**Proposal for a Council Decision**

**DRAFT**

**DECISION No [.../2020] OF THE CANADA-EUROPEAN UNION JOINT CUSTOMS COOPERATION COMMITTEE CONCERNING THE MUTUAL RECOGNITION OF THE PARTNERS IN PROTECTION PROGRAMME OF CANADA AND THE AUTHORISED ECONOMIC OPERATOR PROGRAMME OF THE EUROPEAN UNION**

THE JOINT CUSTOMS COOPERATION COMMITTEE (“JCCC”),

Having regard to the *Agreement between the European Community and Canada on Customs Cooperation and Mutual Assistance in Customs Matters*, done at Ottawa on 4 December 1997, (“CMAA”), and in particular Article 20 thereof that establishes the JCCC, consisting of representatives of the Customs Authorities of the Contracting Parties to the CMAA;

Having regard to the *Agreement between the European Union and Canada on Customs Cooperation with Respect to Matters Related to Supply-Chain Security*, done at Brussels on 4 March 2013, (“SCSA”), and in particular Article 5 and the provisions relating to the mutual recognition of supply-chain security programmes and its relevant information and data exchange in Article 4 (c), (d) and (f);

Recognising that the European Union (“EU”) and Canada (the “Contracting Parties”) are committed to strengthening their customs cooperation in accordance with the CMAA and SCSA;

Affirming the commitment of the Contracting Parties to facilitate trade and increase supply-chain security through trade partnership programmes;

Affirming that security and safety, and the facilitation of the international trade supply chain, can be significantly enhanced through mutual recognition of the respective trade partnership programmes, namely the Partners in Protection programme (“PIP”) in Canada and the Authorised Economic Operator programme (“AEO”) in the EU;

Affirming that the AEO and PIP programmes are based on internationally recognised security standards advocated by the SAFE Framework of Standards to Secure and Facilitate Global Trade adopted by the World Customs Organization in June 2005;

Considering that site visits and a joint evaluation of the AEO programme in the EU and the PIP programme in Canada have revealed that their qualification standards for security and safety purposes are compatible and lead to equivalent results;

Considering that mutual recognition allows the Contracting Parties to provide facilitative benefits to economic operators who have invested in supply chain security and have been authorised under their respective programmes;

HAS DECIDED AS FOLLOWS:

***Article 1***

***Definitions***

For the purposes of this decision,

“Customs Authority” means Customs Authority as defined in Article 1 of the SCSA, hereinafter referred to collectively as “Customs Authorities” and individually as “Customs Authority”;

“Economic operator” means a party involved in the international movement of goods;

“Personal data” means any information relating to an identified or identifiable individual;

“Programme” means:

(a) in the EU: the AEO programme covering the AEO-Security and Safety (authorisation) and the combined AEO-Customs Simplifications/Security and Safety (AEOC/AEOS) (authorisation);

(b) in Canada: the PIP programme; and

“Programme Members” means economic operators holding AEO membership status in the EU and PIP membership status in Canada as described in the definition of “Programme” when referred to collectively.

## ***Article 2***

### ***Mutual Recognition and Implementation of the Decision***

1. Each Contracting Party shall, through its Customs Authority, recognise the Programme of the other Contracting Party as compatible and equivalent to its Programme and treat Programme Members of the other Contracting Party’s Programme in a manner consistent with Article 4.

2. The Contracting Parties shall implement this Decision through their respective Customs Authorities.

## ***Article 3***

### ***Compatibility***

The Customs Authorities shall cooperate to maintain the compatibility and equivalence between their Programmes, in particular with respect to the following matters:

(a) the application process for granting membership;

(b) the assessment of applications; and

(c) the granting of membership and managing of membership status.

## ***Article 4***

### ***Benefits***

1. Each Customs Authority shall provide benefits to Programme Members of the other Customs Authority that are comparable to the benefits that it provides to its Programme Members.

2. The benefits referred to in paragraph 1 include:

(a) taking the authorised status of a Programme Member of the other Customs Authority into account favourably in its risk assessment, which may result in reducing inspections or controls and, when available, in other security and safety-related measures;

(b) taking the authorised status of a Programme Member of the other Customs Authority into account favourably when assessing the business partners requirements for applicants under its own Programme;

(c) endeavouring to take the authorised status of a Programme Member of the other Customs Authority into account in ensuring priority treatment for Programme Members and their shipments, as deemed appropriate by the Customs Authority

providing the benefits, which may include examination priority, expedited processing, and expedited release of the shipments related to Programme Members; and

(d) endeavouring to establish a business continuity mechanism to provide expedited clearance to Programme Members and their shipments, as deemed appropriate by the Customs Authority providing the benefits, upon restoration of services following an event of disruption to international trade due to increases in security alert levels, border closures or natural disasters, hazardous emergencies or other major incidents.

3. Following the review process referred to in Article 7(2), the Customs Authorities of each Contracting Party may provide, in cooperation with other government authorities in its territory, further facilitation benefits, which may include streamlining processes and increasing the predictability of movement at the border, to the extent possible.

4. Each Customs Authority:

(a) may suspend the benefits provided to Programme Members of the other Customs Authority under this Decision;

(b) shall, within a reasonable time, communicate the suspension described under subparagraph (a) and the reasons for the suspension to the other Customs Authority; and

(c) may only proceed to a suspension pursuant to subparagraph (a) for reasons equivalent to those for which it would suspend the Programme Members from its Programme.

5. Each Customs Authority shall, when it deems appropriate, report irregularities involving Programme Members of the other Customs Authority's Programme to that Customs Authority for the purpose of ensuring immediate analysis of the appropriateness of the benefits and status granted by the other Customs Authority.

6. For greater certainty, this Decision does not limit a Contracting Party or a Customs Authority from requesting information pursuant to the CMAA or other applicable instrument between the Contracting Parties, or between the Customs Authorities.

## ***Article 5***

1. The Customs Authorities shall enhance their communication in order to implement this Decision effectively by:

(a) providing each other with the details on their Programme Members as per Article 5(3);

(d) ensuring effective communication between the competent services of the European Commission and the customs authority of Canada to enhance risk management practices with respect to supply chain security.

2. Exchange of information and communication in the framework of this Decision shall occur between the competent services of the European Commission and the customs authority of Canada unless otherwise mutually decided in advance of an exchange or communication.

3. Upon receiving consent from its Programme Member, each Customs Authority shall send to the other Customs Authority strictly the following details about that Programme Member:

- (a) name;

- (c) membership status, namely authorised, suspended, revoked or cancelled;

For greater certainty, details in subparagraph (c) do not include the reasons for suspension, revocation or cancellation.

4. The Customs Authorities shall exchange the information referred to in paragraph 3 in a systematic manner by electronic means.

## ***Article 6***

8. Each Customs Authority shall provide that Programme Members have access, as it relates to their personal data, to administrative redress or judicial review regardless of their nationality or country of residence.

9. The Customs Authorities shall publish information to inform Programme Members of their options of seeking administrative redress or judicial review.

10. Compliance with the provisions in Article 6 by each Customs Authority is subject to review by their respective relevant authority, which ensures that complaints relating to non-compliance in the treatment of information are received, investigated, responded to, and appropriately redressed.
