Subject: MONTHLY SUMMARY OF COUNCIL ACTS - JUNE 2020

This document lists the acts¹ adopted by the Council in June 2020.²³

It provides information on the adoption of legislative and non-legislative acts, including:

- the date of adoption,
- the relevant Council session,
- the number of the document adopted,
- the Official Journal reference,
- reference to the minutes of the Council session when the act was adopted.

¹ For easy reference, the "short titles" as mentioned in the Council's agendas are also indicated (see in italics).

² With the exception of certain acts of limited scope such as procedural decisions, appointments, specific budgetary decisions, etc.

³ In the case of legislative acts adopted in the ordinary legislative procedure, there may be a difference between the date of the Council's meeting where the legislative act is adopted and the actual date of the act in question, since legislative acts adopted in the ordinary legislative procedure are only considered to have been adopted after signature by both the President of the Council and the President of the European Parliament and the Secretaries-General of the two institutions.

<p>Statement by the Commission</p> <p>The Commission acknowledges the efforts of the European Parliament and of the Council to reach a rapid agreement but the Commission cannot support the amendment to increase the maximum percentage of the European Agricultural Fund for Rural Development that Member States can use for this measure from 1% to 2% of their envelopes. The additional impact on the level of payment appropriations in 2021 may negatively interfere with the on-going negotiations on the multiannual financial framework, and jeopardise other objectives of the Rural Development programmes.</p>

<p>Statement by Finland</p> <p>In general, Finland welcomes the efforts to provide temporary relief for banks to facilitate lending as a matter of urgency during the global pandemic.</p> <p>However, Finland is of the opinion that only temporary amendments and amendments directly targeted at the impacts of the pandemic should be made to the prudential framework in an accelerated procedure without an impact assessment and proper time for the national Parliaments to assess the amendments, as enshrined in Article 4 of Protocol No 1 on the role of national Parliaments in the European Union, annexed to the Treaties.</p> <p>The amendments with support of the qualified majority in the Council and the European Parliament provide additional capital relief for banks. At the same time, they add to the risks stemming from banks' balance sheets. This is something Finland will consider when discussing further risk sharing in the context of the Banking Union. Only a healthy and stable banking sector can continue lending to the real economy throughout the downturn. Finland has particular concerns about the amendments that further strengthen the link between banks and sovereigns in Europe, when in fact a complete review of the regulatory treatment of sovereign exposures should be conducted to ensure that the risks to banks stemming from these exposures are properly reflected in prudential regulation.</p>	
	<p>Statement by Greece</p> <p>Greece recognizes the importance of and welcomes the targeted amendments on the Capital Requirement Regulation in order to facilitate bank lending in response to the COVID-19 crisis. However, Greece regrets the lack of ambition of the final text in two key points:</p> <ul style="list-style-type: none"> a) EU does not make full use of the flexibility provided at international level for the transitional arrangements for IFRS9, thus not ensuring level playing field at international level and within the EU, and b) the temporary re-introduction of "prudential filters" for sovereign exposures is too short, thus limiting the added value of this provision.
