**Submission of the Updated list of Closely Correlated Currencies under Article 354(3) of the CRR**

Dear Mr Berrigan,

In accordance with Article 354(3) of the Regulation (EU) No 575/2013 (the Capital Requirement Regulation, 'CRR'), the EBA is required to develop implementing technical standards establishing a list of closely correlated currencies for the purposes of calculating the capital requirements for foreign-exchange risk according to the standardised rules. Positions in closely correlated currencies are subject to a 4% (instead of 8%) capital charge.

It is my pleasure to submit to you today this updated list of closely correlated currencies as endorsed by the EBA's Board of Supervisors. These standards were developed following the procedure described in Article 15 of Regulation (EU) No. 1093/2010 (EBA Regulation). As previously agreed, the draft implementing technical standards are attached in Legiswrite format.

In addition, the updated list of closely correlated currencies will be published on the EBA's public website.

I look forward to the completion of the process of adoption of the standards.

Yours sincerely,

José Manuel Campa

COMMISSION IMPLEMENTING REGULATION (EU) No .../..

of XXX

**amending Implementing Regulation (EU) 2015/2197 with regard to closely correlated currencies in accordance with Regulation (EU) No 575/2013 of the European Parliament and of the Council**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012<sup>1</sup> and in particular Article 354(3) thereof,

Whereas:

- (1) In order to ensure that the currency pairs referred to in the Annex to Implementing Regulation (EU) 2015/2197<sup>2</sup> continue to reflect the actual correlation between the relevant currencies, it is necessary to update the list of closely correlated currencies.
- (2) The list uses 31 March 2019 as the end date for the purpose of computing the three and five year data series required to assess the currency pairs in accordance with Regulation (EU) No 575/2013.
- (3) This Regulation is based on the draft implementing technical standards submitted by the European Banking Authority (EBA) to the Commission.
- (4) Given that the necessary amendments to Implementing Regulation (EU) 2015/2197 do not involve significant changes in substantive terms and instead merely apply the methodology already established in that Regulation to updated data series, in accordance with the second subparagraph of Article 15(1) of Regulation (EU) No 1093/2010 of the European Parliament and of the Council<sup>3</sup>, EBA has not conducted an open public consultation, considering that it would be highly disproportionate in relation to the scope and impact of the draft implementing technical standards concerned. EBA requested the opinion of the Banking Stakeholder Group established in accordance with Article 37 of Regulation (EU) No 1093/2010.
- (5) Implementing Regulation (EU) 2015/2197 should therefore be amended accordingly,

<sup>1</sup> OJ L 176, 27.6.2013, p. 1.

<sup>2</sup> Commission Implementing Regulation (EU) 2015/2197 of 27 November 2015 laying down implementing technical standards with regard to closely correlated currencies in accordance with Regulation (EU) No 575/2013 of the European Parliament and of the Council (OJ L 313, 28.11.2015, p. 30).

<sup>3</sup> Regulation (EU) No 1093/2010 of the European Parliament and of the Council of 24 November 2010 establishing a European Supervisory Authority (European Banking Authority), amending Decision No 716/2009/EC and repealing Commission Decision 2009/78/EC (OJ L 331, 15.12.2010, p. 12).
