Subject :	Recommendation from the Commission to the Council to authorise the Commission to negotiate on behalf of the Community a multilateral agreement on compensation to third party victims for damage caused by aircraft and arising from acts of unlawful interference or from general risks - Comments by the Cyprus delegation

The Presidency asked our written comments on the Recommendation from the Commission to the Council to authorize the Commission to negotiate on behalf of the Community a multilateral agreement on compensation to third party victims for damage caused by aircraft and arising from acts of unlawful interference or from general risks, which will be discussed on the next General Questions Meeting. Our position is that we too, as other member states, would like the Commission's mandate to be limited only to matters related to the Community's exclusive competence.
