarter Europe by promoting innovative, ~~and~~ smart ***and inclusive*** economic development and transformation', ***regional connectivity in the area of technologies, developing the information and communication technologies (ICT), connectivity and efficient public administration*** and 'a greener, low-carbon and resilient Europe ***for all*** by promoting clean and fair energy transition, green and blue investment, the circular economy, climate adaptation and risk prevention and management' ***while taking account of the overall policy objectives of a more cohesive and solidarity-based Europe helping reduce economic, social and territorial asymmetries.*** Said thematic concentration should be attained at national level, while allowing ***margins for flexibility*** at the level of individual programmes and between ~~the three groups of Member States formed according to respective gross national income~~ ***various categories of regions, taking account too of different levels of development.*** In addition, the methodology to classify ***the regions*** Member States should be set out in detail taking into account the specific situation of the outermost regions. [Am. 14]

Recital (18) In order to concentrate the support on key Union priorities ***and in line with the objectives of social, economic and territorial cohesion set out in Article 174 TFEU and the policy objectives laid down in Regulation (EU) 2018/xxx [new CPR]***, it is also appropriate that thematic concentration requirements should be respected throughout the programming period, including in the case of transfer between priorities within a programme or between programmes. [Am. 16]

⁹ Council position: The Council does not have yet a mandate on Article 3 of the ERDF/CF Regulation.

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19)	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
be concentrated at national level in accordance with paragraphs 3 and 4.				
2. With regard to the thematic concentration of support for Member States comprising outermost regions, the ERDF resources allocated specifically to programmes for the outermost regions and those allocated to all other regions shall be treated separately.				54.
3. Member States shall be classified, in terms of their gross national income ratio, as follows:	<u>Amendment 66</u> Member States Regions at NUTS 2 level shall be classified, in terms of their gross national income domestic product (GDP) per capita , as follows:			55.
(a) those with a gross national income ratio equal to or above 100 % of the EU average ('group 1');	<u>Amendment 67</u> (a) those with a gross national income ratio equal to or above GDP per capita above 100 % of the EU average GDP of the EU27 ('group 1');			56.
(b) those with a gross national income ratio equal to or above 75 % and below 100 % of the EU average ('group 2');	<u>Amendment 68</u> (b) those with a gross national income ratio equal to or above 75 % and below GDP per capita			57.

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19) <i>between 75 % and 100 % of the EU average GDP of the EU27</i> ('group 2');	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
(c) those with a gross national income ratio below 75 % of the EU average ('group 3').	<u>Amendment 69</u> (c) those with a gross national income ratio below <i>GDP per capita less than 75 % of the EU average GDP of the EU27</i> average ('group 3').			58.
For the purposes of this Article, the gross national income ratio means the ratio between the gross national income <i>per capita</i> of a Member State, measured in purchasing power standards and calculated on the basis of Union figures for the period from 2014 to 2016, and the average gross national income per capita in purchasing power standards of the 27 Member States for that same reference period.	<u>Amendment 70</u> For the purposes of this Article, the gross national income ratio means <i>classification of a region under one of the three categories of regions shall be determined on the basis of the ratio between the gross national income domestic product per capita of a Member State each region</i> , measured in purchasing power standards (<i>PPS</i>) and calculated on the basis of Union figures for the period from 2014 to 2016, and the average gross national income per capita in purchasing power standards <i>GDP</i> of the 27 Member States <i>EU27</i> for that same reference period.			59.

<i>Article 8²⁴</i> <i>Integrated territorial development</i>	<i>[no change]</i>	Article 8 Integrated territorial development		134.
1. The ERDF may support integrated territorial development within programmes under both goals referred to in Article 4(2) of Regulation (EU) 2018/xxxx [new CPR] in accordance with Chapter II of Title III of that Regulation [new CPR].	<u>Amendment 109</u> 1. The ERDF may shall support integrated territorial development within programmes under both goals referred to in Article 4(2) of Regulation (EU) 2018/xxxx [new CPR] in accordance with Chapter II of Title III of that Regulation [new CPR].	1. The ERDF may support integrated territorial development within programmes under both goals referred to in Article 4(2) of Regulation (EU) 2018/xxxx [new CPR] in accordance with Chapter II of Title III of that Regulation [new CPR].		135.
	<u>Amendment 110</u>			136.

²⁴ EP position on two recitals linked to Article 8: Recital (24): In order to maximise the contribution to territorial development, **and to address more effectively economic, demographic, environmental and social challenges, as envisaged in Article 174 TFEU, in areas with natural or demographic disadvantages including ageing, rural desertification and demographic decline but also demographic pressure or where it is difficult to access basic services**, actions in this field should be based on **programmes, axes or** integrated territorial strategies including ~~in~~ **urban areas and rural communities. These actions should be the two sides of the same coin, based on both the central urban hubs and their surroundings as well as the more remote rural. These strategies should also benefit from a multifund and integrated approach involving the ERDF, ESF+, EMFF and EAFRD. A minimum target of 5% of ERDF resources should be earmarked at national level for integrated territorial development**. Therefore, ~~the ERDF~~ support should be delivered ~~through the forms set out in Article 22 of Regulation (EU) 2018/xxxx [new CPR]~~ ensuring appropriate involvement of local, regional and urban authorities, **economic and social partners and representatives of civil society and non-governmental organisations**. [Am. 22]

Recital (29): Since the objective of this Regulation, namely to reinforce economic, social and territorial cohesion by redressing the main regional imbalances in the Union **through citizens oriented approach aimed at supporting community led development and fostering active citizenship**, cannot be sufficiently achieved by the Member States but can rather, by reason of the extent of the disparities between the levels of development of the various regions and the backwardness of the least favoured regions and the limit on the financial resources of the Member States and regions, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the TEU. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective. [Am. 27]

		representatives from Member States, regional authorities and cities, representatives of business, research and civil society bodies. The expert group shall support the Commission in defining a long-term work programme and in preparing calls for proposals.		
<i>Article 11³⁰ Outermost regions</i>	<i>[no change]</i>	6. The governance model shall also ensure appropriate coordination and complementarities with ERDF programmes under the Investment for jobs and growth goal, as well as with Interreg programmes, in particular under strand 'Interreg C' as defined in Article XX of [Interreg Regulation] ²⁹ .	<i>Provisional common understanding to be validated at trilogue level</i>	163.
	<i>[no change]</i>	<i>[no change]</i>		164.

²⁹

Council position: Strand 'Interreg C' as defined in the Presidency paper for GAC (Cohesion).

³⁰

EP position on Recital (27): Specific attention should be paid to outermost regions, namely by adopting measures under Article 349 of the TFEU providing for an additional allocation for the outermost regions to offset the additional costs incurred in these regions as a result of one or several of the permanent restraints referred to in Article 349 of the TFEU, namely remoteness, insularity, small size, difficult topography and climate, economic dependence on a few products, the permanence and combination of which severely restrain their development. This allocation can cover investments, operating costs and public service obligations aimed at offsetting additional costs caused by such restraints. Operating aid may cover expenditure on freight transport services, **green logistics**, **mobility management** and start-up aid for transport services as well as expenditure on operations linked to storage constraints, the excessive size and maintenance of production tools, and the lack of human capital in the local market. **This allocation shall not be subject to the thematic concentration provided for in this Regulation.** In order to protect the integrity of the internal market, and as is the case for all operations co-financed by the ERDF and the Cohesion Fund, any ERDF support to the financing of operating and investment aid in the outermost regions should comply with

Commission proposal COM(2018)372 final	European Parliament's first reading (27/03/19)	Council position (COREPER partial mandate of 15 February 2019)	Compromise proposal, comments	Row
1. The specific additional allocation for the outermost regions shall be used to offset the additional costs incurred in these regions as a result of one or several of the permanent restraints to their development listed in Article 349 of the TFEU.	<u>Amendment 121</u> 1. The Article 3 shall not apply to the specific additional allocation for the outermost regions. This specific additional allocation for the outermost regions shall be used to offset the additional costs incurred in these regions as a result of one or several of the permanent restraints to their development listed in Article 349 of the TFEU.	1. The specific additional allocation for the outermost regions shall be used to offset the additional costs incurred in these regions as a result of one or several of the permanent restraints to their development listed in Article 349 of the TFEU. Article 3 shall not apply to the specific additional allocation for the outermost regions. ³¹	<i>[no change]</i> <i>Provisional common understanding to be validated at trilogue level</i> 1. The Article 3 shall not apply to the specific additional allocation for the outermost regions shall be used to offset the additional costs incurred in these regions as a result of one or several of the permanent restraints to their development listed in Article 349 of the TFEU.	165.
2. The allocation referred to in paragraph 1 shall support:	<i>[no change]</i>	<i>[no change]</i>	<i>Provisional common understanding to be validated at trilogue level</i> <i>[no change]</i>	166.
(a) the activities within the scope as set out in Article 4;	<i>[no change]</i>	<i>[no change]</i>	<i>Provisional common understanding to be validated at trilogue level [no change]</i>	167.
(b) by way of derogation from Article 4, measures covering operating	<i>[no change]</i>	<i>[no change]</i>	<i>Provisional common understanding to be validated at trilogue level</i>	168.

State aid rules as set out in Articles 107 and 108 of the TFEU. [Am. 26]

³¹ Council position: N.B.: A provision on the specific additional allocation for the northernmost regions with very low population density will be discussed in the context of the discussions on thematic concentration (Art.3). It should be noted that, since according to Art.7(6)ESF+ the specific ESF+ allocation is not part of the regular thematic concentration requirements, the specific ERDF allocation is not to be counted as part of ERDF thematic concentration requirements either.
